To Order More Cars-

The Federal Court at Chicago on Sept. 22 authorized the company to purchase 1,500 new freight cars for \$4,856,000.—V. 160, p. 977.

American Airlines, Inc.—August Traffic Statistics—

All-time highs in passenger, mail and express figures for American Airlines were established during August, it was announced on Sept. 26 by Charles A. Rheinstrom, Vice President in charge of traffic.

Revenue passenger miles flown in August have reached the unprecedented peak of 57,532,652—more than four million more than were flown during the previous month. The total mail load for the month of August increased 207 tons over July, while mail ton miles jumped from 874,731 to 1,031,970. Tons of express carried during August totaled 1,164, and express ton miles mounted to the record figure of 530,001.

Nearly fifty thousand more revenue passengers were carried during the first eight months of 1944 than during the corresponding period of 1943. Comparison of the two eight-months periods show substantial increases in all phases of American Airlines' traffic.—V. 160,

American Cable & Radio Corp.—Retirement of Bonds -Additional Stock Issued-To Merge Subsidiaries-

Additional Stock Issued—To Merge Subsidiaries—
On July 24, 1944, as a part of a program for the debt retirement and simplification of the corporate structure of the corporation and its subsidiaries, all of the outstanding income debentures of All America Corp. and Commercial Mackay Corp., in the principal amounts of \$1,987,100 and \$3,369,800, respectively, and the common stock purchase warrants of the corporation were called for redemption on Sept. 1, 1944. In addition, All America Corp. expects shortly to pay its serial notes held by The National City Bank of New York in the amount of \$2,394,000. Corporation and its subsidiaries will then have no indebtedness other than for supplies, current traffic balances and taxes. It is contemplated that in the near future All America Corp. and Commercial Mackay Corp. will be merged into the corporation as a result of which the corporation will hold directly 100% of the outstanding shares of Mackay Radio and Telegraph Co. and The Commercial Cable Co. and 99.9% of the outstanding shares of All America Cables and Radio, Inc., and Sociedad Anonima Radio Argentina.

A total of 435,769½ shares of common stock of the corporation were purchased through the exercise of warrants called for redemption, the corporation receiving therefor \$162,100 principal amount of income debentures of Commercial Mackay Corp. and 83,627,200 in cash. As a result the corporation now has outstanding 3,476,268 shares of stock. In addition, 38,617 shares of stock (out of 875,047 shares held in the treasury) are being reserved for sale in England at the warrant subscription price to holders of warrants located in Great Britain, Northern Ireland and Eire who, because of war conditions, did not receive notice of the 1edemption of warrants located in Great Britain, Northern Ireland and Eire who, because of war conditions, did not receive notice of the 1edemption of warrants located in Great Britain, Northern Ireland and Eire who, because of war conditions, did not receive notice of the 1edemption of warrant

American Can Co .- To Resume Civilian Output-

The company on Sept. 16 announced that its Atlanta (Ga.) branch, closed down partially for nearly two years because of metal shortages, will resume operations in the galvanizing department Oct. 1 and will produce garbage cans, washtubs and water pails at capacity.

It will be the first of the company's branches to be reopened for manufacture of essential civilian goods.—V. 160, p. 825.

American Car & Foundry Co.—Passenger Car Capacity Doubled at St. Charles Plant-

Looking forward with confidence to the modernization program now being planned by our progressive railroads for the post-war period, the company on Sept. 21 announced a very considerable expansion of passenger car building facilities at its St. Charles, Mo. plant.

pansion of passenger car building facilities at its St. Charles, Mo. plant.

The new additions which will comprise two new one-story buildings of saw-tooth construction, covering 90,000 square feet, will include a new coach shop, a truck and a forge shop. There will be 11 tracks for setting 33 passenger cars of maximum length, at one time; and transfer tables for handling cars and manufacturing equipment.

These additions represent the major part of a program which will involve the expenditure of \$1,500,000, according to Frederick A. Stevenson, President, and will result in the St. Charles plant being one of the finest and most modern passenger car plants in this country, with double the present capacity.

The plant is new booked with the largest program of passenger train equipment in its history and the new construction now started at St. Charles will go a long way towards expediting delivery of important work now on the company's books, the announcement said. The plant is now concentrating on the building of 100 hospital cars for the U. S. Army. These cars were especially designed for the care of our wounded.—V. 160, pp. 1073 and 825.

American Furniture Mart Building Co., Inc.—Sells \$3,-250,000 Mortgage Bonds to Four Insurance Companies-The company, it was announced Sept. 27, has sold an issue of \$3,250,000 first mortgage 31/2 % sinking fund bonds privately to four insurance companies. They are The Mutual Life Insurance Co. of New York, New England Mutual Life Insurance Co., Mutual Benefit Life Insurance Co. and the Life Insurance Co. of Virginia. The

proceeds, together with other funds of the company, are. to be used to retire the outstanding first mortgage 6% bonds due in 1955.—V. 160, p. 977.

American Power & Light Co.—Sub. to Pay \$350,000

Texas Public Utilities Corp., a wholly-owned non-utility subsidiary, has asked the SEC to authorize the payment by it of \$350,000 to its parent on account of past due indebtedness. American intends to utilize the proceeds in retirement of its outstanding debentures, for in other securities or for other corporate purposes investment V. 160, p. 1178.

American Stores Co.-Renegotiation of Contracts-

The company reports the Government made no recovery through renegotiation of contracts of this company and its subsidiary, American Store Dairy Co., for the year 1943.—V. 160, p. 1289.

American Tobacco Co.—Considering \$100,000,000 Bond Financing—The company, it was announced Sept. 27, is considering issuing \$100,000,000 debentures through a syndicate headed by Morgan Stanley & Co., to provide additional funds to position it to meet expected future requirements for the purchase of leaf tobacco.-V. 160,

American Water Works & Electric Co., Inc.—Output—

Power output of the electric properties of this company for the week ending Sept. 23, 1944 totaled 84,414,000 kwh.. an increase of 2,92% over the output of 82,021,500 kwh. for the corresponding week of 1943.—V. 160, p. 1289.

American Welding Co., Carbondale, Pa.-New Member of Executive Committee-

At a meeting of the board of directors, held Sept. 19, Frederick A. Stevenson was elected a member of the executive committee.

American Zinc, Lead & Smelting Co.-Secondary Offering-Allen & Co. on Sept. 21 made a secondary offering of 5,300 shares of prior preferred stock \$5 cumulative at a fixed price of \$48, less a concession of \$2.50 per share to members of NASD. The offering was oversubscribed.

To Pay \$1.25 Accrued Dividend—

A dividend of \$1.25 per share has been declared on account of accumulations on the \$5 cumul. conv. prior preferred stock, par \$25, payable Nov. 1 to holders of record Oct. 13. A similar distribution was made on Feb. 1, May 1 and Aug. 1, this year, on March 5, May 1, Aug. 2 and Nov. 1, 1943, and in each quarter from Feb. 1, 1940 to and incl. Nov. 2, 1942. Arrearages after payment of the dividend just declared will amount to \$1.25 per share.—V. 160, p. 978.

Anglo-Iranian Oil Co., Ltd.—Dividend—Earnings-

The corporation has declared a final dividend of 15% less tax, on

the ordinary stock, making a total of 20% for the year 1943, against 20% in the preceding year.

The preliminary statement for the year ended Dec. 31, 1943, shows a net profit of £5,639,122, as compared with £7,790,282 in the preceding year. The decrease in net, it was stated, resulted from the excess profits tax.—V. 159, p. 2.

J. P. Johnson has been elected Executive Vice President and J. E. Allen a Vice President.—V. 160, p. 1179.

Associated Electric Co.—To Sell Subsidiary—

Company has asked the SEC for permission to sell its entire investment in Missouri General Utilities Co., Rolla, Mo., for \$1,610,000.

The purchasers and the proportionate amount to be paid by each are: Genevieve Electric Cooperative, Inc., \$991,000; Intercounty Electric Cooperative Association, \$70,000; Scott-New Madrid-Mississippl Cooperative Association, \$52,060; Black River Electric Cooperative, \$45,000; Crawford Electric Cooperative, Inc., \$42,000, and the city of Rolla, \$410,000. The city of Rolla would pay its portion with \$50,000 and \$360,000 in revenue certificates to be resold by Associated to Barleton B. Beh Co., Des Moines, Iowa, for \$360,000.—V. 160, p. 1289.

Associated Gas & Electric Co.-Weekly Output-

The trustees of the Associated Gas & Electric Corp. report for the week ended Sept. 22, 1944, that net electric output of the Associated Gas & Electric group was 127,672,397 kwh., an increase of 6,315,528 kwh., or 5.2% over the corresponding week of 1943.—V. 160, p. 1290.

Associated Public Utilities Corp.—Extra Dividend-

Associated Public Utilities Corp.—Extra Dividend—
The directors on Sept. 22 declared a dividend of 10 cents per share and an extra dividend of 10 cents per share on the common stock, no par value, both payable Oct. 14 to holders of record Sept. 30. A distribution of 10 cents was made on April 29, last; on April 1 and Oct. 1, 1943, and on April 15 and Oct. 15, 1942.
Holders of five-year convertible secured gold bonds of Utilities Public Service Co., or certificates of deposit issued in respect of such bonds, who have not exchanged them for common stock of Associated Public Utilities Corp. in accordance with the amended plan of reorganization, dated May 1, 1937, of Utilities Public Service Co., will receive the dividend payable upon the stock issuable to them (in the ratio of 50 shares for each \$1,000, principal amount, of bonds or certificates of deposit) only after surrender of their bonds or certificates of deposit to the Huntington National Bank of Columbus, Columbus, Ohio.—V. 160, p. 322.

NOTE—For mechanical reasons it is not always possible to arrange companies in exact alphabetical order. However, they are always as near alphabetical position as possible.

Barcelona Traction, Light & Power Co.—New Director

J. B. Alley, New York, has been elected a director to fill the vacancy created by the death of the Marques de Alella.

Exchange restrictions prevent the sending of funds from Spain except for purchase of materials and equipment. Therefore gross income accruing to the company in the past year has not been received and it is impossible to resume payment of interest on the prior lien or first mortgage bonds, Henri Speciael, Chairman, told the stockholders at the recent annual meeting.

Spain has already concluded agreements with several countries for the settlement of international obligations, and it is hoped that the improvement in the Spanish situation and its increased accumulation of sterling credits will permit transfers for financial purposes, he said.

W. B. Maxwell, President, in an interim report to the shareholders

on Sept. 12 stated in part:
"An interim report issued to shareholders for the period ended Jan. "An interim report issued to shareholders for the period ended Jan. 31, 1944, outlined a plan to rehabilitate the Beattie mine and develop the new Donchester ore body. Also at that time the shareholders were advised of a method by which the undertaking could be financed. "The plan mentioned above has now been under way for a period of eight months and considerable progress has been made in removing the clay from the Beattie shaft and mine workings, developing the Donchester ore for production, and pumping the clay out of the glory hole.

'A considerable proportion of the funds expended during the last

"A considerable proportion of the lands expended during the last 15-month period have been used in preparing the Donchester property for actual production.

"As proposed in the report to the shareholders of Jan. 31, 1944, the plants commenced production on a 600 ton per day basis but, due to the labor shortage, it has been impossible to maintain this tonnage rate; consequently, the operation from a financial standpoint has not been on a self-supporting basis.

been on a self-supporting basis "In reviewing the situation, the directors have decided that it would better to discontinue production and, instead, carry out the fol-

Continue the production of arsenic from stocks in storage.

"1. Continue the production of arsenic from stocks in storage.

"2. Increase development work on the 4th, 5th and 6th levels in the new Donchester ore body; also carry out further exploration work by diamond drilling below the 6th level in this ore zone.

"3. Continue removal of clay from the Beattie mine.

"Under this program, production of gold will be discontinued for the time being. Pumping clay from the glory hole and filling it with gravel will similarly be postponed until the plant is again back on a production basis, which it is expected will be in March, 1945.

"The financial position of the company as at Sept. 1, 1944, shows an indebtedness of \$512,000 in the form of a loan from The Canadian Bank of Commerce. It is estimated that the cost of carrying out the new program over a seven-month period will be approximately a further \$500,000. Assurance has been received that these additional funds will be made available by further loans from the Bank and the two largest shareholders—Ventures Ltd. and The Nipissing Mining Co., Ltd.

"Incidentally, in addition to its own property, the company holds 104,500 shares of Frobisher Exploration Co. Ltd., which cost \$1.23 per share, and substantial blocks of shares in Horne Fault Mines Ltd. and other prospects in Northern Quebec now in the process of exploration."

other prospects in Northern Quebec now in the process of exploration.'

Bell Telephone Co. of Canada-New President-

Frederick Johnson, Vice-President in charge of accounts and finance since 1935, has been appointed President, succeeding Charles F. Sise, who will continue as Chairman of the board The changes are effective Nov. 1.-V. 159, p. 1967.

Bendix Aviation Corp.—New Vice-Presidents—

Roy T. Hurley has been elected Vice-President and has been assigned the special problem with which the corporation is confronted in the reconversion and immediate post-war period.

The new responsibilities which Mr. Hurley, formerly staff executive on production matters, will assume, deals particularly with the corporation's requirements for plants and facilities, factory layout and tooling of the corporation's products, Ernest R. Breech, President,

Mr. Hurley will remain responsible for getting into production and accelerating output of certain important new war material products of the corporation which it has developed in cooperation with the armed services, it was stated.

A. A. Kucher, director of research and Chairman of corporation's long-range planning committee, has also been elected a Vice-President. He is head of the central research laboratories in Detroit and has charge of investigating and developing new product activities and new business opportunities for Bendix through the long-range planning committee's work, it was stated.—V. 160, p. 1290.

Best Foods, Inc.—Two New Directors, Etc.—

George C. Spitzmiller, Vice-President in charge of sales, and Harold Viedt, Vice-President in charge of production, have been elected

At the annual meeting held on Sept. 27, the stockholders approved an employes' retirement income plan, effective as of July 1, 1944, under which all employes of the company and its subsidiary, the Standard Milling Co., are eligible at no cost to themselves. The plan will be administered under a trust agreement with the Bankers Trust Co. of New York.—V. 160, p. 978.

Birmingham Electric Co.—Bonds Offered—Offering of \$10,000,000 first mortgage bonds, 3% series due 1974, was made Sept. 27 by a banking group headed by Smith, Barney & Co. and Blyth & Co., Inc., as joint managers. The bonds were priced at 101 and accrued interest. Other members of the offering group are Harriman Ripley & Co., Inc.; Glore, Forgan & Co.; A. G. Becker & Co., Inc.; Central Republic Co.; Hayden, Stone & Co.; Spencer Trask & Co., and the Wisconsin Co.

cer Trask & Co., and the Wisconsin Co.

The bends were awarded Sept 25 on a bid of 100.13. Other bids received were Lehman Bros., 102.101 for 3½s; Kidder, Peabody & Co., 102.039 for 3½s, Halsey, Stuart & Co., Inc., 101.888 for 3½s; and the First Boston Corp., 101.539 for 3½s.

Dated Aug. 1, 1944; due Aug. 1, 1974. Interest payable Feb. 1 and Aug. 1 at principal office of Central Hanover Bank and Trust Co., New York, N. Y., corporate trustee. The annual sinking fund, commencing in 1945 and continuing so long as any 1974 series bonds are outstanding, or until the sinking fund requirements aggregate \$3,000.000, is designed (on the basis of the initial issue of \$10,000,000 principal amount) to retire \$2,900,000 of 1974 series bonds.

Bonds will be redeemable at the option of the company in whole or in part, at any time on at least 30 days notice at certain general redemption prices. Bonds will also be redeemable for current sinking fund or replacement fund requirements or with such proceeds of the demption prices.

Company—The company was incorp. in Alabama, Mar. 25, 1924, for perpetual duration. It is a public utility company operating in the County of Jefferson, Ala., and is a subsidiary of National Power & Light Co. and of Electric Bond and Share Co. Company is engaged, as a public utility, in the purchase and distribution of electricity, transportation of passengers, and generation and distribution of steam for heating nurposes and activities incidental to such operation. It

for heating purposes, and activities incidental to such operation. It has no subsidiaries.

For the 12 months ended May 31, 1944, operating revenues were \$12,081,659, of which approximately 59% was derived from the sale of electric service, 40% from transportation service, and 1% from sale of steam heating service.

Purpose—Net proceeds (estimated \$9,908,000) to be received by the company, together with such additional cash (estimated \$192,000) from general funds as may be required, will be used for the purpose of redeeming, at 101% and int., all of the company's \$10,000,000 1st & ref. mtge. gold bonds, 4½% series, due 1968.

(Sidney) Blumenthal & Co., Inc.—Purchase Fund—

The company has set aside \$220,000 as an advance payment for the sinking fund, to be applied to the purchase or redemption of preferred stock. To the extent that these funds are not applied to the purchase of preferred stock, they will be used to redeem preferred stock on April 1, 1945, at \$110 per share.—V. 160, p. 826. -V. 160, p. 1290.

Borg-Warner Corp.—Plans Expansion—

Borg-Warner Corp.—Plans Expansion—
Total post-war employment in all plants of the corporation's Norge division will exceed that of the best- peacetime year by 50% on the basis of present plans which call for the expenditure of "very substantial sums" for expansion of production facilities, Howard E. Blood, President, announced on Sept. 16.

He also stated that the company has mapped out a program which will cut to a very minimum potential unemployment in the reconversion period and accelerate new employment.

Norge is prepared to go into limited production of consumer goods even before conclusion of its present war contracts provided the appropriate government agencies cooperate in making labor and materials available as war needs decline, he stated.

"This program," Mr. Blood continued, "would permit us to increase consumer goods output in somewhat the same ratio as war production is curtailed and would, at the same time, minimize the employment gap incident to reconversion, speed the increase in new employment and be of inestimable aid in placing returning veterans in permanent jobs best suited to them." jobs best suited to them.'

jobs best suited to them."

Pointing out that the company has experienced a 40% increase in plant capacity since the start of the war, Mr. Blood stated that present plans also contemplate the continuation of operations in a Muskegon plant which was acquired at the start of the war for the production of Oerlikon gun mounts. Motor-compressor refrigeration units will be manufactured in this factory post-war. The firm is now in limited production of standard pre-war gas ranges which are available to those with Office of Price Administration certificates

New Vice-President-

T. L. Knecht, former factory manager of Borg & Beck, a Chicago division, has been appointed Vice-President and General Manager of the division. J. T. Brandt becomes factory manager.—V. 160, p. 723.

Boston & Albany RR.-New Directors-

Howard M. Biscoe Jr., of Whitings, Weeks & Stubbs of Boston, Mass., has been elected a director to fill the vacancy caused by resignation of John R. Macomber. George L. Wrenn 2nd, Vice-Treasurer of Provident Institute of Savings, has been elected to fill the vacancy on the board caused by the death of Robert H. Gardiner.—V. 159.

lien and refunding mortgage 5% gold bonds, series B, due May 1, 1957, at 103 and interest. Payment will be made at the City Bank Farmers Trust Co., trustee, 22 William St., New York, N. Y.

Holders of either of the above two issues may receive full payment immediately by presenting the bonds at the office of the trustee.

Stock To Be Placed on a Quarterly Dividend Basis-The directors on Sept. 27 declared a dividend of 25 cents per share on the no par value common stock, payable Nov. 1 to holders of record Oct. 7, and voted to pay dividends on this issue in the future on a quarterly basis. Distributions of 25 cents each were made on May 1, 1944, and on May 1 and Nov. 1, 1943.—V. 160, p. 1290.

Burry Biscuit Corp.—Forms Two New Units—
George W. Burry, President, on Sept. 19, disclosed the formation of two subsidiaries to ergage, respectively, in the manufacture and distribution of such divergent lines as cleaning and polishing preparations and oral hygiene products, household deodorants and cosmetics. The new subsidiaries, which will market their products principally through outlets established by the parent company for its varied food lines, are the Poly Clene Co., Inc., and the Lucident Co., Inc. Mr. Burry, for the present, has assumed the Presidency of the former, while Samuel Lehrer, previously an executive with the Lehn & Fink Products Corp., has been named President of the latter subsidiary.

Preparations for the new enterprises, Mr. Burry said, have been under way for several months. The new products themselves, he added, have resulted from extensive research at a laboratory established in East Orange, N. J., more than a year ago. Processing and packaging operations of both subsidiaries are to be conducted in a newly leased plant building in Newark, N. J.—V. 159, p. 2630. Burry Biscuit Corp .- Forms Two New Units-

Campbell, Wyant & Cannon Foundry Co.—Expansion Jesse Jones, Secretary of Commerce, has announced that the Defense Plant Corporation has authorized an increase in its contract with the above company to provide additional equipment at a plant in Muskegon, Mich., at a cost of approximately \$170,000, resulting in an overall commitment of approximately \$2,270,000—V. 160, p. 979.

Canadian Breweries Ltd.—Debentures Offered—Burns Bros. & Denton, Ltd. and W. C. Pitfield & Co., Ltd., recently offered in the Canadian market \$800,000 41/2% serial debentures at 101 and interest to yield over 4.40%.

Dated July 1, 1943; to mature \$400,000 on July 1, 1961 and \$400,000 n July 1, 1962 Principal and interest (Jan 1 and July 1) and on July 1, 1962. Principal and interest (Jan. 1 and July 1) and redemption premium, if any, payable in lawful money of the Dominion of Canada at par at any branch in Canada (Yukon Territory excepted) of the company's bankers designated in the debentures as paying agent for this issue. Redeemable as a whole or in part at the option of the company at any time prior to maturity on 30 days' notice. If part only of the debentures are to be redeemed by call such redemption shall be made in order of maturity beginning with the earliest maturity then outstanding and no debentures shall be called for redemption while debentures of any earlier maturity are outstanding; and such redemption must include all and not part of any maturity so to be redeemed. Redemption prices are as follows: are outstanding; and such redemption must include all and not part of any maturity so to be redeemed. Redemption prices are as follows: 103 and up to and including July 1, 1948, thereafter decreasing ¾ of 1% for each year or fraction thereof up to and including July 1, 1955, and thereafter at 101 prior to maturity, in each case with accrued interest to the date of redemption. Company may at any time purchase for cancellation debentures on the market or by private contract at prices not exceeding the current redemption price. Coupon debentures registerable as to principal in Toronto or Montreal in interchangeable denominations of \$1,000 and \$500. These debentures to be issued under trust deed dated as of July 1, 1943, and indenture supplemental thereto. Trustee: National Trust Co., Ltd.

In the opinion of counsel these debentures will be a legal investment for funds of Insurance Companies registered under the Canadian and British Insurance Companies Act, 1932, (Dominion) as amended.

—V. 160, p. 1180.

Canadian Celanese Ltd.—Debentures Placed Privately Nesbitt, Thomson & Co., Ltd. recently placed privately \$5,000,000 31/2 % 15-year debentures.

The issue will rank as the senior security, followed by 100,000 shares of 7% preferred stock (par \$100), 62,585 income funding rights,

and 260,409 shares of common stock, (no par).

While Company, which commenced operations at Drummondville in 1928, expanded and developed through the depression period as well as the war years, a further expansion program underlies the present issue of debentures. For the new money is for the purpose of expanding the company's manufacturing facilities at Drummondville to provide increased productive capacity—for the manufacture of plastics, chemicals and fabrics—and to increase the working capital. The extent of the projected development is indicated in the estimated increase in the number of employees from the current total of around 3,000 to that of 5,000 when the program is completed.

Earnings of the company for the first six months of 1944, shows operating profits of \$2,432,000 and total income of \$2,506,000. After allowance for depreciation and amortization of patents and trade marks, the balance of \$2,208,000 was at the rate of over 25 times the annual interest charges on the new debentures. Over the period of seven years to Dec. 31, 1943, interest on these debentures, on a similar basis, was earned 17 times, and during the final three years, earnings represented over 24 times such interest.—V. 160, p. 1077.

Central Vermont Public Service Corp. - Financing Conditionally Approved by the SEC-

The Securities and Exchange Commission on Sept. 22 conditionally approved the financing plan of the corporation.

Under the plan Central Vermont proposes to offer at competitive bidding 37,856 shares of preferred stock (\$100 par), including the handling of an exchange offer to present preferred stockholders. The dividend rate of the new preferred is also to be determined by competitive bidding but is not to exceed 4½ and the initial offering price is to be not less than \$102.50 nor more than \$107 per share.

The company will offer to its present stockholders the opportunity to exchange \$6 preferred stock for the new preferred stock on a share for share basis, plus a cash adjustment and accrued dividends on the \$6 preferred stock to the exchange date. Any shares not exchanged will be called for redemption at the redemption price of \$107.50 per share plus accrued dividends. The underwriters will offer the unexchanged balance of the new preferred stock to the public.

The Commission's approval is conditioned upon the transactions being approved by the Vermont Public Service Commission and the New Hampshire Public Service Commission and the approval of stockholders of Central Vermont.—V. 160, p. 1290.

Chesapeake & Ohio Ry .- Equip, Issue Awarded group of commercial banks headed by the National City Bank of Cleveland was the successful bidder Sept. 28 for an issue of \$2,200,000 13/4% equipment trust certificates dated Oct. 1, 1944, and maturing in ten equal installments beginning on Oct. 1, 1945. The bankers won the award on a bid of 99.807 or, an interest cost basis to the company of approximately 1.787%.

Other banks in the purchasing group are: National Bank of Detroit; First National Bank of Cincinnati; Marine Trust Co. of Buffalo; Marine Midland Trust Co. of New York and First and Merchants National Bank of Richmond, Va.

Other bids received for the issue, all specifying a 134 coupon were Halsey Stuart & Co., Inc., 99.695; Salomon Brothers & Hutzler, 99.569; Harris, Hall & Co. (Inc.), 99.513, and Central Hanover Bank & Trust Co., 99.08 for 1%s.

Equipment Trusts Authorized-

The ICC on Sept. 11 authorized the company to assume obligation and liability in respect of not exceeding \$2,560,000 of (third equipment trust of 1944) 134% serial equipment-trust certificates to be issued by the City Bank Parmers Trust Co., as trustee, and sold at 100.10 and accrued dividends in connection with the procurement of certain

The report of the Commission states:

The certificates were offered for sale through competitive bidding. Invitations to bid also were sent to 124 firms, each bidder being required to designate, in multiples of one-eighth of 1%, the rate of dividends to be borne by the certificates. In response 5 bids representing 32 parties were received. The best bid, 100.10 and accrued dividends, based on a rate of 134%, was received from the New York Trust Co. and has been accepted. On this basis the average annual cost of the proceeds to the applicant will be approximately 1.73%. The Commission on Sept. 19 authorized the company to assume obligation and liability in respect of not exceeding \$2,500,000 (fourth equipment trust of 1944) 134% serial equipment-trust certificates to be issued by the Chase National Bank, New York, as trustee, and sold at 99.75 and accrued dividends in connection with the procurement of certain equipment. The report of the Commission states:

at 99.75 and accrued dividends in connection with the procurement of certain equipment.

The report of the Commision states:

The certificates were offered for sale through competitive bidding and invitations to bid were also sent to 124 firms, each bidder being required to designate in multiples of one-eighth of 1% the rate of dividends to be borne by the certificates. In response thereto 6 bids representing 33 parties were received. Identical bids of 99.75 and accrued dividends for a dividend rate of 1% were received from Halsey, Stuart & Co., Inc. and 17 associates, and the National City Bank of Cleveland and 5 associates, these bids being the best received. With the consent of the National City Bank of Cleveland, on behalf of itself and associates, the bid of Halsey Stuart & Co., Inc. and associates has been accepted. On this basis the average annual cost of the proceeds to the applicant will be approximately 1.80%—

Calls \$131,000 of Bonds-

Chicago, Attica & Southern RR.—Abandonment Denied The ICC recently denied the application of the company for permission to abandon a line of railroad extending northerly from Veedersburg to Morozco, approximately 59.1 miles, in Newton, Benton, Warren, and Fountain Counties, Ind.—V. 158, p. 766.

Chicago Milwaukee St. Paul & Pacific RR .- Committee Seeks Formal Authorization From Bondholders to Represent Them In Reorganization-

The protective committee for holders of 50-year 5% mortgage gold bends, series A, due Feb. 1, 1975, headed by E. Stanley Glines, as Chairman, is seeking formal authorization from the bondholders to represent them in matters relating to the reorganization proceedings.

This committee, known as the Glines Committee, was chosen at a meeting of bondholders called by the Guaranty Trust Co., the mortgage trustee, in February, 1938, and thereafter it was permitted to intervene in the reorganization proceedings. The committee has been active in all the proceedings and joined with the mortgage trustee in urging before the Supreme Court the recognition of the prior rights of senior bonds.

On April 10, 1944, in a supplemental report and order, the ICC

On April 10, 1944, in a supplemental report and order, the ICC approved the plan of reorganization, which was later approved by the U. S. District Court with slight modifications, and appeals from the court's order are now pending before the Circuit Court of Appeals. It is anticipated that the plan shortly will be submitted to the bond-holders for their vote, and that there will be further proceedings before

the court.

Bondholders are urged to get in touch with Howard S. McMorris,
Bondholders are urged to get in touch with Howard S. McMorris,
Bondholders are urged to get in touch with Howard S. McMorris,
Bondholders are urged to get in touch with Howard S. McMorris,

Secretary of the committee, 20 Pine St., New York 5, to obtain copies of the form of authorization.

Other members of the committee are Morton H. Fry, Charles E. Storey and C. Oliver Wellington. Hodges, Reavis, Pantaleoni & Downey are counsel.

No interest on 5% Convertible Adjustment Mortgage Bonds, Series A-

Company has taken no action with respect to declaring any interest to be due and payable on Oct. 1 on the 5% convertible adjustment mortgage gold bonds, series A, due 2000, and Coupon No. 35, maturing Oct. 1, 1944, has no value. Accumulation of cumulative interest on the adjustment mortgage bonds will be paid (but, without interest thereon) against future coupons when and as declared by the board of directors in accordance with the adjustment mortgage.—V. 160, p. 980.

Chicago & North Western Railway-Equipment Trust Certificates-

The ICC on Sept. 19 authorized the company to assume obligation and liability in respect of not exceeding \$5,180,000 134% equipment-trust certificates, to be issued by the Continental Illinois National Bank & Trust Co. of Chicago, as trustee, and sold at 99.229% of par and accrued dividends in connection with the procurement of certain equipment.

The report of the Commission states in part: The certificates were offered for sale through competitive bidding, and invitations for bids were sent to a large number of bankers, banks, trust companies, and life insurance companies, the bidders being required to indicate whether the bids were submitted on the basis of a 10- or 15-year trust and to name the rate of dividends to be borne by the certificates in mutiples of one-eighth of 1% per annum. In response thereto 6 bids representing 35 parties were received. The best bid, 99.229% and based on a 10-year trust and a rate of 134% per annum, was made by Halsey, Stuart & Co., Inc., and 15 associates, and has been accepted. On these basis the average annual cost of the proceeds to the applicant will be approximately 1.90%.—V. 160, p. 1292.

Purchase of Choctaw & Memphis Bonds Authorized-

Federal Judge Michael L. Igoe on Sept. 26 authorized Joseph B. Fleming and Aaron Colnon, trustees of the above road, to purchase any or all first mortgage bonds of the Choctaw & Memphis RR. Co. at the most favorable prices at which they can be bought. He stipulated that prices should not exceed \$1,450 for each \$1,000 bond, including brokers' fees and commissions.—V. 160, p. 980.

Chicago Surface Lines — City to Withdraw Offer to Buy Surface and Elevated Lines-

The Chicago City Council has moved to withdraw its offer of \$85,000,000 for the Chicago Surface Lines and Elevated railway lines. The Council's transportation committee will prepare an ordinance to this effect, to be presented to the entire Council.

At the same time the committee will recommend to the Council that the city place orders without delay for 500 bases and 130 subway cars, to cost not in excess of \$11,500,000.—V. 160, p. 1292.

Chicago Union Station Co.—Securities Authorized-

Chicago Union Station Co.—Securities Authorized—
The ICC on Sept. 4 authorized the company to issue \$37.800,000 first mortgage, series 6, 2%% bonds, and not exceeding \$6,200,000 of guaranteed serial notes, the bonds to be sold at 100.639 and the guaranteed notes at par in each case with accrued interest, and the proceeds used in connection with the redemption of \$44,000,000 of 3%% first mortgage bonds, series E.

Authority was granted to the proprietary companies to assume obligation and liability, as guarantors by endorsement, in respect of the pament of the principal of and interest on, such bonds and notes and payments into a retirement fund for first mortgage bonds.

The report of the Commission states in part:

The bonds and the notes were offered for sale through competitive bidding. The bidders for the bonds were requested to submit bids for the entire issue, such bids to be approximately, but not less than, the principal amount thereof and accrued interest, and to designate in multiples of % of 1% the rate of interest to be borne by the bonds. In response thereto, 3 bids, representing 181 parties, were received. The best bid, 100.639 and accrued interest, at a rate of 2% per annum, was made by Kuhn, Loeb & Co. and 50 associates, and was accepted. On this basis the average annual cost of the proceeds to the Station company will be approximately 2.83%.

The bidders for the serial guaranteed notes were requested to submit bids for all of the notes, such bids to be approximately, but not less than, the principal amount thereof and accrued interest, and to designate in multiples of 1/20 of 1% the rate of interest to be borne by each of the 19 maturities of such notes. In response thereto, 4 bids, representing 181 parties, were received. The best bid was made by the First National Bank of Chicago and 15 associates and was accepted. This bid offered par and accrued interest for the notes for the 19 respective semi-annual maturities at the following rates per annum, beginning with the earliest maturity, July 1,

Series "E" 33/4 % Bonds Called-

All of the outstanding 1st mtge. 334% bonds, series "E", due July 1, 1963, have been called for redemption as of Jan. 1, 1945, at 108 and int. Payment will be made at the Continental Illinois National Bank & Trust Co., 231 So. La Salle St., Chicago, Ill., or, at the option of the holder, at the effice of The Pennsylvania RR. Co., 380 Seventh Ave., New York, N. Y.

The above mentioned bonds will be accepted and paid upon presentation of the others of the above paymed agencies at any time prior to

tation at either of the above named agencies at any time prior to the redemption date at the redemption price and accrued dividends to Jan. 1, 1945.—V. 160, p. 828.

Assets—Cash and cash items. \$1.127,993; U. S. Treasury savings notes, at tax payment value, \$100,266; accounts receivable, \$228,697; inventories, \$3.367,971; other assets, \$233,692; advances and investments, \$491,083; property, plant and equipment (less reserves for depreciation of \$3,580,594), \$3,547,367; deferred charges, \$141,673; total, \$9,238,931.

Liabilities—Trade accounts payable, \$498,611; dividends declared, payable July 14, and Oct. 16, 1944, \$127,500; joint owners of gin properties, \$36,344; subsidiary companies, \$13,503; accrued local taxes, \$44,769; accrued Federal capital stock tax, \$12,500; insurpnce accrued, \$16,480; Federal and State taxes on income, \$107,196; capital stock (\$10 par), \$2.550.000; capital surplus, \$1,357,456; earned surplus, \$4,474,572; total, \$9,238,931.—V. 159, p. 1144.

Chrysler Building (W. P. Chrysler Building Corp.), N. Y. City—Plans \$3,000,000 Addition—

Plans for a 38-story office building on East 42nd and East 43rd Sts., New York City, as an addition and annex to the Chrysler Building, which occupies adjoining land on Lexington Avenue, were filed on Sept. 26 with the Department of Housing and Buildings.

The plans were presented by Reinhard & Hofmeister, architects, in

behalf of the W. P. Chrysler Building Corp., owners of the Chrysler

behalf of the W. P. Chrysier Building Corp., owners of the Chrysier Building.

The addition will occupy the property at 142-56 East 43rd St., 670-76 Third Ave. and 145-47 East 42nd St. Parts of the new structure will be built into the existing setbacks of the Chrysier skyscraper, with additional columns planned for the present building to carry the additional weight. Connections between the two buildings will be provided on various floors and also installed through present leased space under agreement with lessees, the plans reveal. ("New York Times.").—V. 136, p. 2249.

Cities Service Power & Light Co.—To Sell Units—

Company has filed with the SEC a proposal to sell all the 3,500 shares of capital stock of Pueblo (Col.) Gas & Fuel Co. to Public Service Co. of Colorado for \$400,000, subject to adjustment.

Proceeds would be applied by Cities Service Power & Light to the prepayment of bank notes held by the Chase National Bank.

United Light & Power Co., it is understood, is negotiating for the purchase of the St. Joseph (Mo.) Railway, Light, Heat & Power Co.

The latter company is controlled by Cities Service Power & Light Co.

—V. 160, p. 980. -V. 160, p. 980.

NOTE—For mechanical reasons it is not always possible to arrange companies in exact alphabetical order. However, they are always as near alphabetical position as possible position as possible.

City Investing Co.—Recapitalization Plan Approved—

The stockholders at the annual meeting hold Sept. 27 approved a proposed plan of recapitalization by more than the necessary two-thirds of the outstanding shares of each class, preferred and common

Under the plan the 7% non-cumulative preferred and common stocks will be reclassified into new 5½% cumulative preferred stock of \$100 par, and new common stock without par value but of a stated value of \$25 per share. The newly authorized stock will consist of 30,000 shares of the 5½% preferred and 160,000 shares of common. Each share of present 7% preferred will be changed into 1.3 shares of 5½% preferred and each share of present common into 15/100ths of a share of 5½% preferred and two shares of new common. After the exchange, all the authorized common will be outstanding and 15,640 shares of the new preferred, leaving 14,360 shares of preferred available to provide new capital in post-war development. Robert W. Dowling, President, told stockholders most of the properties of the company have improved during the year. Earnings, he said, are better and values are higher.

Considerable progress, said Mr. Dowling, has been made by the company in investing some of its money which had not been invested for a long period.

company in invest for a long period.

Cleveland & Pittsburgh RR.—Invitation for Bids—

Cleveland & Pittsburgh RR.—Invitation for Bids—
Company is inviting bids for the entire issue of \$11,000,000 general and refunding mortgage, series C bonds, to be dated Oct. 1, 1944; to mature Oct. 1, 1974; to bear interest at a rate (which must be a multiple of ½ of 1½) to be named by the accepted bidder; and to be secured by the company's general and refunding mortgage dated Aug. 1, 1924, as supplemented.

Proceeds of the sale of series C bonds, together with additional funds to be provided by the company, will be deposited with the trustee and applied by the trustee to the redemption on Feb. 1, 1945, of the company's general and refunding mortgage, series A 4½ bonds, and the redemption on Jan. 1, 1945, of the company's general and refunding mortgage series B 4½ bonds. The amount of such series A bonds outstanding is \$7,182,000, and the amount of such series B bonds outstanding is \$3,850,000, of which latter bonds \$32,000, owned by The Pennsylvania RR. will be surrendered and cancelled.

Bids will be received at the company's office, Broad Street Station Building, Philadelphia, Pa., up to 12 noon EWT, Oct. 10,—V, 158, p. 2359.

Coastal Terminals, Inc., Columbia, S. C. - Registers With SEC-

The company has registered with the SEC \$250,000 common stock to be sold at \$10 per share. Company was incorporated in July, 1944, to operate a petroleum terminal, probably in Charleston, S. C. Proceeds are to be used to acquire facilities and for working capital.

Continental Can Co., Inc.—Probable Acquisition—

The company is reported to be negotiating for the acquisition for an undisclosed amount of cash of the outstanding stock of the Mono Service Co., makers of paper cups and merchandising containers, of Newark, N. J. It was said on Sept. 21 that the principal stockholders of Mono Service had accepted an offer and that approval of the plan by remaining shareholders was sought. Assets of the Newark company were said to exceed \$2,006,000.—V. 160, p. 729.

Continental Industries, Inc.—Acquires Holyoke Plant-

The corporation has acquired the 50-year-old Walsh Holyoke Steam Boiler Works at Holyoke, Mass.

Chester A. Bodes, Chairman of the board, announced that steel products such as steam boilers, water tanks and electrically welded pipes for water supply during post-war rehabilitation would be needed in war-torn countries of Europe, and in Asia, Africa and Australia, explaining that Continental Industries' managerial experts have "blue-printed" plans for developing the foreign markets of the Holyoke plans for developing the foreign markets of the Holyoke

Except for the resignation of Vincent P. Marren, former President, officers of the Holyoke company will be the same as those of the parent company, the Franklin Machine & Foundry Co., Providence, R. I.—V. 160, p. 829.

Cook Paint & Varnish Co.-Expansion-

The stockholders at a meeting held on Sept. 15 approved proposals recommended by the management designed to enable the company to carry out a post-war expansion program, if desired. They voted to provide additional working capital by authorizing the company to issue the remainder of its authorized preferred stock amounting to 25,42238 shares. A sinking fund to retire its present \$4 no par preferred stock also was authorized and permission was granted to issue unsecured debentures limited to 6% and 20 years (see V. 180, p. 829).—V. 160, p. 921.

Corning Glass Works-Expands in So. America-

The company on Sept. 25, announced the purchase of a substantial interest in Brazil's leading glass company, Vidraria Santa Marina of Sao Paulo. Majority control will be retained by the original owners in South America but Corning will be represented on the board of directors, according to Glen W. Cole, President of the American

concern.

The Brazilian investment, it was explained, was made through a holding company, Corning Glass Works of South America, organized to handle all of Corning's interests in the southern hemisphere. William H. Curtiss, Vice President and Secretary of Corning Glass Works, has been elected President and Secretary of Corning Glass Works, has been elected President of the South American subsidiary, and Lawrence King appointed Managing Director of operations. In 1943, the American company made a similar contract with Argentina's foremost glass concern, Cristalerias Rigolleau of Buenos Aires.

The Pittsburgh Plate Glass Co., co-partner of Corning in the manus-

The Pittsburgh Plate Glass Co., co-partner of Corning in the manufacture and distribution of glass products for building purposes, is also identified with both South American developments.

The Brazilian transaction, Mr. Curtiss disclosed, follows the exact

pattern developed during negotiations leading to the Argentine affiliation. In both cases Pittsburgh Plate Glass Co. purchased the same number of common shares as Corning Glass Works, but the latter received additional shares in compensation for scientific formulae and technical advice which it will place at the disposal of the South American companies. Corning's Brazilian investment will be lodged in a newly formed company, Vidros Corning Brasil, S.A., with the following directors: C. R. Varty, Trajano Pupo Netto, and Jorge Americano. all of Sao Paulo.

S.A., with the following directors: C. R. Varty, Trajano Pupo Netto, and Jorge Americano, all of Sao Paulo.

Santa Marina's output at the present time is limited largely to bottles, tableware and window glass. Among the Corning products which will be manufactured by the Brazilian concern as soon as furnaces and equipment can be provided are tableware and many Pyrex brand products including ovenware. The Argentine company has already started manufacturing Pyrex brand products.—V. 159, p. 2414.

(The) Cresley Corp.—Post-War Outlook—

"If the cut-back in military goods production, immediately after the defeat of Germany, is as much as 40%, as has been officially predicted, this Crosley Corporation should be able to resume production of its peace-time products on the basis of its 1941 volume," according to R. C. Cosgrove, Vice-President and General Manager, Manufacturing Division.—V. 160, p. 622.

Delaware, Lackawanna & Western RR .- Merger Approved-

The ICC on Sept. 16 approved the following:

The ICC on Sept. 16 approved the following:

(1) Merger of the property of the Lackawanna RR. Co. of New Jersey into the Delaware, Lackawanna & Western RR. for ownership and continued management and operation.

(2) Authority granted to the Delaware, Lackawanna & Western RR. to issue (a) certificates of deposit in respect of not exceeding 105,800 shares of the capital stock of the Lackawanna RR. of New Jersey and (b) not exceeding \$10,580,000 of its Lackawanna of New Jersey division first-mortgage bonds, consisting of \$7,935,000 of series A bonds and \$2,645,000 of series B bonds, in connection with the proposed merger of the two properties.

GENERAL PROPOSALS

Acquisition of leased lines—The proposed merger is part of a program to merge eventually into the Delaware company all the properties of its leased lines. The Delaware company will be benefited by such mergers principally in a reduction of its fixed charges and settlement of pending tax litigation bereinafter discussed.

Previous applications.—Portions of the merger program already have been approved by the ICC. On April 25, 1944, acquisition by the Delaware company of control of the Valley RR. through ownership of stock and purchase by the former of the property and assets of the latter was approved and authorized.

Pursuant to that authority 98.5% of the Valley RR. stock has been

acquired. Merger of the properties of the New York, Lackawanna & Western Ry. into the Delaware company and acquisition by the latter of control of the New York, Lackawanna & Western Ry. of Pa. was approved and authorized by the ICC on May 15, 1944.

Federal income taxes-The Federal government instituted actions Federal income taxes—The Federal government instituted actions against the Delaware company and the Warren RR., the Syracuse, Binghamton & New York RR., and the Passaic & Delaware RR., lessors of the Delaware company, to determine the Delaware company's liability for Federal income taxes assessed against the lessor companies, based on the payment of rentals directly to the stockholders. On April 2, 1942, the U.S. Circuit Court of Appeals for the Second Circuit held that the Delaware company was not liable for the payment of such taxes, but that the Federal government could collect them out of rentals payable to the stockholders of the lessor companies and to that end might file a supplemental petition for judgment asking that the lessee be enjoined from making further payments to stockholders of the lessor companies out of any rentals until the Federal government should have an opportunity to levy thereon for Federal government should have an opportunity to levy thereon for

Fursuant to this decision, petitions have been filed by the Federal government and temporary injunctions restraining further rental payments have been granted. Additional suits have been commenced by the Federal government against the Delaware company and against other lessor companies, including the New Jersey company, in which similar temperary injunctions have been granted. Suits have also been commenced by certain of the lessor companies and by stockholders of such companies involving the liability of the Delaware company for the payment of the Federal income taxes assessed against the lessor companies and its liability to such stockholders. The total amount of such unpaid taxes in respect of all the lessor companies, as computed by the Delaware company together with interest as of Dec. 31, 1943, is \$7,539,512. The unpaid taxes of the New Jersey company as of that date amounted to \$1,096,338, including interest.

New Jersey State taxes .- In addition to the Federal income taxes, New Jersey State taxes.—In addition to the Federal income taxes, the Delaware company was indebted to the State of New Jersey for state taxes, with interest thereon, which has been in controversy for more than 10 years. On July 21, 1943, the Chancery Court of New Jersey held that chapter 290 (P. L. 1941, p. 768) as amended by chapter 241 (P. L. 1942, p. 651) of the laws of New Jersey, being "An act relating to the collection of certain delinquent taxes upon railroad companies," was unconstitutional. This decision has recently been affirmed by the New Jersey Court of Errors and Appeals; and as result the Delaware company, became liable for the payment of been affirmed by the New Jersey Court of Errors and Appeals; and as a result the Delaware company became liable for the payment of interest penalties to the State of New Jersey on unpaid taxes for the years 1933 to 1940, inclusive. In accordance with this ruling the Delaware company has since paid to the State of New Jersey \$12,761,-053, which, according to its computations and view of the law, is the maximum amount of the principal of the taxes and interest penalties due. If, however, certain questions of law should be resolved unfavorably to the Delaware company the total of principal and interest might be substantially increased.

PRELIMINARY NEGOTIATIONS

PRELIMINARY NEGOTIATIONS

In conformity with the previously mentioned program to merge into the Delaware company the properties of the lessor companies, thereby eliminating the problem of Federal income taxes in respect of the dividends on the capital stock of those companies, and providing for the payment of such taxes and interest due for periods in the past, negotiations were entered into with the officers, directors, and stock-holders of the New Jersey company and other lessor companies. As a result of these negotiations the Delaware company and the New Jersey company have reached an agreement, effecting a compromise whereby the Delaware company will pay the Federal income taxes and interest thereon in respect of the income of the New Jersey company, and will be reimbursed to the extent of one-half of such payment by withholding the payment of contingent interest in respect of certain bonds to be delivered to the holders of stock of the New Jersey company as hereinafter set forth. Pursuant to this proposal the Delaware and New Jersey companies have formulated an agreement of merger and a plan of adjustment setting forth the provisions for carrying out the merger.

AGREEMENT OF MERGER

Method of effecting the merger.—The proposed merger is to be effected in accordance with the terms of the agreement of merger, dated as of April 26, 1944, between the Delaware company and its board of managers and the New Jersey company and its board of directors. The agreement provides, among other things, that the surviving corporation will be the Delaware company. Conditioned upon the ICC approval of the applications, provision is made for submission of the agreement to the stockholders of both the Delaware and New Jersey companies for approval by the holders of outstanding shares of stock representing at least two-thirds of the voting power of all the stock entitled to vote thereon.

Terms of exchange—As soon as reasonably convenient after the

Terms of exchange—As soon as reasonably convenient after the date of the merger the Delaware company will issue and pay to the holders of the capital stock of the New Jersey company or certificates of deposit representing such stock, in exchange for each share of stock and for all rights or privileges incident thereto, including any right to rental under the lease, bonds, and cash representing interest thereon for past periods as follows:

(a) \$75 of Lackawanna of New Jersey division first-mortgage bonds, series A, and \$25 of Lackawanna of New Jersey division first-mortgage bonds, series B.

(b) An amount in eash, subject to possible adjustment as provided (b) An amount in cash, subject to possible adjustment as provided in the agreement, equal to, and representing fixed interest from the last rental date up to and including which the rental under the lease between the New Jersey company and the Delaware company shall have been received by the holders of the capital stock of the New Jersey company to the May 1 or Nov. 1, as the case may be, next preceding the date of the merger, at the rate of 4% per annum on the \$75 of the series A bonds, any coupons representing such interest to be detached from such bonds prior to the delivery thereof.

Method of assenting to the plan.-The holders of the capital stock Method of assenting to the plan.—The holders of the capital stock of the New Jersey company may assent to the plan by depositing with the First National Bank, New York, as agent for the Delaware company, their stock certificates. At the same time a proxy is to be sent to such agent authorizing the designated persons to vote the stock in approval of the agreement. The Delaware company may accept assents from any holder of more than \$50,000 of stock without such deposit. such deposit.

Easy Washing Machine Corp.—Semi-Annual Report—

VT Loan—During April, 1944, company established a credit of \$5.000,000 under a VT loan, to make additional working capital available in the event that war contracts are terminated before completion. The agreement, among other things, limits cash dividends on capital stock of the company during 1944 and 1945 to an amount not in excess of 50% of the net earnings, before provision for contingencies, except with the prior approval of the loaning banks and the Federal Reserve Bank. There is outstanding at June 30, 1944, \$3,500,000 under this agreement.

Renegotiation—Renegotiation proceedings for the year 1943 have just been started, and it is not possible to state what effect, if any they will have upon the financial statements of the company. Renegotiation proceedings on the company's sales to the Government

negotiation proceedings on the company's sales to the Government in the year 1944 are not in progress.

In previous years the directors authorized the creation of a contingency reserve of \$400,000. Before determining the profits for the first six months of 1944, \$262,000 was added to this reserve making a total as of June 30, 1944, of \$662,000. The additions of \$552,000 made during 1943 and 1944 to the contingency reserve are to provide for accruing costs relating to reconversion of the company's facilities to post-war washing machine production and other war production post-war washing machine production contingencies. including the possibility of a refund under the War Profits Control Act.

Empire District Electric Co.—Calls 5% Bonds-

All of the outstanding first mortgage and refunding 5% gold bonds, due March 1, 1952, have been called for redemption as of Nov. 20, 1944 (not Nov. 1, 1944 as previously reported), at 101% and interest. Payment will be made at the Central Hanover Bank & Trust Co., tiustee, 70 Broadway, New York, N. Y.

Immediate payment plus accrued interest to redemption date may be obtained at any time upon presentation of the said bonds to the trustee.—V. 160, p. 1294.

Erie RR.-Bonds Offered-A syndicate headed by The First Boston Corp., Lazard, Freres & Co., Stone & Webster and Blodget, Inc. and Drexel & Co. on Sept. 26 offered \$13,000,000 1st consolidated mortgage 31/4% bonds series E at 100 and interest.

The issue was awarded on a bid of 99.159, or an interest cost to the company of 3.31%. Company received two other bids for the issue at the competitive sale with Morgan Stanley & Co. and associates offering a price of 97.811, and a group headed by Halsey, Stuart & Co., Inc., 97.125.

Inc., 97.125.

Dated Oct. 1, 1944; due Oct. 1, 1964.

Interest payable April 1 and Oct. 1 in New York City. Coupon bonds in denomination of \$1,000, registerable as to principal. Fully registered bonds in denominations of \$1,000, \$5,000, \$10,000 and authorized denominations larger than \$10,000. Coupon bonds and the various denominations of registered bonds interchangeable. Redeemable, as a whole or in part, at the option of the company, on any date, on not less than 30 days' nor more than 45 days' notice, if such date be an interest payment date, and on not less than 60 days' nor more than 95 days' notice, if such date be not an interest payment date, at the following redemption prices: to and including Sept. 30, 1948, 104.125%; thereafter, to and including Sept. 30, 1952, 103.125%; thereafter, to and including Sept. 30, 1958, 101.625%; thereafter, to and including Sept. 30, 1958, 101.625%; thereafter, to and including Sept. 30, 1958, 101.625%; thereafter, to and including Sept. 30, 1961, 100.875%; and thereafter prior to maturity at 100%; in each case together with accrued interest.

Issuance—The issue and sale of these bonds are subject to authorization by the Interstate Commerce Commission.

Purpose Net proceeds (\$12,890,670, exclusive of accrued interest), together with funds to be provided by the company to the extent required, will be used to redeem \$13,385,000 of obligations, as follows:

(a) \$7,430,000 Long Dock Co. consolidated mortgage 3¾% bonds due Oct. 1, 1950, at 102; and

(b) \$5,955,000 Eric RR. first consolidated mortgage 4% bonds, series C, due Aug. 1, 1957, at 104½.

Company—On Jan. 18, 1938, the company filed a petition under section 77 of the Federal Bankruptcy Act with the District Court for the Northern District of Ohio, Eastern Division, and on that date an order approving the petition was signed by the Court and on Feb. 14, 1938, the Court appointed trustees of the property. Subsequently, The Nypano RR., a wholly owned subsidiary, filed a subsidiary petition under section 77 and the same trustees were appointed for its properties. On June 16, 1941, the Court confirmed a reorganization plan covering both companies and thereafter confirmed the appointment of five reorganization managers to carry out its terms. On Dec. 22, 1941, pressure to such plan, the trustees under Court orders turned back to pursuant to such plan, the trustees under Court orders turned back to the reorganized company all the property and business then held by them as trustees, and the new securities which under the plan were to be issued in exchange for certain outstanding issues were made

In October, 1941, the trustees of the property of the Erie RR. acquired all of the properties of The Nypano RR., Cleveland & Mahoning Valley Ry. and Youngstown & Austintown Ry., and the railroad known as Westerman Coal and Iron RR., which together constituted 551 miles of the Erie System lines between Salamanca,

N. Y., and Marion and Dayton, Ohio, and between Cleveland and own. Ohio

As of Dec. 22, 1941, the company acquired all of the properties of Chicago and Eric RR., which owned 250 miles of the main line of the System from Marion, Ohio, to the Indiana-Illinois State line near Hammond, Ind., and the properties of eight subsidiaries, which owned 274 miles of road substantially all in the State of Pennsylvania.

In July, 1942, the company acquired the properties of 10 subsidiaries, including The Long Dock Co., which owned 37 miles of road and certain terminal facilities in New Jersey.

By deed dated April 30, 1943, the company acquired all of the properties of Northern RR. of New Jersey, including \$50,000 par value capital stock of its subsidiary, the Nyack and Southern RR. The properties of Nyack and Southern RR. were merged with those of Eric RR. on April 11, 1944. Both properties thus acquired comprised 21 miles of main line, extending from Croxton, N. J., to Sparkill, N. Y., and a branch line of four miles from Sparkill to Nyack, N. Y.

By deed dated Oct. 30, 1943, company acquired all of the properties of New York & Greenwood Lake Ry., including Caldwell Railway and The Roseland Railway, comprising 29 miles of main line, from Croxton to Wanaque-Midvale, N. J., and 10 miles of branch lines reaching Orange and Essex Fells, N. J.

As a result of these acquisitions and certain abandonments, the owned mileage of the company increased approximately 1,163 miles in 1941, 1942 and 1943, with a corresponding reduction in the amount of mileage operated under lease, for account of others, or operated as a result of stock control.

result of stock control.

On July 31, 1944, the company operated 2,244 miles of road, of which 2,004 miles were owned, 131 miles were operated under lease, and 139 miles were operated under trackage rights. The lines operated by the company constitute one of the four through railroad trunk lines between New York and Chicago, and are located in the States of New York, New Jersey, Pennsylvania, Ohio, Indiana and Illinois. The company owns a direct line from New York harbor to Chicago, excepting approximately 29 miles in the State of New Jersey, which are operated under lease from subsidiary companies controlled through stock ownership, and approximately 20 miles from Hammond, Ind., to Chicago, Ilt., which are operated under trackage rights from Chicago and Western Indiana RR., the stock of which is owned in equal shares by Erie RR. and four other railroad companies.

Includes: (a) \$2,482,000 of New York and Erie RR. first mortgage 4% bonds due May 1, 1947, the payment of which has been irrevocably provided for through the deposit with First National Bank. New York, as agent, of sufficient funds to pay an amount equal to the principal amount and interest to the date of maturity. Notice has been mailed to each known bondholder that immediate payment may be obtained upon the surrender of the bonds, with all unmatured coupons appertaining thereto, for cancellation, at the office of First National Bank, New York, agent. As of the close of business Sept. 25, 1944, \$2,305,000 of these bonds had been surrendered and paid.

(b) \$7,430,000 Long Dock Co. consolidated mortgage 3%% bonds, due Oct. 1, 1950, and \$5,955,000 of Erie RR. first consolidated mortgage 4% bonds, series C, due Aug. 1, 1957, which are to be redeemed with the proceeds of sale of \$13,000,000 Eric RR. first consolidated mortgage bonds, series E, together with funds to be provided by the company to the extent necessary.

Since July 31, 1944, the company has issued \$3,620,000 1%% equipment certificates dated Aug. 1, 1944, and maturing in equal annual installments of \$362,000 on Aug. 1 in each of the years 1945 to 1954, inclusive.

Upon the payment of the \$2,482,000 principal amount of New York & Erie RR. first markgage 4% bands and the leguance of \$12,000 on

Upon the payment of the \$2,482,000 principal amount of New York & Upon the payment of the \$2,482,000 principal amount of New York & Erie RR. first mortgage 4% bonds, and the issuance of \$13,000,000 series E bonds and the redemption of \$7,430,000 Long Dock Co. consolidated mortgage 3%% bonds and the \$5,955,000 of Erie RR. first consolidated mortgage 4% bonds, series C, the fixed interest mortgage bonds outstending in the hands of the public of \$119,173,600, as shown above, will be reduced to \$116,306,600, consisting of:

Ohio División first mtge. 3¼% bonds, due Sept. 1, 1971 ... \$17,094,000 Chicago & Eric RR. first mtge. 5% bonds, due May 1, 1982 12,000,000 First consol. mtge., series B, 4% bonds, due Jan. 1, 1995 ... 74,212,600 Pirst consol. mtge., series E, 3¼% bonds, due Oct. 1, 1964 ... 13,000,000

In addition to the funded debt shown above, the company was obligated to pay the State of New York over a perior of years \$3,506,425 in respect of grade crossing eliminations.

There were also outstanding in the hands of the public as of July 31, 1944, \$417,000 of obligations of lessor companies and \$1,200,290 par value of capital stock of lessor companies, the charges in connection with which are included in the income account as part of total fixed charges under rept for lessed roads.

with which are included in the income account as part of total fixed charges under rent for leased roads.

There are \$2,913,000 of bonds of Buffalo Creek RR. guaranteed as to principal, interest and sinking fund jointly and severally by the company and other proprietary company. In addition the company is liable with other proprietary railroad companies, as lessees, with respect to principal and interest on \$50,000,000 of bonds and interest and sinking fund payments on \$30,048,000 of bonds of Chicago & Western Indiana RR. Company has also guaranteed the payment of principal of and interest on \$400,000 Blossburg Coal Co. first mortgage 6% bonds, due July 1, 1937, owned by a wholly owned subsidiary of the company. the company.

†During the ten calendar year period covered by the table above, Federal income taxes were accrued only in respect of income for the years 1936, 1941, 1942 and 1943. Such Federal income taxes have been deducted before arriving at the amounts shown under the heading income available for fixed charges. In 1942 and 1943 Federal income tax accruals amounted to \$10.717,656 and \$17,549,958, respectively. Similar accruals for the seven months ended July 31, 1944, amounted to \$7.944,355.

37.44,355.

Total fixed charges in this table from Jan. 1, 1934, to Dec. 22, 1941, include fixed interest charges on the debt of the company and rentals for leased roads as they existed from time to time prior to the reorganization of the company on Dec. 22, 1941. For the period from Dec. 22, 1941, to July 31, 1944, they include fixed interest charges on the debt and rentals for leased roads as they existed from time to time subsequent to the reorganization. Contingent interest is not included in the column of fixed charges.

Evans Products Co.—In Good Position—

At the annual meeting held on Sept. 15, E. S. Evans, President, told stockholders that the company was in a fine position for a speedy return to peacetime production of civilian goods, since it was faced with a minimum of reconversion problems. "No reconversion problems exist at all in our battery separator plants in Marshfield, Ore., and Vancouver, B. C., as this product has been an essential in war as it always has been in peacetime," he said.—V. 160, p. 625.

Freedtert Grain & Malting Co., Inc.-Dividend Rate Increased—Also Declares Special Dividend—New Vice-President-Annual Statement-

President—Annual Statement—

The directors on Sept. 20 declared a quarterly dividend of 25 cents per share on the common stock, which represents an increase of 5 cents a share over the rate paid quarterly on the common stock in recent years, according to an announcement of Kurtis R. Froedtert, Chairman of the board and President of the company. The board also declared a special dividend of 15 cents a share on the common stock. Both dividends will be payable Oct. 31 to holders of record Oct. 14.

As the dividends just declared are the last indicated ones to be paid during the current calendar year, quarterly dividends, together with special dividends during 1944, constitute aggregate dividend payments amounting to \$1 per share on the common stock, according to Mr. Froedtert. In 1943, the company paid four quarterly dividends of 20 cents each and on Nov. 1, last year also disbursed a special of 20 cents, which brought the total paid in 1943 to \$1 per share.

At the annual stockholders' meeting preceding the board of directors' meeting, the following directors were elected: Gustave G. Blatz, Kurtis R. Froedtert, James P. Hessburg, J. Victor Loewi, Henry Nunnemacher and Bruno Rahn, all of Milwaukee, and Mord M. Bogie of New York City.

During the board of directors' meeting, all officers were reelected and, in addition, Alvin R. Cord, Secretary and Treasurer, was elected a Vice President of the company.

In his remarks before the annual stockholders' meeting, Mr. Froedtert said in part:

"During the month of August the company enjoyed the largest volume of business of any month in the '8 years of its history. This

In his remarks before the annual stockholds tert said in part:

"During the month of August the company enjoyed the largest volume of business of any month in the '8 years of its history. This included the shipment of malt as well as by-products.

"All of our maiting plants during the fiscal year ended July 31 ran at utmost capacity consistent with proper, practical malting principles, and from all present indications we will again enjoy a complete, round-the-clock, operation during our new fiscal year.

"Our research work is continuing in a steadfast manner, and after the war we will have some very interesting reports pertaining to what has been accomplished along these lines."

General Electric Co .- To Expand Plant Facilities-

Jesse Jones, Secretary of Commerce; has announced that the Defense Plant Corporation has authorized an increase in its contract with the above company to provide additional plant facilities at Syracuse, N. Y., at a cost of approximately \$27,500,000.

Chairman of Affiliate Dies-

Frank H. Reagan, 72, Chairman of the board of the Locke Insulator Corp., died suddenly on Sept. 10 in Baltimore, Md. He became President of this affiliate in 1926 and Chairman of the board from February, 1939 to the time of his death.—V. 160, p. 1184.

General Foods Corp.—Receives "A" Award-

Foreseeing important post-war responsibilities for the production gains made in food processing during the war, management and employees of the company's Post Products Division on Sept. 25 accepted the Achievement "A" Award of the War Food Administration in ceremonies on the plant grounds at Battle Creek, Mich. The plant is the first in the cereal field to receive the coveted flag, which is the highest award possible in food processing, and ranks with the Army-Navy "E".—V. 160, p. 535.

General Motors Corp.—Stockholders Number 423,796—

The total number of General Motors common and preferred stock-holders for the third quarter of 1944 was 423,796, composed with 423,752 for the second quarter of 1944 and with 414,380 for the third quarter of 1943. The 1944 third quarter total is the highest in history.

There were 402,000 holders of common stock and the balance of 21,796 represents holders of preferred stock. These figures compare with 402,033 common stockholders and 21,719 preferred for the second quarter of 1944.—V. 160, p. 1294.

Chevrolet Armored Car- attentioning

A formidable mobile weapon used effectively in spear-heading recent pectaculer United Nations' advances in the European theater of war. spectacular United Nations' advances in the European theater of war, and a closely guarded military secret since early in 1941, was announced on Sept. 19 by M. E. Coyle, Vice President of General Motors Corp., and General Manager of the Chevrolet division, sole producer of the vehicle in the United States. The new weapon is a high-speed armored car called the Stateburd.

armored car, called the Staghound.

Contract for the armored car was signed in November, 1941, Mr.

Covle said. It called for delivery of the first pilot model on Feb. 1, 1942, and a second one 30 days later. These two units, built in the Chevrolet engineering experimental laboratories, were delivered on the specified dates.

At the Aberdeen Proving Ground and in field maneuvers in California, the new vehicle, which was sponsored primarily by the British Government, passed all required tests. Regular production got under

way in midsummer, 1942, and mounted steadily to a volume-output basis.

Building the armored car, Mr. Coyle said, involved nearly 1,000 principal machines. Parts and sub-assembles to supply the final assembly lines came from eight Chevrolet plants in three states, and five other plants outside the division served as sub-contractors.—V. 160, p. 1294.

General Realty & Utilities Corp.-Merger With Affiliate andi Recapitalization Approved-

At a special meeting held on Sept. 26, the stockholders and directors approved the Agreement of Merger between this corporation and its wholly-owned subsidiary, Gruco, Inc. The merger will, among other things, effect a recapitalization of General Realty & Utilities Corp., and each share of present preferred stock, including all accumulated dividends, will be converted into \$100 principal amount of new 4% cumulative income debentures due Sept. 30, 1969, and seven shares of new capital stock of General Realty & Utilities Corp., and each share of present common stock will be converted into one-half of a share of the new capital stock. See also V. 160, p. 983.

General Steel Castings Corp. \$1.50 Preferred Div .-The directors on Sept. 22 declared a dividend of \$1.50 per share on account of accumulations on the \$6 cumul. conv. preferred stock, no par value, payable Nov. 15 to holders of record Nov. 1. A like amount has been paid each quarter since and incl. Nov. 15, 1941. Arrearages as at July 1, 1944, amounted to \$61.50 per share.

New Director-

Charles P. Whitehead has been elected a member of the board of directors. He has been with the corporation and its predecessor for 25 years and has been a Vice President since May, 1938. As a member of the board he succeeds Walter L. Rathmann of St. Louis who recently resigned.—V. 160, p. 430.

General Water, Gas & Electric Co .- To Retire Pref .-The company has proposed to the SEC to redeem by lot 5,987 shares of \$3 cumulative preferred stock (no par) at the redemption price of \$52.50 per share, plus accumulated unpaid dividends. The funds to be used for the redemption represent part of the proceeds from the proposed sale of its subsidiary, Boise Water Corp. As of June 30, General Water had outstanding 75,174 shares of \$3 preferred, of which 4.255 shares are owned by International Utilities Corp. The Commission gave interested parties until Oct. 3 to request a hearing.—V. 160, p. 626.

Greyhound Corp.-Refinancing Approved-

The corporation has been authorized by the ICC to issue \$15,000,000 The corporation has been authorized by the ICC to issue \$15,000,000 new obligations for the purpose of redeeming 322,607 outstanding shares of 51_2 ? cumulative pre-erence stock. Obligations to be issued consist of 50,000 shares of new cumulative preferred (\$100 par), to be sold at not less than par, and \$10,000,000 3% sinking fund debentures, also not to be sold at less than par.

The ICC stipulated that any excess funds from the proceeds of the new obligations not needed to redeem the outstanding stock must-be set aside in a special account and not used without Commission authorization.

authorization.

It is expected that the new securities will be ready for the market around October 4. Kidder, Peabody Co.. and Glore, Forgan & Co., it is understood, will head the investment banking group underwriting the new securities.—V. 160, p. 1185.

Griess-Pflegler Tanning Co.—Exchange of Securities—

It is announced that Dec. 31, 1944, is the expiration date fixed by the U. S. District Court for exchange of securities of this company for securities of the new company directed to be organized in such reorganization proceedings and known as The Griess-Pileger Tanning Co.

Co.

First mortgage bonds, preferred stock and common stock of the old company must be surrendered prior to Dec. 31, 1944, in order to receive securities provided for in the plan of reorganization of such company as approved by the U. S. District Court. Scrip certificates of the new company will likewise become valueless on Dec. 31, 1944.

Fred W. Graff, Jr., Secretary of the new company, is located at 1251 Sand St., Waukegan, Ill.—V. 148, p. 3847.

Grinnell Corp.—Secondary Offering — Hallgarten & Co. and Shields & Co. and associates made a secondary distribution Sept. 27 of 30,000 shares of common stock (no par) at \$16.50 per share with a commission to members of the NASD of 70 cents a share. The issue was oversubscribed.

Gulf States Utilities Co.—Preferred Stock Offered—A group of underwriters headed by Stone & Webster and Blodget, Inc., on Sept. 26 offered a portion of 120,000 shares of \$4.40 dividend preferred stock (par \$100) subject to the exchange rights of present preferred stockholders under an offer that will expire on Oct. 4. The stock was priced at \$106 a share plus dividend. Other members of the offering group are: The First Boston Corp.; Harriman Ripley & Co., Inc.; Blyth & Co., Inc.; Kidder, Peabody & Co.; Smith, Barney & Co.; Union Securities Corp.; Hornblower & Weeks, Merrill Lynch, Pierce, Fenner & Beane; Paine, Webber, Jackson & Cur-tis; Spencer Trask & Co., Bosworth, Chanute, Loughridge & Co.; Dewar, Robertson & Pancoast; Rauscher, Pierce & Co., Inc., and George V. Rotan Co.

Acceptance of Bids—The directors of the company on Sept. 22 accepted the bid of a syndicate headed by Stone & Webster and Blodget. Inc. for services to be rendered in obtaining acceptances of an exchange offer to its present preferred stockholders and for the purchase from the company of such of the 120,000 shares of \$4.40 dividend preefrred stock as will not be required for exchange pursuant to such exchange offer, subject to the SEC registration statement becoming effective. The cost of money to the company contained in the winning bid is 4.2206% and the initial offering price will be 106. Company also received a bid from a syndicate headed by Glore, Forgan & Co. and W. C. Langley & Co. which contained a cost of money of 4.3564%.

Refinancing Plan and Exchange Offer—The refinancing plan of the

Refinancing Pian and Exchange Offer—The refinancing plan of the company will provide as follows:

(1) 120,000 shares of a new series of preferred stock designated \$4.40 dividend preferred stock (new preferred) will be issued as follows:
(a) 99,994 shares will be offered to the holders of the old preferred;
(b) any balance of the 99,994 shares of the new preferred not issued pursuant to the exchange offer together with 20,000 additional shares of new preferred will be sold for cash;
(2) Any shares of old preferred not exchanged pursuant to the exchange offer will be called for redemption at \$110 per share for the \$6 dividend preferred stock and \$108 per share for the \$5.50 dividend preferred stock, plus accrued dividends to the redemption date in each case;

\$6 dividend preferred stock and \$108 per share for the \$5.50 dividend preferred stock, plus accrued dividends to the redemption date in each case;

(3) The unpaid balance of the bank loan will be paid at face amount plus accrued interest to the date of such payment.

The company offers to holders of its outstanding \$6 and \$5.50 dividend preferred stock (old preferred), the opportunity to exchange such shares for shares of \$4.40 dividend preferred stock (new preferred) on the following bases:

(a) for each share of \$6 dividend preferred stock, one share of new preferred plus \$4 in cash; and
(b) for each share of \$5.50 dividend preferred stock, one share of new preferred plus \$2 in cash; plus in each an amount equal to accrued dividends on the old preferred to the exchange date.

In order to make the exchange, holders of old preferred must deposit certificates for their shares accompanied by a properly executed letter of transmittal and acceptance on or before 3 p.m., Central War Time, on Oct. 4, 1944 at any one of the following addresses: Gulf States Utilities Co., 362 Liberty Avenue, Beaumont, Tex., or 340 Florida St., Baton Rouge 2, La.; Gulf States Utilities Co., c/o Stone & Webster Service Corp., 49 Federal St., Boston 7, Mass.; or Gulf States Utilities Co., c/o Engineers Public Service Co., Inc., 90 Broad St., New York 4, N. Y.

Company will call for redemption any shares of old preferred not exchanged pursuant to the exchange offer.

\$4.40 Dividend Preferred Stock—Transter agent, Stone & Webster Service Corp., Boston, Mass. Registrar, State Street Trust Co., Boston, Mass. Dividends of \$4.40 per share per annum cumulative, payable quarterly March 15, June 15, Sept. 15 and Dec. 15, except that initial dividend payable Dec. 15, 1944, on a pro rata basis.

Liquidation Rights—In involuntary liquidation, \$100 per share; and in voluntary liquidation, \$100 per share plus a fixed liquidation

Liquidation Rights—In involuntary liquidation, \$100 per share; and in voluntary liquidation, \$100 per share plus a fixed liquidation premium of \$11 per share prior to Oct. 1, 1949; \$9.50 per share on Oct. 1, 1949 and thereafter prior to Oct. 1, 1954; and \$8 per share on Oct. 1, 1954 and thereafter; plus accrued dividends in all cases to the liquidation date.

Redemption—Redeemable at option of the company on 30 days' notice at any time or from time to time in whole or in part at \$100 per share, plus a premium identical with the fixed liquidation premium set forth above.

Voting Rights—One vote per share pari passu with the common cock. In case of nonpayment of one year's preferred dividends, the experience of class has the right to elect a majority of the poard of directors. The vote of the new preferred as a class is equired for the authorization or issuance of certain additional stock and certain other matters.

Company-Incorporated in Texas in 1925. Company generates and Company—Incorporated in Texas in 1925. Company generates and purchases, distributes and sells electric energy at retail and at wholesale in an area in Southeastern Texas and South Central Louisiana comprising approximately 27,500 square miles. In this area the company sells electric energy at retail in 258 communities and surrounding territories with an estimated aggregate population of 549,000, including the cities of Beaumont, Port Arthur and Orange, Texas and Baton Rouge and Lake Charles, La. Company also supplies steam to two large industrial customers. All of the company's electric system is interconnected with the exception of small properties

at Alvin and Jasper, Texas. Interconnections are maintained for the exchange of power with certain other utilities and industries. Natural gas is purchased and distributed in Baton Rouge and vicinity to an estimated population of 92,000. Company supplies water in seven communities with an estimated combined population of 109,000, and manufactures and distributes ice in five communities having an estimated combined population of 77,000. A major economic factor in the territory served is the production, transportation and relining of oil, over 19% of the company's revenue being derived directly from service to the oil industry for oil field and pipe line pumping and refining. The average annual use of electrical energy per residential customer for the 12 months ending June 30, 1944 was 1,164 kwh.; the average price was 3.74 cents per kwh.; and the average annual bill was \$43.49. bill was \$43.49.

bill was \$43.49.

Company owns five steam power plants of 204,620 kilowatts total rated generator capacity and five internal combustion plants of 1,068 kilowatts total rated generator capacity. The system included at June 30, 1944, 5,256 miles of pole line, and 327 substations and switching stations having a total rated transformer capacity of 532,087 kva. Property, plant and equipment (including intangibles) as taken from the balance sheet as at June 30, 1944 amounts to \$63,194,893 \$63,124,893.

\$63,124,693.

The business and operations of the company have been materially affected by activities resulting from the war. It cannot be known whether the continuance of the war will result in further increases in the company's business which is now at levels not heretofore reached, except that the full effect of a year's operation of new industrial plants and pipe line pumping stations recently completed, will further increase operating revenues and expenses. The effect upon the business of the cessation of hostilities cannot be determined but it is anticipated that it will result in material reduction of certain revenues. During recent years there has been a trend toward higher costs applicable to the business of the company including higher taxes, labor costs and prices of materials and supplies. There has also been an increase in governmental regulation.

Purpose—The new preferred is being offered in exchange for the

Purpose—The new preferred is being offered in exchange for the old preferred in accordance with the exchange offer and the net proceeds from the sale of any new preferred not exchanged and from sale of 20,006 additional shares will be used: (1) to provide cash required for the exchange offer or to call old preferred not exchanged, (2) the retirement of \$1,000,000 outstanding bank loan, and (3) for other corporate purposes. and (3) for other corporate purposes.

Capitalization and the proposed capitalization are as follows:

Exchange and Purchase Agreement—No firm commitment to take any of the new preferred has been made. On Sept. 16, 1944, the company invited proposals for services in effecting exchanges of shares of new preferred and for the purchase of such of 120,000 shares of new preferred as are not required for such exchange. The underwriters named submitted the proposal which provided the "lowest cost of money" to the company for the new preferred. Company accepted such proposal and thereupon an exchange and purchase agreement with respect to the new preferred, was entered into between the company and underwriters. company and underwriters.

The names of the underwriters and the percentage of new preferred stock which each has agreed to take follow:

International Hydro-Electric System—Pays Interest-

The U. S. District Court at Boston, Mass., on Sept. 22 approved payment in full of the interest due Oct. 1, 1944, on the 6% debentures due April 1, 1944 (\$30 on each \$1,000 debenture). To collect such interest each holder should transmit his debentures to one of the following interest paying agents of the system: The Chase National Bank of the City of New York, 11 Broad St., New York, N. Y.; The First National Bank of Boston, 45 Milk St., Boston, Mass., or to Royal Bank of Canada, in Montreal or Toronto, Canada.

The debentures will be stamped to show such interest payment and returned, along with a check covering the interest payment.—V. 160, p. 1296.

International Rys. of Central America—Redemption—

The \$45,000 of 1st mtge. 60-year 5% gold bonds and £46,720 of 5% 1st mtge. 60-year gold bonds, which were recently authorized to be called for redemption as of Nov. 1, 1944 at 100 and int., will be redeemed at the Empire Trust Co., trustee, 100 Broadway, New York, N. Y., or, at the option of the holder thereof, at the Hambros Bank. Ltd., 41 Bishopsgate, London, England, in pound sterling.—V. 160, p. 1186.

International Utilities Corp.—President Resigns-

William B. Yeager, who has been President since July, 1941, announced last week that he was resigning his post with the company since its reorganization is now virtually completed. Mr. Yeager left the Reconstruction Finance Corporation early in 1941 to take over the management of International Utilities Corp.

Mr. Yeager said that the corporation, with approval of the Securities and Exchange Commission, has now been reorganized on a two-stock

The consolidated net income of International Utilities and its sub-"The consolidated net income of International Utilities and its subsidiaries has increased from \$594,029 in 1941 to \$1,029,977 in 1943,"
Mr. Yeager told stockholders in a special letter announcing his resignation. "On the basis of bid prices at June 30, 1941, the aggregate market valuation of all classes of capital stock of International Utilities totaled approximately \$4,196,000, as compared with \$9,322,000 based on the bid prices at Sept. 15, 1944, which, reflected in percentage, shows market value appreciation of 122%. During the same period the Dow Jones' averages for 65 stocks advanced 24%," he added. He said the effective date of his resignation as President of the company, and from all other offices in subsidiary companies, would be Oct. 1.—V. 160, p. 1296.

	Prov. for renegotiation and Fed. income taxes	293,000	964,930
	Net income for the year	\$315.178	\$282.249

During the year the company voluntarily refunded to its prime contractors \$924,000 and in addition a reserve for \$75,000 was provided out of earnings for possible renegotiation adjustment. Profits on war contracts for the year ended June 30, 1944, have not been renegotiated by the Government.

by the Government.

In a report to the shareholders dated March 24, 1944, covering the six months ended Dec. 31, 1943, it was stated that a tentative agreement with the Regional Price Adjustment Board had been reached with respect to renegotiation of war business for the year ended June 30, 1943, pursuant to the War Profits Control Act.

The tentative agreement proposed a refund of \$218,079 (after crediting applicable Federal income and excess profits taxes). Of this amount \$168,079 was to be paid in cash and the balance by a reduction of postwar refund of excess profits taxes.

After that report was made to the shareholders, the Price Adjustment Board revised its findings as a result of which the refund was increased to \$230,079, of which \$180,079 was paid in cash and the balance by a reduction of postwar refund of excess profits taxes.

\$401 is passed agar old

THE COMMISSION IN THE CHECKED CHECKED

This final adjustment on renegotiation for the year ended June 30, 1943, left profits remaining after Federal taxes equal to 94 cents per share of common stock outstanding as compared with 98 cents per share reported to the shareholders on March 24, 1944.

The Statement of Income for the year ended June 30, 1944 follows: Sales, \$3,832,903; retroactive price adjustments, \$940,545; returns and allowances, \$37,094; net sales, \$2,855,263; cost of goods sold, \$1,920,056; administrative expenses, \$225,771; provision for depreciation (\$64,607) and special amortization (\$42,830), \$107,437; operating profit, \$601,999; other income, \$6,180; net income, \$608,178; provision for Federal income taxes and possible war contracts renegotiation adjustment (no provision has been made or is believed to be required for Federal excess profits taxes) (18293,000; net income, \$315,178; cash dividends (90 cents) per share, \$270,000.

Balance Sheet, June 30, 1944

Assets—Cash on hand and in banks, \$1,502,945; U. S. Government securities, \$741,749; cash surrender value of life insurance, \$58,146; accounts receivable, \$96,350; inventories, \$28,798; land (\$18,801), buildings (\$190,271), machinery and equipment (\$671,394) (less reserves for depreciation of \$412,383), \$468,083; emergency facilities (building and building equipment) less reserve for special amortization (\$83,444), \$130,707; patents, \$1; prepaid and deferred expenses, \$10,927; total, \$3,037,705.

Liabilities—Accounts payable, \$164,132; reserve for Federal income taxes and possible war contracts renegotiation adjustment, \$295,014; accrued salaries, wages, taxes and other expenses, \$95,545; reserves, \$148,502; common stock (par \$11, \$300,000; earned surplus, \$2,034,512; total, \$3,037,705.—V. 158, p. 2469.

Note—Renegotiation proceedings for the year ended July 31, 1943, under the War Profits Control Act have been completed, resulting in a determination that no excessive profits were realized by the company in that year. Renegotiation proceedings for the year ended July 31, 1944, have not been started. In view of the determination for the preceding year, it is believed that the amount, if any, which may be refunded would not be material and, consequently, no specific provision has been made therefor.

Balance Sheet, July 31, 1944

Assets—Cash on hand and in banks, \$1,310,852; U. S. Govt. securities, \$1,270,835; accounts receivable, \$688,569; contract termination claims, \$76,306; inventories at latest available costs which are not in excess of market, \$1,513,186; post-war excess profits tax refund (estimated), \$166,000; fixed assets (net), \$1,041,277; deferred charges, \$68,230; total, \$6,135,256.

total, \$6,135,256.

Liabilities—Accounts payable—trade, \$308,634; accrued payrolls and taxes and misc. accts. payable, \$259,162; estimated provision for Federal income taxes: (less U. S. Government tax notes of \$1,139,000, \$345,210; notes payable to banks, under Federal Reserve regulation V, \$2,500,000; reserved for war and post-war adjustments, \$250,000; common stock (par \$1), \$237,449; capital surplus, \$833,554; surplus arising from appraisal of fixed assets, \$133,387; earned surplus, \$1,306,792; common stock held in treasury, at cost (4,292 shares), Dr\$38,932; total, \$6,135,256.—V. 158, p. 1279.

Koppers Co.—New Financing Reported—

The company, it is reported, plans to file with the SEC in the near future a new issue of \$23,000,000 bonds running for 20 years and carrying a 3% coupon. The proceeds, together with treasury cash, would be used by the company to retire outstanding mortgage debt. This includes \$20,819,000 first mortgage and collateral trust 3½s, due 1961, brought to market in April, 1941; \$3,000,000 of 3½s outstanding under the same mortgage and a \$3,000,000 mortgage outstanding against the building owned by Koppers Building, Inc., a subsidiary. Mellon Securities Corp., it is said, will head the investment banking group underwriting the new securities.—V. 160, p. 1296.

Laclede-Christy Clay Products Co.—Extra Dividends—

Laclede-Christy Clay Products Co.—Extra Dividends—
The directors on Sept. 20 declared an extra dividend of five cents per share and the reguiar quarterly dividend of 10 cents per share on the common stock, no par value, both payable Oct. 1 to holders of record Sept. 25. Similar distributions were also declared, payable Nov. 30, next, to holders of record Nov. 20, in order to place the quarterly dividend payments on a fiscal year basis instead of a calendar year basis as heretofore. These dividends, together with the three dividends of 10 cents each paid on Jan. 1, April 1 and July 1, will make a total of 60 cents to be paid during the current fiscal year to end Nov. 30, 1944. In the last fiscal year, a total of 40 cents per share was paid.

The 6% preferred stock was recently called for redemption as of Oct. 1, 1944, leaving only two shares of old 7% non-callable preferred stock and 139,948 shares of common stock outstanding.—V. 160, p. 985.

New Director-

Max C. Hilton has been elected a director. Other directors elected were: Albert Wende, William H. Wright, A. L. Blomfield and Walter W. Foskett.—V. 160, p. 328.

Lamson Corp. of Delaware—Resumes Dividends—
The directors on Sept. 15 declared two dividends of \$1.50 each on the 6% cumulative preferred stock, par \$50, and a dividend of 25 cents per share on the \$5 par common stock, all payable Oct. 5 to holders of record Sept. 25. The preferred dividends cover the period from June 1, 1943 to May 31, 1944, and wipes out all arrearages on that issue. Distributions of 20 cents per share on the common stock and of \$1.50 per share on the preferred stock were made on July 15, 1943; none since.—V. 159, p. 1354.

Carl F. Dietz, President, in a letter to the stockholders on Sept. 25 stated in part as follows:

"Results of operations without considering the terminated Govern-

"Results of operations without considering the terminated Government contract at all have been on a satisfactory basis and all activities continued to be directed to the war effort. The high rate of recent years continues thus far this year with ample backlog to sustain it unless cancellations or termination instructions are re-

ceived.

"The order balance is substantially higher than it was a year ago at this time (exclusive of the large cancelled Government contract) and represents a wide variety of products. Recently there was added a contract for artillery shell boosters, for which the Government is providing all necessary major equipment.

"At this writing the unfinished business on the books is approximately \$4,635,850.

"The New York and Boston mail tube lines are operating under very much heavier load than in normal times. Little or no difficulty is experienced in keeping up with this extra heavy demand, and interruptions of service for any cause have been negligible. The results of operations have been in harmony with recent years."—V. 159, p. 1354.

Louisville & Nashville RR.—New Chairman Elected—

Frederick B. Adams, a director for many years, has been elected Chairman of the board of this road and of the Atlantic Coast Line RR. to succeed the late Lyman Delano.

To Redeem All Outstanding 31/2 % Bonds-

The directors on Sept. 21 authorized the redemption on Jan. 1. next, at 102, of all of the outstanding \$10,997,000 unified mortgage 3½% bonds, series A, due Jan. 1, 1950, and all of the outstanding \$3,000 collateral trust 3½% bonds due Jan. 1, 1950.

The above action was said in financial circles to be paving the way for a refunding operation involving over \$50,000,000 of bonds.—

Luscombe Airplane Corp.—New Vice-Pres. & Treas.

Leopold H. P. Klotz, of Trenton, N. J. and New York, N. Y., has been elected a director and Vice-President and Treasurer. He has been a private pilot for more than 15 years.

Charles H. Gale & Associates, 515 Madison Avenue, New York 22, N. Y., has been appointed public relations counsel of the Luscombe Airplane Corp., Trenton, N. J.—V. 159, p. 2523.

McCall Corp.—Increases Dividend Rate and Declares Extra of 25 Cents-

The directors on Sept. 26 declared an extra dividend of 25 cents per share and a quarterly dividend of 40 cents per share on the common stock, no par value, both payable Nov. 1 to holders of record Oct. 14. Quarterly distributions of 35 cents each were made on Feb. 1, May 1 and Aug. 1, this year, and in each quarter during 1943. An extra dividend of 25 cents per share was also paid on Nov. 1, 1943.—V. 160, p. 832.

McGraw-Hill Publishing Co., Inc.—20-Cent Dividend— The directors on Sept. 26 declared a cash dividend of 20 cents per share on the common stock, payable Nov. 1 to holders of record Oct. 20. Like amounts were paid on March 10, June 10 and Sept. 12, this year. Payments in 1943 were as follows: April 1, 15 cents; July 1, Sept. 15 and Nov. 1, 20 cents each; and Dec. 20, a year-end of 25 cents.—V. 160, p. 832.

McKesson & Robbins, Inc.—Annual Report-

Consolidated net profits of company for the fiscal year ended June 30, 1944, amounted to \$5,161,069, according to the annual report. For the previous fiscal year consolidated net profits were \$5,097,370.

The net profits now reported are after all deductions, including provision of \$13,102,445 for Federal income taxes, an addition of \$250,000 to the reserve for contingencies, and a charge of \$668.316 for net premium on the company's debentures which were all retired during the fiscal year, but before a special credit of \$460,686 deriving from the settlement of prior years' taxes. They amounted, after provision for preferred stock dividends, to \$2.75 per share of common stock.

For the previous fiscal year the net profits were likewise after all deductions, including provision for Federal income taxes of \$10,639,226 and an addition of \$500,000 to reserve for contingencies but before a

and an addition of \$500,000 to reserve for contingencies but before a special credit of \$254,310, representing over-reserve for the preceding period's taxes. These earnings amounted to \$2.85 per share common stock after provision for preferred stock dividends.

The retirement during the year of the company's funded indebtedness and the issue of its new \$4 cumulative preferred stock were not completed until October, 1943, William J. Murray, President, points out; hence savings in charges ahead of the common stock effected by this refinancing were realized only during a portion of the fiscal year.

In issuing his report Mr. Murray stated that all charges and expenses connected with the company's refinancing had been absorbed during the fiscal year. After such charges and dividend payments on

the preferred and common stocks, earned surplus was increased by \$1,913,924, and stood at a total of \$8,995,110 as at June 30, 1943.

Net sales for the year, excluding all inter-company sales, were \$279,194,622, compared with \$242,496,293 for the year ended June 30, 1943, thus representing an increase of 15%. At the same time, the report points out, sales volume was somewhat restricted by inability to obtain certain merchandise, particularly drug sundries. No material change in this situation is anticipated for the duration of the war, Mr. Murray adds.

Mr. Murray adds.

Addition of \$250,000 to the reserve for contingencies brought this reserve, which has been created out of earnings, to \$2,000,000 as at June 30, 1944. Renegotiation of Government contracts for the year has not been completed, but Mr. Murray reports that it is not expected

has not been completed, but Mr. Murray reports that it is not expected to affect these earnings materially.

A program of aptitude tests and training courses has been instituted in order to maintain an efficient and well-trained organization. The new program is expected to fit employees for more rapid promotion and make it possible for their special aptitudes and experience to be utilized, especially in the case of returning service men and women, of whom there already are more than 1,600 in the armed forces. During the fiscal year an employees' retirement plan was voted by the stockholders and has since been approved by the United States Treasury Department as a plan qualifying under the Internal Revenue Code.

In discussing the company's outlook Mr. Murray writes In discussing the company's outlook Mr. Murray writes:
"The company's financial structure has been simplified and strengthended as a result of the recent financing. The nature of its business
is such that the problems of reconversion are relatively simple.
Although the transition from a war economy to a peace economy will
present problems, the management considers the company to be in a
strong position to meet them and is continuing its efforts to maintain the company's growth and development."

McLellan Stores Co.-Listing of 5% Preferred Stock

McLellan Stores Co.—Listing of 5% Preferred Stock
The New York Stock Exchange has authorized the listing of 30,000
shares of 5% preferred stock (par \$100) upon official notice of
issuance upon reclassification of its 6% preferred stock.
The redemption price and the amount which each share of preferred stock is entitled to receive upon dissolution, liquidation or
winding up of the company, which at present is fixed at \$110 per
share, would continue at \$110 per share until Nov. 1, 1947 and
would then be reduced to \$105 per share plus, in each case, accrued
dividends to the date of redemption or liquidation.

The purpose of the above plan is to allow the holders of the present
6% preferred stock to retain their investment in the preferred stock
of the company, without tax liability and without the reinvestment
problem which would exist should the present stock be redeemed.
The company considers the reclassification plan to be a fair compromise between the interests of common stockholders in retaining
senior money at the lowest net cost and the interests of preferred
stockholdrs in not having their investment disturbed.—V. 160, p. 1297.

MacAndrews & Forbes Co .- 35-Cent Common Div.-

The directors on Sept. 21 declared a dividend of 35 cents per share on the common stock, par \$10, and the usual quarterly dividend of 1½% on the 6% preferred stock, par \$100, both payable Oct. 14 to holders of record Sept. 30. Like amounts were disbursed on April 15 and July 15, this year, while on Jan. 15, 1944, a dividend of 50 cents per share was paid on the common stock, together with the regular preferred dividend.

Common dividends paid in 1943 were as follows: Jan. 15, 60 cents, and April 15, July 15 and Oct. 15, 35 cents each.—V. 160, p. 328.

Madison Square Garden Corp.—Outlook-

Although the corporation spent between \$85,000 and \$100,000 for repairs during the first quarter beginning June 1, the loss normally sustained during the summer months was \$10,000 less than in the same period of last year, Ned Irish, acting President, said at the annual meeting of stockholders held on Sept. 26.

"The outlook for the coming season is excellent, and if the amusement industry maintains its present high level we expect to have as good a year as last year," Mr. Irish said.

In reply to a stockholder's question about a \$400,000 increase in the corporation's cash position, he said that more than \$200,000 of the increase resulted from tax saving on sale of a parking lot at a loss. He added that the corporation has surveyed the possibility of air-conditioning the Garden and that it would cost about \$400,000.

Midland United Co.—Reorganization Plan Approved by SEC In A Modified Form-

by SEC In A Modified Form—

The Securities and Exchange Commission has issued preliminary findings and opinion approving with modifications the plan of reorganization of Midland United Co. and Midland Utilities Co.

The Commission required that these modifications be made to the plan as filed prior to the submission of the plan to the reorganization court at Wilmington, Del. One change increases the amount of new stock allocated to Midland Utilities Co.'s outstanding prior lien stock to one-half of a share of Midland Realization Co. new common in place of three-tenths of a share as originally proposed.

Others provide for a more rapid payment of the settlement reached with a number of secured creditors, and make possible a prompt merger of Midland United Co., after its name has been changed to Midland Realization Co., into its subsidiary, Midland Utilities. In addition, secured creditors will waive approximately \$250,000 interest due to them under the settlement agreement.

The changes in the plan which were proposed by the trustees to meet questions raised by the Commission have the approval of the United trustee and the Utilities trustees and have been agreed to by the secured creditors and the interested parties who will relinquish or make available shares of the Realization company. The Commission's opinion stated it was also informed that the plan so modified is acceptable to the Bassett committee, representing holders of the Utilities company prior lien stock.

The Commission's preliminary findings pointed out the advantages

ceptable to the Bassett committee, representing holders of the Utilities company prior lien stock.

The Commission's preliminary findings pointed out the advantages of the modifications are self-evident. The ability of the Utilities trustees to furnish the Realization company approximately \$3,000,000 more than was anticipated when the plan was proposed, thus making it possible to pay off the secured creditors much more rapidly, results principally from the recent sale of the Chicago, South Shore & South Bend RR. The \$3,000,000 will include a loan of \$2,500,000 to the United trustee and \$500,000 in lieu of delivering \$9,500 shares of Northern Indiana Public Service Co. common to the Realization company.

Under the plan as modified claims of secured creditors exceeding \$15,635,000 are to be settled for approximately \$7,230,000 and the collateral is to be returned to the bankrupt estates.

Midland United is to change its name to Midland Realization Co., recapitalize on a one-stock basis, and liquidate within one year. It will distribute common stock of Public Service Co. of Indiana to the preferred stockholders of Midland United, one share for each share of \$3 dividend preferred and two shares for each share of \$6 dividend

of \$3 dividend preferred and two shares for each share of \$6 dividend

preferred.

Realization company common stock will be distributed to public hold-Realization company common stock will be distributed to public Service of Indiana stock. Realization common stock will also be distributed to debenture holders of Midland Utilities at the rate of 2.06 sheres for each \$100 principal amount of debentures, and to holders of Midland Utilities prior lien stock at the rate of one-half share for each share of Midland Utilities prior lien stock. Without the modification required by the Commission each prior lien share was to have received only 3/10 of a share of new Realization company common. The change was made possible by several interested parties who agreed to contribute enough shares to make up the difference.—V. 159, p. 1449.

Minneapolis & St. Louis Ry.-Notes Authorized-

The ICC on Aug. 26 authorized the company to issue at par a promissory note for not exceeding \$1.438.895 in further evidence of, but not in payment of, the unpaid portion of the purchase price of certain equipment to be acquired under a conditional-sale agreement. -V. 160, p. 986.

Minneapolis, St. Paul & Sault Ste. Marie Ry. - Exchange of Securities-

The holders of bonds, notes, and leased line stock certificates of the railway company, other than Canadian Pacific Railway Company have been notified by the reorganization committee as follows:

On Aug. 17, 1944, the U. & District Court for the District of Minnesota, Fourth Division, entered an order vesting the debtor's property in Minneapolis, St. Paul & Sault Ste. Marie RR., the reorganized company incorporated pursuant to the plan of reorganization confirmed in said proceedings, and authorizing and directing other action to be taken to consummate the plan of reorganization.

Beginning Oct. 9, 1944, the exchange agent and deposit trustees will be prepared to receive the several issues of the debtor's bonds. It is expected that deliveries of new securities will be made by the exchange agent and deposit trustees beginning on or about Oct. 19, 1944.

Arrangements for the exchange of securities and payment of cash in consummation of the plan of reorganization have been made with the approval of the Court, as follows:

service as a series of the following the most of the

First Consolidated Fifty Year Gold Bonds—Prior to the surrender for exchange of the first consolidated 50-year gold bonds, matured July 1, 1938, the holders of such of said bonds as bear an interest guaranty by Canadian Pacific Railway Co. should collect from the agency, Bank of Montreal, 64 Wall St., New York 5, New York the installments of interest that matured on said bonds on Jan. 1 and July 1, 1938, if they have not already collected said installments. This shall be done by detaching and collecting the Jan. 1, 1938, coupons and by presenting the bonds to said agency, Bank of Montreal, for payment of the July 1, 1938, interest (for which interest installment no coupons were provided). Except as aforesaid, holders of said first consolidated 50-year gold bonds will receive the new secutities and the amounts of cash to which they are severally entitled upon surrender of their bonds to the exchange agent appointed for the purpose, Guaranty Trust Co., 140 Broadway, New York 15, New York.

Second Mortgage 4% 50-Year Gold Bonds—The voting trust certificates representing common shares of the reorganized company to which holders of the second mortgage 4% 50-year gold bonds, due Jan. 1, 1949, are entitled under the plan of reorganization, have been issued and delivered to The First National Bank of Chicago, the deposit trustee under the second mortgage bondholders' deposit agreement provided for in said plan. At any time prior to the termination of said deposit agreement on Jan. 1, 1949, holders of said bonds who wish to reserve their claims against Canadian Pacific Railway Co. as guarantor of the interest on said bonds to and including Jan. 1, 1949, may deposit their bonds, together with all unmatured coupons appertaining thereto, with the deposit rustee, become parties to said deposit agreement, and receive certificates of deposit issued by the deposit trustee pursuant to the provisions of said deposit agreement to the prior to the termination of said deposit agreement holders of said bonds may surrender the same, together with all unmatured coupons appertaining thereto, to the deposit trustee for cancellation for all purposes, and will then receive in exchange therefor the voting trust certificates (or distributable securities and cash) to which they shall at the time be entitled under the terms and conditions of said deposit agreement.

First Refunding Mortgage Bonds—The voting trust certificates rep-

First Refunding Mortgage Bonds—The voting trust certificates representing common shares of the reorganized company to which holders of the first refunding mortgage bonds, 6% series A, due July 1, 1946, and first refunding mortgage bonds, 5½%, series B, due July 1, 1978, are entitled under the plan of reorganization, have been issued and delivered, together with \$10,000,000 principal amount of Wisconsin Central Railway Co. first and refunding mortgage 5% bonds, series B, due April 1, 1959, to Continental Illinois National Bank and Trust Company of Chicago, the deposit trustee under the first refunding mortgage bondholders' deposit agreement provided for in said plan of reorganization.

Series A: Holders of said first refunding mortgage bonds, series A, may surrender their bonds, together with all coupons appertaining thereto, matured or maturing on and after Jan. 1, 1938, to said deposit trustee for cancellation for all purposes, and receive in exchange therefor the voting trust certificates and Wisconsin Central bonds (or certificates of beneficial interest therein), or distributable securities and cash, to which they shall at the time be entitled under the terms and conditions of said deposit agreement.

Series B: Holders of said deposit agreement.

Series B: Holders of said first refunding mortgage bonds, series B, who wish to reserve their claims against Canadian Pacific Railway Co. as guarantor of the interest on said bonds may deposit their bonds, together with all unmatured coupons, if any, appertaining thereto, with said deposit trustee, become parties to said deposit agreement, and receive certificates of deposit issued by said deposit trustee pursuant to the provisions of said deposit agreement; or holders of said bonds may surrender the same, together with all unmatured coupons, if any, appertaining thereto, to said deposit trustee for cancellation for all purposes, and receive in exchange therefor the voting trust certificatee and Wisconsin Central bonds (or certificates of beneficial interest therein), or distributable securities and cash, to which they shall at the time be entitled under the terms and conditions of said deposit agreement.

The said deposit agreement will continue in effect so long as Canadian Pacific Railway Co. shall remain liable to pay interest on the series B bonds deposited thereunder, and series A bonds may be exchange, and series B bonds may be deposited or exchange, at any time prior to the termination of the deposit agreement.

4% Leased Line Stock Certificates—Holders of 4% leased line stock certificates (Wisconsin Central Railway Co.) may surrender the same to the Bank of Montreal, 64 Wall St., New York, and will receive in exchange therefor certificates for shares of preferred stock of Wisconsin Central Railway Co.

6% Secured Notes—Holders of the 6% secured notes may surrender the same to Central Hanover Bank and Trust Co., New York, and will receive in exchange therefor Minneapolis, St. Paul & Sault Ste. Marie Ry. Co. first refunding mortgage bonds, 5½%, series B, due July 1, 1978, except as cash payments may be made in certain cases, The first refunding mortgage bonds so received may be deposited or exchanged as set forth above.

Twenty-five Year Gold Notes—Holders of the 25-year $5\frac{1}{2}\%$ gold notes may surrender the same to Bankers Trust Co., New York, and receive in exchange therefor certificates for shares of the common stock of Wisconsin Central Railway Co.

The members of the reorganization committee are: Kenneth F. Burgess, Fred N. Oliver and Henry S. Mitchell.

Missouri Pacific RR .- Van Sweringen Suit-

Hearing of a \$3,000,000 recovery suit brought against the O. P. Van Sweringen estate by the company, alleging financial "misconduct" 10 years ago, opened in Common Pleas Court at Cleveland, C., Sept. 25. George B. Harris, attorney for the Missouri Pacific, ask of for an accounting of transactions, a determination of the exact losses sustained by the railroad, and an order requiring the estate and executors tained by the railroad, and an order requiring the estate and executors to pay that sum.

The railroad petition argued that individual defendants were "dummy directors" at the head of various companies allied with the O. P. Van Sweringen interests.—V. 160, p. 1297.

Missouri Pacific RR. Corp. in Neb .- Abandonment-

The ICC on Sept. 16 issued a certificate permitting abandonment by Guy A. Thompson, trustee of the Missouri Pacific RR. Corp. in Nebraska, of a portion of a branch line of railroad extending from Talmage to Crete, approximately 58.1 miles in Otoe, Johnson, Lancaster, and Saline Counties, Neb., effective 1 year from date.

The Commision denied the application to permit abandonment of a portion of a branch line of railroad extending from Talmage to a point about 2 miles north of Auburn, approximately 11.9 miles, in Otoe and Nemaha Counties, Neb.—V. 134, p. 1192.

Mobile (Ala.) Gas Service Corp.—Plan Filed-

A plan for reorganization of the corporation, a subsidiary of the Consolidated Electric & Gas Co., was filed Sept. 26 with the Securities and Exchange Commission.

Under the plan, Mobile would reclassify its common stock and issue and sell at competitive bidding \$1,400,000 of new bonds and \$600,000 (par \$100) new preferred stock. It would use the proceeds from these sales to retire its outstanding bonds and preferred stock.

Consolidated Electric and Gas would sell at competitive bidding Mobile Gas Service's reclassified common stock and use the proceeds to acquire and retire its own outstanding bonds.

Consolidated owns all the outstanding 5,000 no-par value common shares of Mobile. As part of the plan, these shares would be reclassified into 100,000 shares of an unspecified par value "in order to place the common stock in a more marketable form."—V. 160, p. 834.

Mock, Judson, Veehringer Co., Inc.-Stock Dividend-

The stockholders at a special meeting held on Sept. 25 approved an amendment to the certificate of incorporation calling for the payment of a stock dividend on the common stock at the rate of one-sixth of a share of new 5% preferred, \$50 par value, and one-half share of common, par value \$2.50, for each share of common held.

The dividend will be payable to stockholders of record Sept. 26 as soon as registration is effected with the SEC. See also V. 160, p. 1188.

Montreal Light, Heat & Power Consolidated-To Pay Dividend of 20 Cents-

Dividend of 20 Cents—

The directors on Sept. 18 declared a dividend of 20 cents per share, payable Oct. 31 to stockholders of record Sept. 30. This is the first payment ordered since the company's properties were expropriated by the Quebec Provincial Government on April 15, 1944. Up to and incl. April 30, this year, the stock had been on a \$1.50 annual dividend basis, on April 30, 1944 the company also paid a dividend of 31 cents per share in new capital stock of Southmont Investment Co., Ltd., or on the basis of one share of Southmont for each share of Montreal Light stock held.—V. 160, p. 14.

(F. E.) Myers & Bro. Co.—Correction—
The earnings statement given in our issue of Sept. 18 (p. 1188) covers the periods of three and nine months ended July 31 and not June 30.—V. 160, p. 1188.

Narragansett Electric Co.—Invitation for Proposals for

Purchase of \$31,500,000 First Mortgage Bonds—
Proposals for the purchase as a whole of \$31,500,000 first mortgage bonds, series A, 3%, due 1974, will be received at the office of the President of the company, 5th floor, 49 Westminster St., Providence, R. I., up to 12 noon (EWT), Oct. 2.

The Securities and Exchange Commission on Sept. 21 approved the proposed financing program of the company providing for the sale at competitive bidding of \$31,500,000 3% first mortgage bonds, series A, due 1974, and the application of the proceeds and treasury cash to due 1974, and the application of the proceeds and treasury cash to the redemption of \$31,732,000 $3\frac{1}{2}\%$ outstanding first mortgage bonds, series A, due July 1, 1966, at $105\frac{1}{2}$.—V. 160, p. 1188.

Nashua Manufacturing Co.-60-Cent Common Div.-Nashua Manufacturing Co.—60-Cent Common Div.—
The directors have declared a dividend of 60 cents per share on the common stock, no par value, payable Oct. 25 to holders of record Oct. 14. Distributions of 25 cents each were made on this issue on Feb. 1, May 5 and Aug. 1, this year. In 1943, the following dividends were paid: Feb. 1, May 1 and Aug. 2, 25 cents each; and Oct. 30, \$1.25.
The directors also declared a dividend of \$2.45 per share on the first preferred stock, no par value, and the regular quarterly dividend of 50 cents per share on the second preferred stock, no par value, both payable Oct. 2 to holders of record Sept. 23. So far this year, the company has made the following payments on the first preferred stock: Jan. 2, \$1.25; and April 1 and Oct. 1, \$1.65 each.—V. 159, p. 640.

Equipment Trust Certificates-

The ICC on Aug. 30 authorized the company to assume obligation and liability in respect of not exceeding \$15.500,000 1% cequipment trust certificates, to be issued by the First National Bank, New York, as trustee, and sold at 99.5391% of par and accrued dividends in connection with the procurement of certain equipment.

The report of the Commission states in part:

The applicant invited 194 firms and institutions to bid for the purchase of the certificates, the bidders being required to name the rate of dividends to be borne thereby in multiples of % of 1% per annum. In response thereto 3 bids representing 39 parties were received. The best bid, 99.5391% of par and accrued dividends based on a rate of 1% % per annum was made by Salomon Bros. & Hutzler on behalf of itself and two associates and has been accepted. On this basis the average annual cost of the proceeds to the applicant will be approximately 1.97%.

Changes in Personnel-

Leroy V. Porter, Vice President and Comptroller, has been elected Vice Fresident in charge of accounting and Edward A. Clancy, Assistant Comptroller becomes Comptroller.—V. 160, p. 1082.

New York, Lackawanna & Western Ry. - Approves

Merger-

Merger—
The stockholders, at a special meeting held Sept. 27, approved the agreement of merger of this company with and into the Delaware Lackawanna & Western RR. system. It had previously been approved by the Interstate Commerce Commission. The vote was 81,783 shares for the merger and 240 against. Under the merger agreement Delaware Lackawanna is not bound to consummate the consolidation unless 90% of New York Lackawanna stockholders approve the plan. However, under the law the merger can be completed with agreement of two-thirds of the leased line stockholders.

The affirmative yote represented 81% of the outstanding stockholders.

The affirmative vote represented 81% of the outstanding stock.

It did not include stock owned by D. L. & W., which was not voted,

but which does not amount to the remaining 9% necessary to realize the 90% approval. The provision for a 90% approval of the leased line holders was insisted upon by the D. L. & W. management to prevent a substantial amount of outstanding stock from withholding approval. The merger can be either approved or rejected by D. L. & W. under the present vote.

under the present vote.

Stockholders of D. L. & W. are expected to meet sometime in December to vote on the proposed consolidation with New York Lackawanna. At the same time they will act on proposals to merge two other leased lines, viz.: The Valley RR. Co. and the Lackawanna RR. of New Jersey. The Interstate Commerce Commission earlier in September converged the merger agreement with Lackawanna RR. of New other leased lines, viz.; The Valley RR. Co. and the Lackavania sof New Jersey. The Interstate Commerce Commission earlier in September approved the merger agreement with Lackawanna RR. of New Jersey, and last April approved acquisition through stock ownership of The Valley RR.

A fourth leased line agreement, that between the D. L. & W. and Utica Chenango & Susquehanna Valley Ry. will come up for hearing before the ICC about the middle of October.

The agreement between the D. L. & W. and the Morris & Essex RR. Co. has not been signed yet.—V. 158, p. 2584.

Newport News Shipbuilding & Dry Dock Co.—Annual

The annual report for the year 1943, issuance of which has been delayed by contract renegotiation, shows a net profit of \$4,947,045 after a provision of \$16,732,000 for taxes and a provision of \$1,000,000 to the contingency reserve. This profit is equivalent, after preferred dividends, to \$5.78 per share on the outstanding common stock, as

after a provision of \$16,732,000 for taxes and a provision of \$1,000,000 to to the contingency reserve. This profit is equivalent, after preferred dividends, to \$5.78 per share on the outstanding common stock, as compared with \$5.33 per share earned in 1942. The net profit for the year 1943 of the company's non-consolidated subsidiary, North Carolina Shipbuilding Co., amounted to \$1,528,408 after renegotiation of contracts completed in that year; the subsidiary paid the parent company a dividend in the amount of \$749,825 in 1943.

The report of the parent company states that the company has accepted, subject to the preparation and acceptance of a formal renegotiation agreement, the Navy Price Adjustment Board's determination of excessive profits on the company's shipbuilding and other work completed or substantially completed in 1943, involving a net refund of \$39,648,012 of excessive profits estimated to have accrued to Dec. 31, 1943. An additional refund of excessive profits of \$4,316,000 on work renegotiated will not be reflected in the accounts until such profits accrue in the year 1944. A net provision to Dec. 31, 1943 of \$4,667,340 has also been made for estimated refund of profits on shipbuilding contracts not renegotiated. The report states that the Board's determination gave more adequate recognition to the excellence of the company's performance than did its prior determination with respect to comparable shipbuilding work done in 1942.

Principally as a result of the more adequate allowance in renegotiation on the work completed in 1943 the net operating profit increased about \$4,377,000, or 25% over the operating profit for the year 1942, although the volume of production for 1943 was somewhat less than that for 1942. Approximately 75% of the increase in operating profit, however, was absorbed by increased provision for taxes for 1943, which totalled about 25% more than that of the preceding year.

During the year 1943 the company delivered three aircraft carriers, the Yorktown, Intrepid and Hornet,

level of production would extend into 1947.

The subsidiary, North Carolina Shipbuilding Co., completed its "Liberty" ship contracts by delivering 75 vessels during 1943. These ships were constructed at the lowest cost and with the third-lowest manhours of the "Liberty" ships delivered during the year by the 15 ship-yards producing vessels of this type. This company is now engaged in building "C-2" and combat cargo ships under contracts and awards calling for the last delivery by June 30, 1945.

The number of the company's employees declined during the year 1943 from 29,408 to 27,679 at the close of the year. The employees of the North Carolina Shipbuilding Co. numbered 15,271 at the year-end. The decline in employmenti has continued for both companies during 1944 with the result that the present working forces are substantially under those of 1943. More than 20,000 employees of the two companies have entered the armed services and the Merchant Marine. The relations between the employees and the managements of the company and its subsidiary continue to be harmonious and there has been no interruption or curtailment of production. Both companies continue to receive production merit awards from the Navy Department and the U. S. Maritime Commission.

New Vice-President-

E. J. Robeson has been elected Vice-President and Personnel Manager.—V. 160, p. 987.

New York, New Haven & Hartford RR.-Housatonic Bondholders Urged to Indicate Their Dissatisfaction

Holders of Housatonic RR. consolidated mortgage 5s, 1937, are being urged to indicate their dissatisfaction with the treatment accorded them in the plan of reorganization for the New Haven Railroad

voting against the plan. In a letter to Housatonic bondholders,

by voting against the plan. In a letter to Housatonic bondholders, the protective committee points out that such disapproval will be consistent with its appeal to the U. S. Circuit Court, scheduled to be heard in mid-October. Ballots for voting will shortly be issued by the Interstate Commerce Commission.

Under the plan of reorganization approved by the District Court, it is proposed that each Housatonic bondholer receive, in exchange for his present bond, a new first and refunding fixed-interest obligation of the reorganized New Haven system. The protective committee contends that this treatment is inequitable and discriminatory and that the bondholders are rightfully entitled to payment in cash or, as an alternative, to an extension of the lien securing their bonds.

"Your committee feels," states the letter, "that there has been a violation of priorities in connection with the treatment accorded the Harlem River-Portchester bonds which remain undisturbed, although the Housatonic issue compares favorably on the basis of both earnings and physical valuation. Your committee believes that there has been similar discrimination and violation of priorities in view of the payment of the secured bank claims (which were secured by the pledge of junior collateral), the proposed payment of the New Haven secured 6s of 1940, and the improvement in the treatment accorded the junior first and refunding mortgage bondholders."

first and refunding mortgage bondholders."

In its letter the protective committee also states that the District Court erred in its interpretation of the Milwaukee and Wesern Pacific cases, and that its construction of these decisions involves an abdicatastes, and that its construction of these decisions involves an abdication of the duties of the court. It was the District Court's opinion that the subject-matter was one of valuation and that it was "duty-bound to accept" the finding of the Commission as long as it was supported by "material" evidence. The committee contends that the District Court is required to exercise an independent judgment of its own and that it was the function of the Court to determine, on its own behalf, whether the Housatonic bondholders suffered discrimination.

Niagara Hudson Power Corp.—Resignations-

Earle J. Machold, President, on Sept. 21 announced, following a meeting of the board of directors, that Paul A. Schoelikopf had resigned as Chairman of the board and as a director of this corporation.

Mr. Schoellkopf will continue, however, as Chairman of the board of Buffalo, Niagara & Eastern Power Corp., and as President of Niagara Falls Power Co., western affiliates of Niagara Hudson Power Corp.

The resignations of Col. William Kelly, President of Buffalo, Niagara & Eastern Power Corp., as a director and Vice-President of Niagara Hudson Power Corp., and Dr. Norman R. Gibson, Vice-President of BNE, as a Niagara Hudson director also were submitted at the meeting.

In a brief letter to the board of directors of Niagara Hudson, Mr. Schoellkopf referred to the Securities and Exchange Commission orders of last June, which called for the reorganization of Buffalo, Niagara & Eastern Power Corp. under the Public Utility Holding Company Act of 1935.

Whatever the form of that reorganization according to Mr. Schoell-kopf, it must include a distribution of the new common stock of the western New York company between the \$1.60 preferred stockholders of Buffalo, Niagara & Eastern Power Corp. and Niagara Hudson Power Corp., which owns all of the Buffalo, Niagara & Eastern class A and common stock.

Mr. Machold announced that the resignation of Mr. Schoellkopf, Col. Kelly and Dr. Gibson would in no way affect the relations now existing between Niagara Hudson and Buffalo, Niagara & Eastern Power Corporation. He said: "All agreements between the Niagara Hudson companies providing for the exchange of power and for other reciprocal arrangements will be continued as in the past."—V. 160,

Noblitt-Sparks Industries, Inc.-Dividend Ruling-

The New York Stock Exchange on Sept. 22 directed that the capital stock, par \$5, be not quoted ex the 25% stock dividend until Oct. 16; that all certificates delivered after Oct. 2, 1944, in settlement of Exchange contracts made prior to Oct. 16 must be accompanied by duebills; and that all due-bills must be redeemed on Oct. 17.

The 25% stock distribution had previously been declared to be payable Oct. 16 to holders of record Oct. 2. See V. 160, p. 1189.

Northern States Power Co. (Del.)-Weekly Output-Electric output of this company for the week ended Sept. 23, 1944, totaled 42,467,000 kwh., as compared with 39,883,000 kwh., for the corresponding week last year, an increase of 6.5%

To Pay Dividends On Account of Arrearages-

The directors on Sept. 22 declared a quarterly dividend of \$1.31\\(^4\) per share on the 7\% cumul. preferred stock and a dividend of \$1.12\\(^4\) per share on the 6\% cumul. preferred stock, both payable Oct. 20 to \$1.00 to \$1.

Northwest Airlines, Inc.—Mail Loads Gain —

Northwest Airlanes' mail loads during the month of August showed an increase of nearly 74,000 pounds over the July total, with 491,599 pounds carried last month. Croil Hunter, President and General Manpounds carried last month, Croil Hunter, President and General Manager, announces. The August figure represents a substantial gain over the same month a year ago. Northwest planes, operating between Chicago, the Twin Cities, and the Pacific Northwest, and into Winnipeg, Canada, carried their mail loads 445,932,088 pound miles in August, more than 53,000,000 pound miles more than in the previous month.—V. 160. p. 1298.

Norwich Pharmacal Co.-Special Offering-A special offering of 15,000 shares of common stock (par \$2.50) was made on the New York Stock Exchange Sept. 21 at \$13 per share with a commission of 40 cents. The of-fering was made by Hornblower, & Weeks and Merrill Lynch, Pierce, Fenner & Beane, and was over sub-scribed in the elapsed time of five minutes. Bids were received for 43,410 shares and allotments were made on a basis of 34.6%. There were 73 purchases by 28 firms; 4,345 was the largest allotment, 35 the smallest.—V. 160. p. 835

NY PA NJ Utilities Co.—Intercorporate Simplification Program Filed With SEC-

Proposed transactions designed to simplify intercorporate relationships between NY PA NJ Utilities Co. and two subsidiaries—Metropolitan Edison Co., Reading, Pa., and Staten Island (N. Y.) Edison Corp., were filed Sept. 25 with the Securities and Exchange Commission.

The plan is also designed to enable Metropolitan to dispose of port-folio investments and refund senior securities at a lower cost, the ap-

folio investments and refund senior securities at a lower cost, the application said.

NY PA NJ would borrow \$9,500,000 from Guaranty Trust Co. of New York on a three-year unsecured 2¼% promissory note. Of this, \$9,-049,900 would be paid to Metropolitan. Metropolitan would also receive from its parent 5,097 shares of its own \$5 cumulative preferred stock, 1,220 shares of its \$6 preferred and 9,412 shares of \$7 preferred. These would be canceled.

In return for the cash and preferred stocks, Metropolitan would transfer to NY PA NJ \$15,778,500 of Mohawk Valley Co.'s 6% consolidated refunding gold bonds, due 1981, and assumed by NY PA NJ. Metropolitan would contribute to Staten Island 100,000 shares of Staten Island's common stock.

Island's common stock.

Metropolitan would issue and sell under competitive bidding \$24,-500,000 first mortgage bonds, due 1974, and 125,000 shares of new (\$100 par) cumulative preferred stock to redeem before March 1, 1945,

(\$100 par) cumulative preferred stock to redeem before March 1, 1945, \$51,150,663 in eight of its securities issues. Interest and dividends would be paid out of general funds.

At the completion of the retirement program, all of Metropolitan's presently outstanding bonds and preferred stocks would have been retired except for \$1,247,500 of York Haven Water & Power Co.'s gold 5% bonds, due 1951, which are non-callable.

The Metropolitan Edison Co. asked the Commission for permission to sell its gas manufacturing, transmission and distributing facilities in Northampton and Berks Counties, Pa., to the Allentown-Bethlehem Gas Co. for a base price of \$1,345,000 in cash. The sale, it said, with the already contracted sale of its gas properties in Lancaster, Pa., to the Harrisburg Gas Co., would remove it entirely from the gas utility field.—V. 160, p. 1083.

Ohio-Midland Light & Power Co.—SEC Refuses to Reopen Case-

The Securities and Exchange Commission has denied petitions for a rehearing on its order entered Sept. 7, approving the sale by Associated Electric Co. of its interest in Ohio-Midland to three rural electric co-operatives operating in Ohio.

co-operatives operating in Ohio.

The petitions, filed by some villages in the area served by Ohio-Midland and by Columbus & Southern Ohio Electric Co., alleged that the purchasers intend, upon their obtaining the Ohio-Midland securities, to effect a reorganization in contravention of the law of Ohio and without the approval of the Public Utilities Commission of Ohio.

The Commission said the situation presented by the petitions is not substantially different from that existing at the time of its order of Sept. 7.—V. 160, p. 1298.

Ohio Edison Co.-\$48,962,000 Bonds and Preferred Stock Offered-Morgan Stanley & Co. and associates offered Sept. 27 two issues of securities of the company, consisting of \$30,962,000 first mortgage bonds, 3% series of 1944 due 1974 and 180,000 shares of 4.40% preferred stock, cumulative (par 100). The bonds were offered at $102\frac{1}{2}$ and interest and the preferred stock at 103 per share and accrued dividend from Oct. 11 if delivery is made after that date.

Associated with Morgan Stanley & Co. in the offering are Blyth & Co., Inc., The First Boston Corp., Goldman, Sachs & Co., Harriman Ripley & Co., Inc., Kidder, Peabody & Co., Lehman Brothers, Mellon Securities Corp. and Smith, Barney & Co.

The bond issue was awarded on a bid of 101.417 as 3s and the preferred stock on a bid of 100.717. Haisey, Stuart & Co., Inc. and associates bid 101.190571 for the bonds as 3s and Lazard Freres & Co. and associates bid 100.7699 for the bonds, also as 3s. A competing bid for the stock, naming 101.80 for a 4½% dividend was submitted by W. C. Langley & Co.

Ownership—All of the common stock of Ohio Edison Co. is owned by The Commonwealth & Southern Corp. (Del.). Commonwealth also owns all of the common stock of Pennsylvania Power Co. In order to ensure the preservation of economies now enjoyed by Ohio and Pennsylvania from the operation of their electric properties as an integrated system, Commonwealth proposes to transfer to Ohio all of the common stock of Pennsylvania as a contribution to the common stock equity of Ohio. Such transfer will be made prior to, or simulstock equity of Ohio. Such transfer will be made prior to, or simultaneously with, the issuance of the new bonds and new preferred stock, at which time Commonwealth also proposes to contribute to Ohio certain shares of preferred stock of Ohio surrendered or to be surrendered for cancellation.

Surrendered for cancellation.

Under the amended plan to change the capitalization of Commonwealth, Commonwealth proposes to distribute to its preferred and common stockholders all of the common stock of Ohio (which will then own the common stock of Pennsylvania), as well as the common stocks of its other northern subsidiaries, when and as such plan has received the necessary approvals and such distribution can lawfully be made.

Contributions to Common Stock Equity

Prior to, or concurrently with, the issue and delivery of the new bonds and new preferred stock, Commonwealth & Southern Corp. will make contributions to the common stock equity of Ohio as

(a) By transferring to Ohio the 110,000 shares of common stock (no par) of Pennsylvania (being all of the out-standing common stock of said company), the underlying book value of which, at May 31, 1944, amounted \$4,516,521

By giving up the right to receive the cash cost to Commonwealth or its predecessor of 12,134 shares of Ohio's preferred stock, \$6.60, \$7 and \$7.20 series, which were surrendered and cancelled on Dec. 31, 1943, amounting to
By surrendering to Ohio for cancellation 1,162 shares of Ohio's preferred stock, \$6 series, at the cash cost thereof to Commonwealth, amounting to

Capitalization, Giving Effect to Present Financing

Ohio Edison Co.—The funded debt and capital stock of Ohio as of
May 31, 1944 upon completion of the present financing will be, as
follows: Follows:
First Mortgage Bonds—
3%% series of 1937 due Jan. 1 1972
3% series of 1944 due Sept. J., 1974
Bank loans, 2¼%, payable in 16 equal
semi-annual installments——
\$ Authorized Outstanding 30,962,000 ... \$10,000,000 10,000,000 †500,000 shs. Preferred stock, cumulative. Common stock 2,000,000 shs.

1,149,707

Not limited except as set forth in the mortgage. †Ohio proposes to amend its articles of incorporation to change the 500,000 shares of authorized pfd. stock (no par) into the same number of shares of preferred stock (par \$100), which may be issued in series of equal rank having such dividend rates, dividend payment dates, amounts payable on liquidation not in excess of \$115 per share, redemption prices not in excess of \$115 per share, and conversion rights as the board of directors may from time to time determine. Ohio has been authorized by the Public Utilities Commission of Ohio, by order dated Aug. 12, 1944, to issue 180,000 shares of new preferred stock (par \$100). ‡Ohio proposes to amend its articles of incorporation so as to reduce the stated capital represented by the 1,436,920 shares of outstanding common stock from an aggregate of \$14,499,200 to an of outstanding common stock from an aggregate of \$14,399,200 to an aggregate of \$14,366,776, orediting the amount of such reduction; namely, \$1,32,424, to capital surplus, and so as to change the 1,436,920 shares into 1,795,847 shares of common stock with a par value of \$8 per share, or an aggregate of \$14,366,776.

Pennsylvania Power Co.—The funded debt and capital stock of Pennsylvania as of May 31, 1944 is as follows: First Mortgage Bonds— 3½% series of 1936 due Dec. 1, 1961 4% series of 1936 due Dec. 1, 1961 1.850,000 Preferred stock, cumulative (no par) (42,000 shares outstanding)

100,000 shs. \$4,200,000 100,000 shs. 500,000 shs. 110,000 Common stock (no par)__ 110,000 shs. "Not limited except as set forth in the mortgage and except that the authorized indebtedness of Pennsylvania is fixed at \$40,000,000 by the agreement of merger and consolidation, as amended.

BUSINESS—Ohio Edison Co.—Ohio Edison Co. is a corporation organized July 5, 1930 by an agreement of consolidation under the laws of the State of Ohio between Pennsylvania-Ohio Power & Light Co., Northern Ohio Power and Light Co. The Ohio Edison Co., The Akron Steam Heating Co. and The London Light & Power Co. Thereafter it acquired by purchase, in August 1930, all of the assets of Ohio River Edison Co. and The Ohio River Tranmission Co. and, as of September 1930, all of the assets of The Mahoning County Light Co. (all of the capital stock of which had been owned by Ohio since its organization).

co. (all of the capital stock of which had been owned by Ohio since its organization).

Ohio is engaged in the generation and purchase of electric energy and its distribution and sale in 236 communities in Ohio, as well as in rural areas, and in the sale of electric energy at wholesale to municipalities and other electric companies in Ohio. For the purposes of operation, the territory served is divided into three geographic divisions centering in (i) Akron, (ii) Youngstown and (iii) Springfield, the first two divisions being interconnected. Ohio sells under contract at the Pennsylvania-Ohio state line to Pennsylvania Power Co. certain of the latter's electric energy requirements. The contract provides that at the Pennsylvania-Ohio state line to Pennsylvania Power Co. certain of the latter's electric energy requirements. The contract provides that Ohio shall provide Pennsylvania with firm capacity up to 30,000 kilowatts and emergency or standby capacity to the extent of the full present capacity of Pennsylvania's New Castle steam-electric plant. The transmission systems of Ohio and Pennsylvania operate in parallel so that electric energy can be supplied either way. Ohio's transmission lines interconnect with the lines of a number of other electric systems including those of The Cleveland Electric Illuminating Co., The Ohio Power Co., The Ohio Public Service Co., The Dayton Power and Light Co. and The Marion-Reserve Power Co. Ohio also supplies steam heat in the business sections of Akron, Youngstown and Springfield. Incident to its electric business Ohio, subject to limitations due to the war, sells appliances and cooperates with appliance dealers and retailers.

Pennsylvania Power Co.—Pennsylvania Power Co. is a corporation

appliance dealers and retailers.

Pennsylvania Power Co.—Pennsylvania Power Co. is a corporation which was organized in Pennsylvania May 31, 1930. Pennsylvania is engaged in the generation and purchase of electric energy and its distribution and sale in 113 communities, as well as in rural areas, and in the sale of electric energy at wholesale to 4 municipalities, in western Pennsylvania. Pennsylvania's transmission lines interconnect at a number of points with those of Ohio, at the Pennsylvania Ohio state line, over which a substantial part of its electric energy requirements are received. There is also an emergency interconnection with the transmission lines of Duquesne Light Co. at a point south of Ellwood City. of Ellwood City.

Oliver Corp.—Registers With SEC-

The corporation has registered with the SEC 82,000 shares (par \$100) cumulative convertible preferred stock.

The stock is to be offered to common stockholders at a rate of one preferred share for each eight common shares held on Oct. 13. Subscription warrants will expire Oct. 25.

Of the proceeds, \$1,505,625 will be applied to payments at 100%% of \$1,500,000 of outstanding promissory notes held by banks. An additional \$4,500,000 will be used to improve company's plants at South Bend, Ind.; Battle Creek, Mich., and Charles City, Iowa. Balance will be applied to working capital for the development of new products. new products.

Blyth & Co. is the principal underwriter.

Company, now known as Oliver Farm Equipment Co., intends to change its name to Oliver Corp., and also absorb the Cleveland Tractor Co. See also Oliver Farm Equipment Co. in V. 160, p. 1190.

Oshkosh B'Gosh, Inc., Oshkosh, Wis.-Insurance-

The corporation, manufacturers of work clothes, has adopted a group insurance program which provides its employees with four-way security in the form of life insurance, accident and health coverage, and hospital expense and surgical operation benefits.

The plan is being underwritten by the Metropolitan Life Insurance Co. on a cooperative basis whereby the employees contribute fixed amounts and the employer bears the balance of the entire net cost.—V. 151, p. 3570.

Pacific Gas & Electric Co.-New Financing-

It is reported that the company plans to enter an arrangement with Blyth & Co., Inc., and associates for a refunding of approximately \$115,000,000 of first and refunding series H 3%s, due 1961. Blyth & Co., Inc., it is learned, has been forming a nationwide investment banking group to handle distribution of the big new issues. The new securities probably will be ready for the market late in October or early in November.—V. 160, pp. 836, 331.

Pittsburgh Plate Glass Co. - Former Chairman Recalled-Other Changes-Develops New Products-

Clarence M. Brown, 75, Philadelphia attorney, who turned over the office of Chairman of the board to H. S. Wherrett in January, has been recalled to his former post owing to the sudden death of Mr. Wherrett on Aug. 13, the company announced on Sent. 24. Mr. Brown had remained Chairman of the financial committee during Mr. Wherrett's tenure of office.

Leland Hazard, General Counsel, has been elected a Vice President and H. B. Higgins, President has been named Chairman of the executive committee.

tive committee

tive committee.

Howard B. Brown, Secretary, has been elected a director.

Mr. Higgins predicted that the company will make a speedy reconversion to peacetime activities after the war, and told of several new products developed in the search for wartime substitutes. One of these, a valuable food oil made from linseed oil, resulted from commercial application of solvent fractionation in paint oil production.

Mr. Higgins said

tion, Mr. Higgins said.
"So, in effect, a paint company will enter the post-war era making food oils and plastics as well as paints," Mr. Higgins asserted.

Acquires Interest in Brazilian Concern-See Corning Glass Works above .- V. 160, p. 1192.

Portsmouth Gas Co.—Sale Approved—

The Securities and Exchange Commission has approved the sale of the assets of the company to the New Hampshire Gas Co. for a cash consideration of \$160,000 plus an amount of \$38,849 for the net current assets as of April 30, 1944.

Portsmouth is a subsidiary of Consolidated Electric & Gas Co. and is another step in the integration plan of Electric & Gas Co.—V. 160, p. 668.

Potash Co. of America, Denver, Colo .- To Increase Stock-

A proposed amendment to the certificate of incorporation to increase the authorized capital stock from 560,000 shares (par \$5) to 1,200,000 shares (par \$5) will be voted upon at a special meeting of the stockholders Oct. 19.

Annual Report-The annual report for the fiscal year ended June 30, 1944, affords the following:

ended June 30, 1944, affords the following:

Net income showed an increase over the preceding year, due to a greater production and also to Federal tax provisions giving recognition to accelerated depletion of ore reserves due to such increased production on behalf of the war effort.

Greater production was obtained in spite of a decrease in the total number of employees in Carisbad, and the continuing loss of skilled men to the services and to other essential and war industries. In the fall of 1943 it became obvious that unless something was done, company's scheduled production could not be maintained, in spite of rising overtime. An agreement upon a production incentive plan was made with the Union representatives, submitted to the War Labor Board, approved by it Dec. 17 and put into effect that month. The result was an increase in tonnage output, with new records being made in five months out of seven. The additional production has been helpful in the war program and most acceptable to agriculture and industry. and industry.

Potsah compounds continued under War Production Board allocation, and the main problem in disposing of all tonnage the plant is producing is that of advantageous distribution, which is being well handled by the sales organization. Company continued to maintain its position in the industry, and supplied 43.5% of all 60% muriate taken by agriculture.

taken by agriculture.

The company has recently entered into operating agreements with Bay Petroleum Corp. for the exploration of four new oil structures in the State of Kansas. The first well on one of these structures, located in the northeast Galva area, McPherson County, Kan., has just been completed, with an indicated potential production in excess of 500 barrels of oil per day. The leases in this area aggregate a total of 1.280 acres, in which the interest of the company is one-quarter. Drilling has been started on another structure in McPherson County, Kan., and will be started shortly on two other structures in Barton and Summers Counties, Kan. Company's interest in the leases on the three last-mentioned structures is one-half. This is in line with the company's policy of attempting to develop additional natural resources whenever reasonable opportunities are presented. whenever reasonable opportunities are presented.

Bond Record «» New York Stock Exchange FRIDAY - WEEKLY - YEARLY

NOTICE—Prices are "and interest"—except for income and defaulted bonds. Cash and deferred delivery sales are disregarded in the week's range, unless they are the only transactions of the week, and when outside of the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

The italic letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

NOTICE—Cash and deferred delivery sales are disregarded in the week's range unless in a footnote in the week in which they occur. No account is taken of such sales in week, and when selling outside the regular weekly range are shown

In the following extensive list we furnish a complete record of the transactions on the New York Curb Exchange for the week beginning on Saturday, Sept. 23, and ending the present Friday (Sept. 29, 1944). It is compiled entirely from the daily reports of the Curb Exchange itself, and is intended to include every security, whether stock or bond, in which any dealings have occurred during the current year.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Sept. 30, clearings for all cities of the United States from which it is possible to obtain weekly clearings will be 3.9% above those for the corresponding week last year. Our preliminary total stands at \$10,425,430,392, against \$10,031,548,084 for the same week in 1943. At this center there is an increase for the week ended Friday of 12.6%. Our comparative summary for the week follows:

Clearings-Returns by Telegraph	Charles of Second		
Week Ending Sept. 30	1944	1943	%
New York	\$4,695,098,995	\$4,168,886,730	+12.6
Chicago	416,585,705	411,776,228	+ 1.2
Philadelphia	529,000,000	558,000,000	5.2
Boston		323,934,689	-14.4
Kansas City	156,848,834	158,283,679	- 0.9
St. Louis	147,100,000	142,800,000	+ 3.0
San Francisco	249,877,000	246,550,000	+ 1.3
Pittsburgh	228,513,216	224,783,787	+ 1.7
Cleveland	182,356,921	209,672,672	-13.0
Balitmore		122,309,385	+ 1.1
Ten cities, five days	\$7,006,119,375	\$6,566,997,170	+ 6.7
Other cities, five days	and the second second second		+ 4.2
Total all cities, five days	\$8,687,858,660	\$8,180,930,850	+ 6.2
All cities, one day	1,737,571,732	1,850,617,234	- 6.1
Total all cities for week	\$10,425,430,392	\$10.031.548.084	+ 3.9

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, in as much as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give the final and complete results for the week previous—the week ended Sept. 16. For that week there was a decrease of 13.6%, the aggregate of clearings for the whole country having amounted to \$10,541,396,959, against \$12,205,677,821 in the same week in 1943. Outside of this city there was a loss of 15.4%, the bank clearings at this center having recorded a decrease of 12.0%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals record an improvement of 7.2% but in the Boston Reserve District the totals register a falling off of 1.4% and in the Philadelphia Reserve District of 4.9%. In the Cleveland Reserve District of 0.1% but in the Atlanta Reserve District the totals show a decrease of 0.4%. The Chicago Reserve District has to its credit a gain of 1.9% and the St. Louis Reserve District of 0.8%, but the Minneapolis Reserve District suffers a loss of 0.7%. In the Kansas City Reserve District the totals register a decline of 3.2%, but in the Dallas Reserve District the totals record an improvement of 2.1% and in the San Francisco Reserve District of 2.6%.

In the following we furnish a summary by Federal Reserve Districts:

	SUMMARY OF B	ANK CLEARING	GS	FLUE TABLES

Note—Canadian Bank Clearing were discontinued as of Dec. 31, 1943. As noted in our issue of Jan. 17, 1944, page 250, at the last Annual General Meeting of the Canadian Bankers Association direction was given that clearings returns be discontinued on Dec. 31, 1943, in view of the fact that it had been obvious for some time that the figures did not correctly reflect business activity, for the reason that intra-bank items do not pass through the clearing houses.

Dividends are grouped in two separate tables. In the first we bring together all the dividends announced the current week. Then we follow with a second table in which we show the dividends previously announced, but which have not yet been paid. Further details and record of past dividend payments in many cases are given under the company name in our "General Corporation and Investment News Department" in the week when declared.

Foreign Exchange Rates

Pursuant to the requirements of Section 522 of the Tariff Act of 1930, the Federal Reserve Bank is now certifying daily to the Secretary of the Treasury the buying rate for cable transfers in the different countries of the world. We give below a record for the week just passed:

FOREIGN EXCHANGE RATES CERTIFIED BY FEDERAL RESERVE BANK TO TREASURY UNDER TARIFF ACT OF 1930 SEPT. 22 TO SEPT. 28, 1944, INCLUSIVE

General Corporation and Investment News

(Continued from page 1408)

Public Utility Engineering & Service Corp.—Output— Electric output of the operating companies served by this corporation (formerly reported by Standard Gas & Electric Co.) for the week ended Sept. 23, 1944, total 192,159,000 kwh., as compared with 192,155,000 kwh. for the corresponding week last year.—V. 155, p. 2462.

Pullman-Standard Car Mfg. Co.—Reported Negotiating for Engineering Concern-

Reports were circulated in financial circles on Sept. 19 that this company has made tentative offers to purchase the M. W. Kellogg Co.,

company has made tentetive offers to purchase the M. W. Kellogg Co., a privately-owned industrial engineering and contracting concern. Officials of the two companies declined to comment.

All stock in the Kellogg company is closely held. The latest available record, as of the end of 1942, showed total assets of \$25,137,457, with current assets \$19,751,642 and current liabilities \$10,535,326. The company was incorporated in Delaware in 1920 and M. W. Kellogg is President and Chairman of the board.

The Kellogg company makes penstocks for hydroelectric projects and specialty steel equipment for oil, chemical, paper and other industries. It builds radial concrete and brick chimneys and installs piping systems for power plants and oil refineries. Its main plant is located in Jersey City, N. J. Subsidiaries at the end of 1942 included the Canadian Kellogg Co., Ltd., and the Kelley Corporation. It also owns jointly with Diamond Alkali Co. the Diakel Co. of Ohio.

The Kellogg company has an authorized capitalization of \$5,000,000 of 7% cumulative preferred stock, 5,760 no par class A shares, 100,000 no par class B shares and 1,940 shares of \$100 par value common stock. The number of outstanding shares of each class of stock is not available.—V. 160, p. 1022.

Railway Express Agency, Inc.—Air Express Gains-

Weight of air express handled for the nation's commercial air-lines in July gained 10.8% over the same month a year ago, according to Air Express Division. An estimated 3,050,000 pounds were flown over the 45,000-mile network of the domestic airlines during the month, compared with 2,750,494 pounds in July, 1943, the report

The number of shipments moved in air express service in July increased 6.9%, an estimated 137,145 shipments being carried compared with 128,245 shipments in July, 1943.—V. 160. p. 1231.

Savoy-Plaza, Inc.-Makes Back Interest Payment-

This corporation, owner in fee of the Savoy-Plaza Hotel in New York City, on Sept. 21 announced that at the end of its fiscal year, July 31, a total of \$665,953 was available for payment of interest on income bonds. This was an increase of \$525,984 over the \$139,968 available in the previous year, according to Hunter S. Marston, Chairmann of the health of the second control of the health of

man of the board.

Payments of unpaid interest will amount to \$95 on each \$1,000 bond, and payable Oct. I to bondholders of record Sept. 20. On completion of this payment remaining interest arrears will amount to \$124 per \$1,000 bond, Mr. Marston said.

He added that Savoy-Plaza is continuing its policy of anticipating amortization payments to Metropolitan Life Insurance Co. on the first mortgage. "Present plans, when executed, will save about \$41,000 between Oct. 1, 1944, and Oct. 1, 1946, and will reduce the principal amount of the first mortgage from its present sum, \$2,400,000, to \$2,000,000 within the current fiscal year," he said.—V. 159, p. 2678.

Scranton (Pa.) Electric Co.—To Cut Valuation—

The Federal Power Commission on Sept. 19 approved an arrangement under which the company will immediately reduce by \$6,357,561 its book estimate of the original cost of its electric properties.

The Commission says the actual original cost is \$25,082,418, and that the \$6,357,561 which is being taken out of the electric plant accounts represents "write-ups, intercompany profit on engineering and supervision fees, and other excess over original cost."

The Commission said the new arrangement was recommended by staffs of the FPC and the Pennsylvania Public Utility Commission, and accepted by the company afters years of investigation and conferences.—V. 159, p. 2528.

Seiberling Rubber Co. of Canada, Ltd. — Bonds Offered—Harrison & Co., Ltd., Toronto, recently offered in the Canadian market \$500,000 1st mortgage (closed) bonds at 100 and interest. Bonds are dated Sept. 1, 1944, and mature \$20,000 annually (coupon rate 31/2%) each Sept. 1, 1945 to 1949, both inclusive and \$400,000 (coupon rate 5%) Sept. 1, 1959.

rate 5%) Sept. 1, 1959.

Principal and interest (M-Sl) payable in lawful money of Canada at principal office of company's bankers in Toronto, Hamilton, London, Montreal, St. John, Halifax, Winnipeg and Vancouver. All maturities of this issue are redeemable in whole or in part (prior to their final maturity in each case at 100 plus int.) at company's option on 60 days' notice at any time as follows; the 3½% serial bonds at 101 plus int; the 5% sinking fund bonds at 103 plus int. up to and incl. Sept. 1, 1948, and thereafter at 102 plus int. up to and incl. Sept. 1, 1952, and thereafter at 101 plus int. up to and incl. Sept. 1, 1952, and thereafter at 101 plus int. up to and incl. Sept. 1, 1955, and thereafter at 100 plus int. up to and incl. Sept. 1, 1955, and thereafter at 100 plus int. up to and incl. Sept. 1, 1956, and thereafter on plus int. until final maturity.

A sinking fund applicable to the 5% bonds will be created and maintained and the company shall, on Sept. 1, 1946 and annually thereafter on Sept. 1 in each year, pay into the sinking fund an amount equal to the interest upon all bonds redeemed, and on Sept. 1, 1950 and annually thereafter on Sept. 1 in each year, shall, in addition, pay into the sinking fund an amount of \$25,000. In lieu of case, the company shall have the right to tender to the trustee for cancellation 5% bonds of this issue at par.

Coupon bonds in denom. of \$1,000 and \$500. Registerable as to principal only. Trustee: The Montreal Trust Co. In the opinion of counsel, these bonds will be a legal investment for funds of Insurance Companies registered under the Canadian and British Insurance Companies registered under the Canadian and British Insurance Companies Act, 1932 (Dominion).

panies Act, 1932 (Dominion).
Company owns and operates, in Toronto, a modern plant for the manufacture of tires and tubes for passenger cars and trucks, and rubber sundries, consisting of hot water bottles, tobacco pouches, bathing caps and similar items. The company maintains branch offices in Toronto, Montreal and Winnipeg, and has distributors in Quebec, St. John, Calgary, Regina, Saskatoon and Vancouver.—V. 147, 2102

Simpson's, Ltd, 133,62½ Accumulated Dividend—
The directors have declared a dividend of \$3.62½ per share on account of accumulations on the 6½% cumul. preferred stock, par \$100, payable Nov. 1 to holders of record Sept. 30. Like amour is were paid on Feb. 1, May 1 and Aug. 1, this year. Payments in '43 were as fellows: Feb. 1 and May 1, \$1.62½ each; June 15, \$2; At 4. 2 and Nov. 1. \$1.62½ each, and Dec. 15, \$3.

Following the dividend just declared, accruals on the stock will amount to \$9.62½ per share.—V. 159, p. 2528.

Sinclair Refining Co. (Maine) - Obituary-

Earl W. Sinclair, President of this company and Chairman of the Executive Committee of the Sinclair Oil Corp., died on Sept. 21, 1944, in New York, N. Y. He was the brother of Harry F. Sinclair, President of Sinclair Oil Corp.-V. 160, p. 123.

Smith & Wesson, Inc., Springfield, Mass. — Reduces Authorized Stock-

The stockholders have voted to reduce the authorized capital from \$2,500,000 to \$1,500,000 by cancellation of 200,000 shares of common stock held in the treasury.—V. 158, p. 2621.

Solar Manufacturing Corp.—Transfer Agent—

The Marine Midland Trust Co. of New York has been appointed transfer agent for 90,000 shares of series A convertible preferred stock.—V. 160, p. 1300.

South Carolina Electric & Gas Co.—City Would Buy

The City of Columbia (S. C.) began negotiations Sept. 20 for the purchase of the company at a reported price of about \$39,500,000. The company, a subsidiary of the General Electric and Gas Corp., has been for sale since the SEC ordered liquidation of the parent company's

holdings. The South Carolina Public Service Authority, operator of the \$57,-000,000 Santee-Cooper hydro-electric development, sought to buy the properties about a year and a half ago, but the State Supreme Court held that it could not make the purchase.

Mayor Fred D. Marehall said an engineering firm in New York had been engaged to investigate the financial and physical organization of the company.—V. 159, p. 2311.

Southern Union Gas Co.—SEC Approves Plan—

The SEC has approved amendments to the reorganization plan of

The SEC has approved amendments to the reorganization plan of the company, a former holding company now operating as a gas utility in western Texas and New Mexico.

The Texas Southwestern Gas Co., a new subsidiary, would issue 97,170 shares (\$2 par) common stock to Southern Union in exchange for \$369,000 and 1,000 shares of \$1 par value of Texas Southeastern common stock, under the amendments.

The natural gas facilities serving Austin, Washington, Grimes, Waller and Colorado Counties, Tex., would be sold to Texas Southeastern by Southern Union for \$800,000. Texas Southeastern would issue \$480.000 of 3½% first mortgage bonds for sale to two insurance companies and apply the proceeds to the purchase of the Texas properties. Southern Union would deposit the \$800,000 proceeds from the sale of gas properties with trustees for its 3¾% first mortgage sinking fund bonds due in 1962 to retire a corresponding amount of bonds.

The Commission has been asked by Southern Union to declare it no longer a holding company after the transactions are completed. An

longer a holding company after the transactions are completed. An order to this effect will be issued when consummation of the transactions is certified, the Commission said. However, certain accounting adjustments are to be made and all servicing arrangements are to cease.-V. 160, p. 771.

Stahl-Meyer, Inc.-50-Cent Prior Preferred Dividend

A dividend of 50 cents per share has been declared on the \$5 prior preferred stock, payable Oct. 1 to holders of record Sept. 22. A like amount was disbursed on April 1 and July 1, this year. The previous payment on the prior preferred stock was an initial of \$3.50 per share made on Dec. 20, 1943. V. 160, p. 365.

Standard Accident Insurance Co., Detroit-Registers With SEC-

Company has filed with the SEC a registration statement covering 175,938 shares (\$10 par) common stock. Company is offering to common stockholders of record Oct. 9 the right to subscribe to the new stock at par on the basis of one new share for each share held. Subscription agents are the Detroit Trust Co., Chase National Bank, New York, and the Bank of America National Trust & Savings.

Association, San Francisco. Warrants expire on Oct. 27.

Proceeds will provide additional general funds and enable the company to buy all the stock to be issued by a new company 'which members of the board of directors in their individual capacities are organizing to transact general fire, marine and related lines of insurance business." See also V. 160, p. 1334.

Standard Oil Co. (Indiana)—Issues Booklet—

A 32-page booklet has just been issued which summarizes the war activities of this company and its subsidiaries. It is entitled "Standard Oil Co. (Indiana) in the War."

oil Co. (Indiana) in-the War."

The booklet, in part, stated:

"New war plants and facilities operated by Standard of Indiana and its subsidiaries cost in the neighborhood of \$90,000,000. Included in this figure is about \$66,000,000 for aviation gasoline plants, \$17,000,000 for toluene plants and \$7,000,000 for other special plants and facilities necessitated by the companies' participation in the war effort. Of the total cost \$73,000,000 is being paid for by the companies and \$17,000,000 by the Government for the plants which the companies have built for Defense Plant Corporation.

"An Isomate unit was completed at Whiting early in 1944, designed to produce at a rate of more than 175,000 gallons per day. Another at Salt Lake City, with a capacity of 35,000 gallons per day, has been in operation since the Spring of 1944.

"Four large plants for the production of alkylate, a basic component in the manufacture of aviation gasoline, have been built by Standard Oil Co. (Indiana) and its subsidiaries. Standard of Indiana has two at Whiting and Wood River, Pan American has one at Texas City and Utah Oil Refining Co. has one at Salt Lake City.

"Alkylate, which has a high octane rating, is regarded as an essential component of 100-octane fuels. Operation of the four plants will result in a great increase in the amount of fuel that can be delivered to the fighting air forces.

"Butane isomerization units, producing hydro-carbons for the alkylation process, are now operating at Whiting, Wood River and

isomerization units, producing hydro-carbons for alkylation process, are now operating at Whiting, Wood River and Salt Lake City.
"New utilities have been installed at Whiting and Wood River to

furnish power for these and other expanded wartime operations. At Whiting there is a steam generating plant capable of producing 1,000,000 pounds per hour of 400-pound pressure steam, a water station capable of pumping 90,000,000 gallons of water per day for cooling

1,000,000 pounds per hour of 400-pound pressure steam, a water station capable of pumping 90,000,000 gallons of water per day for cooling purposes and added water mains and sewers to handle the requirements for all war expansion building.

"At Wood River a new plant is capable of producing 720,000 pounds per hour of 600-pound pressure steam and 7,000 kwh. of power. At Salt Lake City, the Utah Oil Refining Co. provided the funds for construction of a new high prssure boiler plant.

"The new units built for Standard Oil Co.'s aviation gasoline program are utilizing new methods to produce a greater amount of higher grade gasoline for war. With capacity for a daily production of approximately 1,150,800 gallons of 100-octane aviation fuel, these units are a large factor in supplying the nation's aviation fuel needs. This is more than the total 100-octane aviation gasoline produced daily by the American Petroleum Industry before Pearl Harbor.

"Standard Oil Co. now has the capacity to furnish more than 58,000 gallons of toluene a day from its Whiting piant, more than was produced per days in the entire United States during World War I. The Texas City plant has a capacity of approximately 42,000 gallons per day, some of which is sent to the Baytown plant.

"The capacity of the Whiting plant for the xylene fraction is approximately 32,000 gallons per day, while the Texas City plant has a capacity of approximately 16,800 gallons.

"Since the Government's cancellation of the Rubber Synthetics plant at Gary and of the so-called "quick" butadiene projects, the Standard Oil Co. (Indiana) has not been directly engaged in any

project for the quantity production of butadiene. However, it has acted under the inter-company plan of furnishing surplus raw material to other refiners who had equipment to make butadiene. As a result, some of Standard's production of butane-butylene has been used in the production of synthetic rubber.

"While Rubber Synthetics, Inc., was owned by Standard Oil and two other companies, the principal personnel were supplied by Standard-the president, the plant manager and the chief technician. Preparatory work on the Gary plant had proceeded in close cooperation with the

work on the Gary plant had proceeded in close cooperation with the personnel of the Neches Butane Products plant a sister project, and in that way. Standard Oil personnel can be said to have made a substantial contribution to the design of the world's largest butadiene

plant.

"A contract providing that the Pan American Refining Corp., a subsidiary, provide 760 barrels a day of normal butylenes to a synthetic rubber plant at Houston, Texas, was entered into by that company with the Rubber Reserve Company in October, 1942.

"This aid to the rubber program was made possible by modifications in the plans for a fluid catalyst cracking until proposed for Texas City. The original design called for the operation of this unit under relatively moderate temperature conditions. However, it was discovered that it could be operated at higher temperatures to produce a surplus quantity of butylenes without affecting the production of 100-octane gasoline. The changes were made.

"An idea of the change from normal procedure that occurred largely in the next few months may be gained from statistics on tank cars. In July, 1941, the company had in service in its normal marketing area 8,100 tank cars. On May, 15, 1944, the company had only 1,963 of these cars in that same service. The remaining 6,132 had been used entirely for this war emergency.

"The transition from rail movement to highway transport required a revision of loading and unloading facilities. Roadways on which

"The transition from rail movement to highway transport required a revision of loading and unloading facilities. Roadways on which the trucks operated were not generally adjacent to trackside loading apparatus, and added facilities were needed at a majority of the company's bulk plants, refineries and marine terminals. These have been completed at a cost of approximately \$688,000. At the end of the war emergency, it is anticipated that deliveries of more than 100 miles to bulk plants will again be made by railroads, and that a substantial amount of this investment will become obsolete. In addition, the company has appropriated \$768,252 for 88 trailers and tanks and 112 motor tractors, most of which have been acquired. What the value of these will be after the war is difficult to predict. "Standard Oil Co. and subsidiaries' vessels helped in the emergency movement of oil eastward. "Seven big ocean-going tankers, owned by the Pan American Petroleum & Transport Co., and seven other ocean tankers, under charter, were turned over to the Government under requisition in the early part of 1942. These were operated under Government control to move millions of barrels from Gulf Coast ports. One vessel—the Pan-New York—was sunk by torpedo. Charter of six of the vessels have been terminated."

Saving to Government-

The company has voluntarily reduced by \$128,800 the amount which it will charge the Government under its current contract to provide toluene for use in making TNT, it was announced on Sept. 22. The reduction, it was stated passes along to the Government savings effected when anticipated costs for patent royalties did not materialize. -V. 160, p. 1024.

Standard Oil Co. (New Jersey)-New Treasurer-

Leo D. Welch, a Vice-President of the National City Bank of New York, will become Treasurer of Standard Oil Co. (New Jersey) on Oct. 16, it was announced last week. Mr. Welch, who has 25 years of experience in foreign banking, will suceed J. E. Crane, who was recently elected a director of the company. Mr. Crane will continue to supervise the company's financial operations, as well as the comptroller's and tax departments.—V. 160, pp. 1119, 671, 572 and 471.

Standard Oil Co. of Ohio-Renegotiation-

The company reports the Government recovered \$32,500 through renegotiation of contracts for 1342 and the refund was paid in cash on Aug. 15. This effected a reduction of \$51,750 in net income for 1942, after adjustment of gross revenue and Federal income taxes.— . 160, p. 872.

Stokely Brothers & Co., Inc.—Merger Approved—

Total

-V. 159, p. 2568.

At a special meeting of holders of common stock held Sept. 25, the Joint Agreement of Merger between this company and Crampton Canneries, Inc. was approved. It is expected that the merger will be effective on or about Oct. 26, 1944.

By the merger, Stokely Brothers & Co., Inc. acquired the business and assets subject to the liabilities of Crampton Canneries, Inc., which is engaged in the business of preserving and canning vegetables and other food products. Included among the assets of Crampton Constitution of the control of the contr ton Canneries, Inc. is a substantial interest in The W. R. Roach Co., which also is engaged in the business of preserving and canning vegetables and other food products. The purpose of the merger is primarily to acquire for Stokely Brothers & Co., Inc., additional capacity for the production of merchandise for distribution under

Stokely labels.

Upon the merger becoming effective, the name of Stokely Brothers

Co., Inc. will be changed to Stokely-Van Camp, Inc.

At the meeting, the common stockholders also elected a board of directors consisting of David M. Milton, John B. Stokely, William B. Stokely, Sr., William B. Stokely, Jr. and Frank A. Willard.

Listing of Additional Common Stock-

The New York Stock Exchange has authorized the listing of 68,482 additional shares of common stock (par \$1) on official notice of its issuance in connection with the payment of a stock dividend payable Sept. 20, to holders of record Aug. 30, making the total amount of common stock applied for, 753,300 shares.

With respect to each share so issued, there will be transferred from earned surplus to common stock account the sum of \$1 and to capital surplus the sum of \$7.50. The total credit to common stock will be \$68,482 and the total credit to capital surplus will be \$513,615.

Sun Oil Co .- Listing of Additional Common Stock-

Sun Oil Co.—Listing of Additional Common Stock—
The New York Stock Exchange has authorized the listing on or after Dec. 15, 1944, of 283,893 additional shares of common stock (no par), on official notice of issuance, as a stock dividend, making the total amount applied for 3,153,584 shares.

The stock is to be issued as a stock dividend pursuant to a resolution of the directors adopted Aug. 29, 1944, declaring a stock dividend on the common stock at the rate of 10 shares per 100 shares held, payable Dec. 15 to holders of record Nov. 24, 1944. The stock, when issued, will be charged against the earned surplus of the company at the rate of \$34.3333547 per share. Company has no capital surplus, and this is the full amount of the stated value per share of the stock.

Estimated earnings for the year ending Dec. 31, 1944, slightly exceed the aggregate of the assigned value (\$34.333547 per share) of the capital stock to be issued in payment of this stock dividend and the cash dividends disbursed or to be disbursed during such period, but are less than the sum of the value of such stock issued a stock dividend calculated at the market price on the date of declaration plus dividends paid or to be paid in cash.—V. 160, p. 1335.

Superior Oil Co. (Calif.)—Calls \$400,000 of Debentures There have been called for redemption as of Nov. 1, next, \$400,060 of 3½% debentures due Nov. 1, 1956, at 102½ and interest. Payment will be made at the office of Dillon, Read & Co., paying agent, 28 Nassau St., New York, N. Y.—V. 160, p. 366.

Textron Inc. — Debentures Offered—A group headed by Blair & Co., Inc., and Maxwell, Marshall & Co. on Sept. 22 offered \$2,000,000 15-year 5% convertible debentures with detachable warrants for the purchase of comomn stock. The debentures, priced at par and accrued interest from Sept. 1, 1944, were oversubscribed.

Dated Sept. 1, 1944; due Sept. 1, 1959. Principal and interest (A&O) pavable at principal office of First National Bank of Boston, trustee. Debentures in coupon form and in fully registered form in denominations of \$1,000 and \$500. Redeemable at option of the corporation as a whole or in part or through the operation of the sinking fund at any time on 30 days' notice at 102½% plus interest to the date of redemption. the date of redemption.

Stock Purchase Warrants—Each debenture as initially issued will carry a detachable stock purchase warrant entitling the bearer to purchase 40 shares of common stock, in respect of a debenture in the denomination of \$1.000, or 20 shares of common stock, in respect of a debenture in the denomination of \$500, at the price of \$12.50 per share prior to Oct. 1, 1945, \$15 per share prior to Oct. 1, 1945, and \$17.50 per share prior to Oct. 1, 1947.

**Convertible—The debentures will be convertible at any time into common stock on the basis of 50 shares of common stock for a debenture in the denomination of \$1.000 and 25 shares of common stock for a debenture in the denomination of \$500.

Sinking Fund—Company will covenant in the indenture to pay to the trustee as a sinking fund for the retirement of debentures by purchase or redemption the sum of \$51,250 not less than five days before each semi-annual interest payment date, beginning with April

Listing—The outstanding common stock is listed and registered on the New York Curb Exchange. Application has been made to have the 200,000 shares of common stock which are to be reserved for issuance upon conversion of the debentures and the exercise of stock purchase warrants added to the list on the New York Curb Exchange and registered on said Exchange with the SEC upon notice of issuance

History—Company is an outgrowth of a consolidation in 1928 of two companies specializing in the dyeing, processing and converting of synthetic yarn. The present company was incorporated in Rhode synthetic yarn. The present company was incorporated in Rhode Island on April 16, 1928 under the name of Franklin Rayon Corp. Subsequently on March 24, 1939 its name was changed to Atlantic Rayon Corp., and on May 18, 1944 the present name was adopted. Rayon Corp.

Rayon Corp., and on May 18, 1944 the present name was adopted. Prior to 1942 the corporation was primarily engaged in the synthetic yarn converting business, with complete facilities for the dyeing, twisting and throwing of various types of synthetic yarns. In addition, it acted as wholesale distributor of raw synthetic yarns manufactured by certain of the leading producers. In 1942 the corporation and its subsidiary received substantial contracts for the production of parachutes and parachute material. In connection with the manufacture of the parachutes and subsequently of many additional saws products. parachutes and parachute material. In connection with the manufacture of the parachutes and subsequently of many additional sewn products, modern and efficient sewing plans were established. Until Govt. requirements were met the corporation and its subsidiary were among the largest producers in the country of human escape and fragmentation bomb parachutes and of jungle hammocks.

As war orders were completed and the demand for the corporation's facilities declined, the management determined to put into effect the program which had been laid out for the corporation's future expansion.

As war orders were completed and the demand for the corporation's facilities declined, the management determined to put into effect the program which had been laid out for the corporation's future expansion. It was fully recognized that the manufacture of civilian sewn products was a highly competitive industry. It was believed, however, that an integrated company manufacturing well styled, high squality merchandise and selling direct to the leading retail stores throughout the country under its own nationally advertised trade name, could compete successfully. Plans were therefore made and subsequently effected to purchase an established weaving mill to insure a supply of fabric for the sewing plants. In 1943 the excess facilities of the sewing plants were put to work on the manufacture of sewn products for civilian use, to be sold under the trade name of "Textron."

Company now operates primarily in the synthetic textile products field. In its manufacture of consumer products, it performs every operation (except dyeing and finishing of cloth) from the processing of synthetic yarns to the manufacture and sale to the retail trade of finished textile consumer goods. The synthetic yarns are made from chemically processed cellulose and other basic elements. Types of synthetic yarns processed or used by Textron Inc. are Nylon, Viscose, Acetate and Supramonium. After wartime restrictions are eliminated it is the intention of the corporation to augment the synthetic raw materials which it now uses with additional post-war synthetics.

During the war years production facilities were tremendously expanded but due to the decrease in demands by the Government for war products of the type manufactured by the corporation was for war purposes, the balance of 56% having been for civilian use.

The plants which the corporation operates, three of which it owns, employ at various times about 3,000 people and are located in: (1) Lowell, Mass.—yarn throwing plant—floor space 272,500 square feet; synthetic yarn throwing and process

Timken-Detroit Axle Co.—Annual Report—

Williard F. Rockwell, Chairman, states:

Net sales for the year ended June 30, 1944 were \$159,073,741. This is an increase of approximately 14% over the preceding year, after considering renegotiation and voluntary price reductions. Provision for renegotiation refunds has been made in an amount computed in accordance with the basis used in the final settlement for the preceding year. The provision made is subject to final determination through the processes specified by the Renegotiation Act. Company believes, however, that in view of reduced sales prices and other factors, a more favorable determination should be made for the year. Voluntary reductions from prices in effect July 1, 1942, on orders then on hand and since received, have amounted to approximately \$70,000,000 and of this amount approximately \$20,700,000 was applic-Williard F. Rockwell, Chairman, states: \$70,000,000 and of this amount approximately \$20,700,000 was applicable to shipments for the year ended June 30, 1943; \$30,000,00 to shipments for the year ended June 3, 1944, and \$19,300,000 on orders yet to be shipped.

Tubize Rayon Corp.-To Vote on Refinancing Plan-

The stockholders at a special meeting to be held Oct. 20 will vote on creation of a new issue of preferred stock in an authorized amount of \$10,000,000, of which \$7,000,000 initially will be sold and outstanding. The dividend rate on the new preferred issue has not yet been determined but it is expected that it will be not less than \$4.50 and not more than \$5 per share per annum.

Upon approval of the recapitalization by stockholders, and the sale

Upon approval of the recapitalization by stockholders, and the sale of the stock, the corporation expects to allocate \$2,023,450 to redemption at \$110 per share of the 18,395 shares of 7% cumulative preferred stock now outstanding; \$2,529,625 to redemption, at 103%, of \$2,450,000 principal amount of 3% sinking fund debentures, due Nov. 1, 1956; and the balance of the proceeds of the sale to general corporate funds. Through regular operation of the sinking fund, the company will also retire on Nov. 1, 1944, \$130,000 debentures, leaving \$1,500,000 outstanding. On May 1, 1944, 6,000 shares of 7% preferred were redeemed. deemed.

It is understood that Kidder, Peabody & Co., and Union Securities Corp. are forming an underwriting syndicate to handle the sale of the preferred stock.

the preferred stock.

The new preferred stock will have equal voting rights with the common stock on all general matters, including the election of directors, and also will have special voting privileges in the event of default by the corporation with respect to payment of preferred dividend for

four quarterly periods.

Common stockholders of record Oct. 5, 1944 will be entitled to vote at the special meeting. Proxy statement, notice of the meeting and the proxy form, filed on Sept. 19 with the Securities and Exchange Commission, will be mailed to stockholders on Sept. 29.—V. 160,

Twin City Rapid Transit Co.—Registers With SEC-

Company has registered with the SEC \$7,000,000 4% collateral trust bonds, due Oct. 1, 1964 The principal underwriter is Dillon, Read & Co., with names of others to be filed by amendment. Offering price to the public also will be supplied by amendment.

Proceeds will be applied toward the redemption of the entire \$10,888,600 outstanding first lien refunding $5\frac{1}{2}\%$ bonds, series A and B, at 102. The A bonds are to be redeemed Dec. 1, 1944, and the B bonds Jan. 15, 1945. The additional amount required for the redemption will be supplied to the extent of \$2,000,000 from a bank loan evidenced by the company's $1\frac{1}{2}\%$ and $2\frac{1}{2}\%$ serial notes and from other funds.—V. 160, p. 1120.

The New York Stock Exchange on Sept. 21 suspended dealings in this company's old capital stock, no par value, and admitted to dealings the new capital stock of \$13.50 par value.—V. 160, p. 1234.

THE COMMISSION OF THE PROPERTY.

United Light & Power Co.-Negotiating Purchase of

The company is negotiating for the purchase of St. Joseph Ráilway, Light, Heat & Power Co. The latter is controlled by Cities Service Power & Light Co., which had been expected to dispose of its interest in the St. Joseph subsidiary as the next step in its plant to satisfy requirements of the Utility Holding Company Act.—V. 160, p. 672.

United Shoe Machinery Corp.-New Directors, Etc.-

John L. Hall, of Choate, Hall & Stewart, of Boston; Charles E. Spencer, Jr., President of First National Bank of Boston, and Clifford Roberts, director of the company's research department, have been

elected directors.

Joseph F. Wogan, General Manager, and Clifford Roberts, Assi
Vice-President, have been elected Vice-Presidents.—V. 160, p. 231.

United Specialties Co .- \$1,250,000 "V-T" Loan-

The company has entered into a VT loan agreement with the Continental Illinois National Bank & Trust Co. and the City National Bank & Trust Co., both of Chicago, participating, for a revolving credit of \$1,250,000 until Feb. 28, 1946. Stand-by charges are ½ of 1% and interest on borrowed amounts is 3% annually.—V. 160, p. 412

United States & International Securities Corp.—Pays \$1 Per Share on Account of Arrearages on Preferred Stock-

The company on Sept. 30 paid a dividend of \$1 per share on account of accumulations on the \$5 cumulative first preferred stock, no par value, to holders of record Sept. 25. Similar distributions were made on March 31 and June 30, last. Payments in 1943 were as follows: March 31 and June 30, \$1 each; Sept. 30, \$1.25; and Dec. 27, \$1.75.—V. 160, p. 368.

United States Plywood Corp.—Director of Sales-

Lawrence Ottinger, President, announces that S. W. Antoville, for-merly Vice-President at Chicago in charge of Mid-Western operations, has been transferred to the corporation's New York headquarters to assume the newly created post of Director of Sales. As such he will be particularly concerned with development of the post-war sales

program.

He will be succeeded as Manager of the Chicago branch by R. W. Tompkins, of Joliet, Ill.—V. 160, pp. 1234, 1025, 873, 771, and 672.

United States Rubber Co.—Plastics in Helicopter—

Plastics are being used for the cabin structures of the new war helicoper, R-6, it is announced.

Plastics are being used for the cabin structures of the new war helicoper, R-6, it is announced.

The plastic material, developed and produced at the company's Mishawaka, Ind., plant, was chosen for the cabin structures because of its light weight, only half that of aluminum of similar thickness, together with its great tensile strength, rigidity, ability to withstand strains and excessive vibration. It met specifications of the A. A. F. Materiel Command at Wright Field for this new structural use after it was put to many rigid tests.

Made of fiberglas, laminated and reinforced with thermo-setting resin, the composite material is a non-conductor of electricity and is not affected by gasoline, oils, acids, most alkalis, alcohol or fungus growth. After a blow, it returns to its normal position with no permanent distortion or denting. Another remarkable feature is that it retains all of its properties in the sub-zero temperatures of the Arctic as well as in the excessive heat of the tropics.

As far as is known, this is the first use of laminated plastics on a production basis in this type of construction. Its success probably will open the way for many post-war applications of this plastic material. It is now extensively used to support bullet-sealing fuel cells in ali types of combat planes and for other important war products.

New Plastic Material Developed

New Plastic Material Developed-

Plastic foam weighing only one-seventh as much as cork has been developed and is being manufactured for important war uses by this company, it is announced.

Important peace-time uses foreseen include insulation for trains, airplanes, automobiles and homes. In lifesaving equipment such as life preservers and floats and as buoyancy units on pleasure craft, this plastic foam will provide extreme buoyancy with minimum weight, the announcement said

the announcement said.

To produce the new and different war material a combination of synthetic plastic materials are foamed and then solidified. The new product is called flotofoam because of its buoyancy.—V. 160, p. 1235.

United States Smelting, Refining & Mining Co. Halves Dividend On Common Stock—Earnings For First Eight Months-

The directors have declared a dividend of 25 cents per share on the common stock and the usual quarterly dividend of 134% (87½ cents per share) on the preferred stock, both payable Oct. 14 to holders of record Sept. 30. Distributions of 50 cents each were made on the common stock on Jan. 15, April 15 and July 15, this year, while in 1943 the following dividends were paid on that issue: Jan. 15, \$1, and April 15. July 15 and Oct. 15, 75 cents each.

The company announces that the dividend just declared on the common stock is not to be considered as establishing a, regular dividend rate.

*After deducting all charges except domestic and foreign Federal xes on income and provision for reserves for depreciation, depletion taxes on income and amortization.

Note—Mexican earnings were greatly reduced by wage increases, the company announced. On Oct. 1, 1943, pursuant to a general law effective on that date, a wage increase was granted, and in June, 1944, production was interrupted by a two weeks' strike, which was widespread in the industry, followed by a further increase in wages. At the metal and coal mines in Utah continuing decrease of manpower, reduced production, and wage increases raised costs.

The Government order shutting down go'd properties still continues in general effect. In the late Spring of this year, however, this company was given permission to start and carry on certain limited operations at its gold properties in Alaska. Because of lack of manpower and general labor conditions it was not feasible to start dredging during the current season at Nome, and only one of the smaller dredges at Fairbanks was placed in operation on a part-time basis late in August.—V. 159 p. 2680.

United States Steel Corp.—Calls Serial Debentures—

All of the \$27,500,000 outstanding serial debentures due semi-annually from May 1, 1949 to and incl. May 1, 1955, have been called for redemption as of Nov. 1, next. at the office of J. P. Morgan & Co., Incorporated, 23 Wall St., New York, N. Y., at the redemption price, plus accrued interest to Nov. 1, 1944. The redemption prices (exclusive of accrued interest) are equal to the following percentages of the principal amount of the debentures:

Maturities	Redemption Prices	Maturities	Redemption
May 1, 1949	100.64%	. May 1, 1953	101.28%
Nov. 1, 1949	100.72	Nov. 1, 1953	101.36
May 1, 1950	100.80	May 1, 1954	
Nov. 1, 1950	100.88	Nov. 1, 1954	101.52
May 1, 1952	101.12	May 1, 1955	101.60
Nov. 1, 1952	101.20		

Number of Stockholders-

As of Aug. 11 the company had 165,871 common stockholders of record, an increase of 64 since May 12 and 74 more than on Feb. 11, the corporation announced on Sept. 18. Preferred stockholders of record July 28 totaled 74,388, an increase of 417 for the quarter and an increase of 655 for the six months.

New Director, Etc.-

James B. Black, President of the Pacific Gas & Electric Co., and a director and member of the executive committee of the Southern Pacific Co., has been elected a director to fill the vacancy caused by the death earlier this year of William J. Filbert.

Howard E. Isham, Assistant Treasurer of United States Steel Corp. (Delaware), has been appointed Assistant Vice-President of that company. He also will continue as Assistant Treasurer.—V. 160, p. 771.

United Wall Paper Factories, Inc.-Annual Report-

The annual report for the fiscal year ended June 30, 1944, shows net sales at the highest level in the history of the company, totaling \$14,196,748. This exceeds by 39% the net sales of \$10,226,401 for the previous year.

Net profit, after all charges, including taxes, were \$526,907, compared with \$394,792 for the fiscal year ended June 30, 1943. Federal income and excess profits taxes increased to \$862,266, as contrasted

with \$484,027 for the preceding year.
Ratio of current assets to current liabilities stood at 2.7 to 1. Net working capital was reported as \$2.894,828, compared with \$2,250,215 at the close of the previous fiscal year.

at the close of the previous fiscal year.

Reporting on the company's positions in the divergent fields of wallpaper and munitions manufacture, William H. Yates, President, states in his letter to stockholders that shipments of war material, all on prime Government contracts, continued to expand during the year. He added: "During most of that time six plants were devoted solely to war production. While the company, like most producers of war materials, suffered numerous cutbacks and some cancellations, new contracts more than offset these."

United war production includes flares, incendiary and smoke bombs.

United war production includes flares, incendiary and smoke bombs, and other vital war equipment of a confidential nature. The company is the world's largest manufacturer of wallpaper and ready-pasted

For the second time, War Production Board Order L-177 limited all wallpaper manufacturers to 60% of their usage of paper stock for the 1941-42 fiscal year, Mr. Yates reported. This, he said, "required a continued 'rationing' of our distributors, and necessitated our buying for them in the open market such finished wallpaper as was available from other manufacturers. As a natural result of the continued curtailment, inventories of our jobbers as well as of ourselves are at the lowest point in the history of the industry."

During the year the company concluded its negotiations with the War Department Price Adjustment Board relating o "excessive" profis on war contracts for the year ended June 30, 1942. As a result thereof, the company refunded to the Government the sum of \$130,165, which was within \$10,165 of the reserve previously provided. Mr. Yates declared "it is believed that no refund will be required with respect to war contract profits for the years ended June 30, 1943 and 1944."

Income Account, Years Ended June 30 For the second time, War Production Board Order L-177 limited all

Utah Radio Products Co. - Debentures Offered group of underwriters headed by Cruttenden & Co., Chicago, offered Sept. 28 \$1,175,000 10-year 4½% convertible debentures at 103 plus accrued interest. Other members of the offering group are: Mackubin, Legg & Co., Kneeland & Co., The First Trust Co. of Lincoln, Bankamerica Co., A. G. Edwards & Sons, Dempsey & Co. and First Securities Co. of Chicago.

Holders of the capital stock of record Aug. 24, 1944, were offered the right to subscribe to the debentures at 103 plus accrued interest from Sept. 15, 1944, in the ratio of \$100 of debentures for each 25 shares of capital stock held. The right to subscribe expired Sept. 24.

These debentures are subordinate to any indebtedness incurred under the regulation V loan. Dated Sept. 15, 1944; due Sept. 15, 1954.

Interest payable at office of Harris Trust & Savings Bank, Chicago trustee, in lawful money of the United States of America. Non-registrustee; in lawful money of the United States of America. Non-registered coupon debentures in denominations of \$1,000 and \$100 redeemable as a whole or in part at any time on 30 days' prior notice at 105 to and including Sept. 15, 1945; 104½ thereafter to and including Sept. 15, 1946; 104½ thereafter to and including Sept. 15, 1947; 103½ thereafter to and including Sept. 15, 1947; 103½ thereafter to and including Sept. 15, 1949; 102½ thereafter to and including Sept. 15, 1950; thereafter to and including Sept. 15, 1951; 101½ thereafter to and including Sept. 15, 1953; 100½ thereafter up to but not including Sept. 15, 1954, in each case plus accrued interest.

Beginning Jan. 1, 1946, the company will be required to making sinking fund payments by paying to the trustee an amount equal to the greater of (1) \$25,000 or (2) 25% of the company's net income.

Company and Business-In 1922 a partnership under the name of

Company and Business—In 1922 a partnership under the name of Utah Rubber Co. was formed for the manufacture of rubber horns for radios. The assets of this partnership were taken over by Utah Radio Products Co. in 1924. The present company was incorporated on Aug. 1, 1928, in Illinois, and acquired the property and business of Utah Radio Products Co. of Salt Lake City, Utah, and Chicago, Ill., and also certain assets of Henry C. Forster & Co., a partnership, of Chicago. In 1931 the company acquired as of Oct. 31, 1929, all of the common capital stock of the Caswell-Runyan Co. of Huntington, Ind., manufacturer of radio cabinets and cedar chests, and also all of the common capital stock of Carter Radio Co. (Ill.), then engaged in the manufacture of radio parts.

Company is at present primarily engaged in the manufacture and sale of items used directly by the various Armed Forces of the United States of America. This business is based upon prime and sub-contracts. These contracts represent approximately 85% of the total present business of the company. These contracts by their terms may be terminated at any time without notice. Company also manufactures and maintains, in accordance with War Production Board limitations, a stock of radio loudspeakers, transformers, chokes, vibrators, jacks, plugs, switches, and other parts which are sold to accredited jobbers for sale as replacement radio parts to radio servicemen, dealers in radio parts, and radio repairmen. Its principal subsidiary, the Caswell-Runyan Co., in Huntington, Ind., also is primarily engaged in manufacturing items used by the Armed Forces. The subsidiary also manufacturing items used by the Armed Forces. The subsidiary also manufactures, in accordance with government limitations, desks, cedar chests and sewing cabinets. facturing items used by the Armed Forces. The subsidiary also manufactures, in accordance with government limitations, desks, cedar chests and sewing cabinets.

Van Raalte Co., Inc.—Registers With SEC-

The company has filed a registration statement with the SEC for 29.781 shares of common stock (par \$10). Company is granting olders of common stock of record Oct. 16 rights to subscribe to the 129.281 shares of common stock at \$10 per share, in a ratio of one additional share for each share held. Subscription rights are exercisable on Oct. 17 and expire on Nov. 14, 1944. There are no under

writers.

If all the common shares offered are subscribed for by stockholders, it is estimated that the company will receive a net amount
after expenses of \$1,262,810. The company will use \$1.110.210 of the
proceeds to redeem, on March 1, 1945, the 9,654 outstanding shares
of 7% cumulative first preferred stock at \$115 a share, and the balance of the proceeds will be added to working capital. In the event

MIDDOSHA BAIDVARE & JAIDGARDU A NO T

That proceeds from the sale of common stock offered to stockholders are insufficient to redeem the preferred stock, the company will use its own treasury cash to make up any deficiency.

To Change Par Value of Common Stock-

At a special meeting to be held on Oct. 11, 1944, the stockholders will vote on a proposed amendment to the certificate of incorporation which provides for a change in the par value of the common stock from \$5 per share to \$10 per share (see V. 160, p. 1120).

The New York Stock Exchange directed that Exchange contracts made on and after Sept. 25 in common stock of \$5 par value shall be subject to the condition that the Exchange may in its discretion direct that settlement of such contracts, unless previously effected, may be made by delivery either of certificates of \$5 par value or certificates of \$10 par value.-V. 160, p. 1235.

Vanadium Corp. of America—25-Cent Distribution—

A dividend of 25 cents per share has been declared on the nc par value common stock, payable Oct. 16 to holders of record Oct. 5. Like amounts were paid on April 10, July 15, Oct. 15 and Dec. 31, last year; none since.—V. 160, p. 1235.

Vick Chemical Co.—Earnings—

Sales established a new high of \$31,993,063 for the fiscal year ending June 30, 1944, and constituted the sixth successive year of annual sales records.

Consolidated net earnings for the fiscal year amounted to \$2,460,916 or approximately \$3.62 per share on 679,480 shares outstanding at the end of the fiscal year.

The provision for estimated Federal, State, and foreign income and excess profits taxes charged against income for the fiscal year was based on rates in the present tax laws and amounted to \$3,614,709, which is equivalent to \$5.32 per share of outstanding stock. With respect to the provision for estimated excess profits taxes there is due the company a post-war credit in the amount of \$196,259.

Dividends in the amount of \$1,360,660 were paid to stockholders during the fiscal year at the annual rate of \$2 per share.—V. 159,

Walgreen Co.-New Preferred Issue Approved-Exchange Offer-

The stockholders on Sept. 22 approved the proposed issuance of a new 4% cumulative preferred stock to replace the currently outstanding 4½% cumulative preferred issue.

Under the plan 65,000 shares of $4\frac{1}{2}\%$ preferred will be exchanged, share for share, for new 4% preferred, plus a cash payment of 33 a share. If more than 65,000 shares are presented for exchange, stockholders will receive allocations. The balance of the 94,225 shares of $4\frac{1}{2}\%$ preferred outstanding are to be called by the company at 104. Total preferred authorized will be reduced from \$10,000,000 to \$5,00,000,000 to \$5,00,000. \$6,500,000.

To complete the reduction of outstanding preferred stock to the total of \$6,500,000, the 5,775 shares of 4½% cumulative preferred stock now held in the treasury will be canceled, and the number of shares of 4½% stock that exceeds 65,000, that will be redeemed, will also be canceled.—V. 160, p. 1235.

Warner Bros. Pictures, Inc.—Correction—

A United States cotton crop for

1944 of 11,483,000 bales of 500 pounds gross weight is forecast by the Crop Reporting Board of

the United States Department of

Agriculture, based upon informa-

tion as of September 1. This is an increase of 461,000 bales or 4.2%

above the forecast as of August 1, and compares with 11,427,000 bales produced in 1943 and the 10-year

(1933-42) average of 12,455,000 bales. Lint yield per acre is esti-

mated at 273.4 pounds on 20,164,-000 acres for harvest. The 1944

larger than the previous all-time record of 272.4 pounds per acre

Increases above a month ago are

indicated for all major cotton States excepting North Carolina,

Texas and Oklahoma. In Okla-

homa, where record yields were in prospect on August 1, continued

drought and excessive heat re-

duced prospective production 80.-000 bales. Rains which came late

in August were not early enough

to overcome the adverse effects of

the drought in that State. In most

of Texas it was also very dry and hot, but rainfall during the last half of August was apparently

sufficient to overcome previous

deterioration. Present prospects in that State and in North Carolina

are for a crop about the same as

In the Southeastern States and

was indicated on August 1.

produced in 1942.

yield per acre would be slightly

The earnings statement given in last week's "Chronicle" covers a period of 39 weeks ended May 27, 1944 and not 30 weeks as stated.—V. 160, p. 1336.

Westchester Lighting Co.-New Vice President, Etc.-

Nils T. Selman on Sept. 26 was elected a Vice-President of this company and of The Yonkers Electric Light & Power Co. He was also elected to the executive committee of the Westchester Lighting Co., and to the board of directors of the Yonkers company. Mr. Selman, as Assistant Vice-President of Consolidated Edison Co. New York, Inc., has been in charge of electric and gas sales in New York City since E. F. Jeffe, Vice-President, entered the military service in May, 1942.

See also Consolidated Edison Co. of New York, Inc., above.-V. 160, p. 672 and 232.

Western Electric Co., Inc.—Changes in Personnel—

David B. Peckham, Comptroller of Sales, has been appointed Comptroller of Manufacture, to fill the vacancy caused recently by the death of John M. Stahr. Clifford W. Smith will succeed Mr. Peckham as Comptroller of Sales.—V. 160, p. 1121.

Western Pacific RR.—Distribution Approved—

Judge A. F. St. Sure of the U. S. District Court at San Francisco has authorized the reorganization committee to proceed with the issuance of new securities under the plan of reorganization. The amount of trustees' certificates was held at \$10,000,000 by the court in place of a change to \$9,825,000 which had been proposed. Agreement was entered that in the reorganization no change in salaries would be undertaken by the road on all those exceeding \$400 a month.

Holders of presently outstanding bonds of the company will receive ith their new securities under the plan of reorganization cash diswith their new securities under the tributions in the following amounts:

With new 41/2% income bonds, series A, 221/2% of face value of the bonds, or \$225.

With each share of new preferred, series A, \$15.18.
With each share of new common stock \$9.
These distributions will involve approximately \$12,681,000.

The reorganization committee for the road has applied to the ICC for authority to issue the necessary securities to carry out and make effective the plan of reorganization for the road previously approved by ICC and the U.S. District Court.

Western Union Telegraph Co.—Defers Refunding Plan

Following a decision of the New York PSC that it has jurisdiction over the proposed issue of \$25,000,000 4% non-convertible debentures, the company has decided to defer the issue temporarily, it was announced Sept. 19 by President A. N. Williams.

The 4% debentures were intended to refund \$25,000,000 5% bonds due Dec. 1, 1951. Advertising for the debenture issue, scheduled for Sept. 20 was postponed following the Commission's opinion handed down by Chairman Milo H. Maltbie and approved unanimously by the other members.

The company had contended that the Commission lacked jurisdiction because proceeds from the 5% bonds had been spent on improvements made outside New York State. Chairman Maltbie decided that the company had failed to support this contention "by proof, even liberally interpreted."

"It may be," Mr. Maltbie said, "that a complete investigation would prove that such was the case, but the record does not even approximate justification; and where the issuance of \$25,000,000 of securities is open to question, no company should expect investors to accept such a risk. At the very best, the legality of the issuance of debentures without approval by this Commission or without proving beyond any reasonable question that the Commission has no jurisdiction is doubtful."—V. 160, p. 1235.

production of cottonseed is indicated at 4,762,000 tons.

the Census shows 576,142 bales of

1944 prior to September 1, com-

The report from the Bureau of

Wheeling & Lake Erie Ry.—Equip. Trust Certificates The ICC recently authorized the company to assume obligation and liability in respect of not exceeding \$920,000 equipment-trust certificates, series K, to be issued by the Manufacturers Trust Co., as trustee, and sold at 99.22% of par and accrued dividends in connection with the procurement of certain equipment.

The report of the Commission states in part:

Blancon the bo

The certificates were offered for sale through competitive bidding, and invitations for bids were sent to 134 banks, investment firms, and and invitations for olds were sent to 134 banks, investment firms, and insurance companies, the bidders being required to name the rate of dividends to be borne by each maturity in multiples of \% of 1\% per annum. In response thereto 6 bids representing 16 parties were received. The best bid, 99.22\% of par and accrued dividends, based on the rates hereinbefore mentioned, was made by Halsey, Stuart & Co., Inc., and was accepted. On these bases the average annual cost of the proceeds to the applicant will be approximately 1.70%.—V. 160, p. 1235.

White Rock Mineral Springs Co.—Distributions—

See Wisconsin Mineral Springs Co., Inc., below.-V. 160, p. 1121.

Wickwire Spencer Steel Co.-Moves Office-

The company on Sept. 25 announced that on Oct. 2 the general sales office of the Mechanical Specialties Division will be located at Clinton, Mass., where the products of this division are manufactured. The Mechanical Specialties general sales office has been previously located at 500 Fifth Ave., New York, N. Y. A district sales office of this division will continue to be maintained at the New York address.

Products of the Mechanical Specialties Division include industrial wire cloth, metal conveyor belts, card and napper clothing, perforated metals and grilles.—V. 160, p. 232.

Willys-Overland Motors, Inc.-Produces 250,000th

A quarter of a million "Jeeps" have rolled off the Willys-Overland

assembly lines since production of the versatile scout ear was started in June, 1941, it was revealed on Sept. 21 by Ward M. Canaday, Chairman of the board.

In announcing this milestone in the manufacture of the vehicles, Mr. Canaday explained that his company has contributed more than 40 "major" developments to the Jeep since the Willys-Overland model was selected as "standard" by the Army in July, 1941.—V. 160, p. 873.

Wisconsin Mineral Springs Co., Inc.—Dissolved—Retires Preferred Stock Issues-Common Stockholders Receive National Distillers Stock-

Pursuant to an agreement dated June 5, 1944, between the predecessor company—the White Rock Mineral Springs Co.—and the National Distillers Products Corp., approved by the stockholders on Aug. 23, last, National has paid to Wisconsin Mineral Springs Co. \$1,011,256 in cash and 70,714 2/7 shares of common stock without par value of National as the purchase price for the properties and other assets, all of which had been conveyed to White Rock Corp., which had been organized for that purpose which had been organized for that purpose,

which had been organized for that purpose.

On Sept. 15, 1944, Wisconsin Mineral Springs Co., Inc., has been dissolved and it is being completly liquidated.

On and after Sept. 16 such cash and National common stock became available for distribution to Wisconsin stockholders as follows:

(a) To the holder of each share of first preferred stock, an amount equal to the sum of the par value (\$100) of such share plus an amount equal to dividends thereon at the rate of 7% per annum from July 1, 1944, to and including Sept. 15, 1944;

(b) To the holder of each share of second preferred stock, ah amount equal to the sum of the par value (\$100) of such share plus an amount equal to dividends thereon at the rate of 5% per annum from July 1, 1944, to and including Sept. 15, 1944; and

(c) To the holder of each share of common stock, 2/7ths of a share of National's common stock for each share of White Rock or Wisconsin Mineral Springs common stock held.

The shares of common stock of National so distributed will carry all dividends declared or made to holders of such stock of record on or after the close of business on Aug. 31, 1944. Scrip certificates, which will not carry voting or dividend rights but which will be exchangeable for full shares carrying all dividends payable to stockholders of record after such scrip is exchanged, will be issued in respect of fractions of shares.

The Chase National Bank of the City of New York has been appointed distributing agent of the Wisconsin company to effect such distribution. The stock transfer books of the company closed permanently at the close of business on Sept. 15.—V. 160, p. 1235.

Fairchild Reports Retail Prices Unchanged In August

Assuming the ratio of cotton pared with 1,785,245 for 1943 and lint to cottonseed to be equal to 739,005 for 1942.

Cotton Report Of Sept. '44 conditions were good during the average for the past 5 years,

August and cotton crop prospects

are generally improved. Plants

are small but are unusually well

fruited. Boll weevil infestation is

much lighter than average but

leaf worms are appearing in con-

siderable numbers in some areas.

The Fairchild Retail Price Index showed no change between Aug. 1 and Sept. 1, it was announced on Sept. 14, the advices stating that "this applies to the individual items as well as to the combined total." "Prices," it is added, "have been stable since price ceiling adjustments were completed some months ago. In comparison with a year ago the Sept. 1 index shows an increase of only 0.3%. largest gain was in women's apparel, an advance of 0.6%; there were increases in the past 12 months of 0.1% for infants' wear and house furnishings. Piece goods and men's apparel showed no change," said the Fairchild publication, which also had the following

"All categories of the index are now substantially above the prewar high reached in 1937. The combined index shows an advance of 17.4% with gains in the individual categories ranging from 11.3% for infants' wear to 25.8% for piece goods.

"Changes during the past year for individual items have been remarkably small. The greatest increase occurred for furs but was only 2.4%. Recent reports indicate an increase in promotional efforts in fur departments but sales prices are not allowed to affect the index.

"The extent of increases above the 1939-1940 low point have been substantial. The combined index gained by 27.6%, piece goods by 33.6%, women's apparel by 28% and house furnishings by 27.9%. in the Mississippi River Delta Increases of 19.1% and 12.8%, respectively, are also reported for States growing and harvesting men's apparel and infants' wear.

"Continued stability of retail prices is to be expected only after the European war ends. Price trends at that time will be affected by changing conditions of supply as well as the extent of wartime advances and the quality of the merchandise. A. W. Zelomek, economist, under whose supervision the index is prepared, points out the part played by changes in quality. These have tended to minimize the extent of advances during the war and in many items quality will be restored in the post-war period without sharp decreases in prices.

Boulware Quits WPB Post; **Batcheller Named Successor**

The acceptance with "great re-luctance" of the resignation of L. R. Boulware, Vice-Chairman of the Office of Operations of the War Production Board, was announced on Sept. 6 by J. A. Krug, Acting Chairman of the Board. In making the announcement at a special staff meeting, called by Mr. Boulware, Mr. Krug said that he had accepted Mr. Boulware's resignation after considerable delay during which time he had "hoped that he could persuade him to change his mind." "Mr. Boulware," he said, had "rendered

tion Board over a period of more than two and one-half years. He had been largely responsible for WPB's part in successfully expediting last year the all-important destroyer escort program and the two landing craft programs." Mr. Krug also said:

"Since late last year he had di-rected the Office of Operations with competence when a number of urgent programs had required the kind of effective attention we had learned to expect from him. The latest of these was the heavy tire program which, during the four weeks, had responded well to Boulware treatment. It is obvious that with these achievements to his credit, I would do signal service to the War Produc- my best to get him to stay with merly held by Charles E. Wilson. barley, the near record rice crop

yet get him back."

Mr. Krug then announced that Hiland G. Batcheller, President of Allegheny Ludlum Steel Co., who, uniquely enough, had preceded Mr. Boulware in the Office of Operations, had agreed to return to WPB for a further period and would immediately take up his new duities. Mr. Krug spoke in the most complimentary terms of the constructive work that Mr. Batcheller had done during his previous occupation of the office and before that as Director of the Steel Division, and said he was sure that under his leadership the Office of Operations would complete its part of the war production effort and would successfully institute such of the reconversion program as was within its prov-

In further explanation to his staff of his decision to leave his office, Mr. Boulware declared that he had the greatest admiration for Mr. Krug. "He is exactly the type," he said, "of able, experienced leader needed to step into the emergency situation created by the recent resignation of Mr. Wilson and the departure of Mr. Mr. Boulware further stated:

"He is a close and respected friend with whom and for whom I have worked in confidence and harmony for two and one-half years. However, I was convinced when I handed Mr. Krug my resignation and discussed it with him, that in doing the big job crops can mature. Notwithstandthat still has to be done he should have an Operations Vice-Chairman who would quickly be publicly recognized as one wholly of his own choosing. I am still of that same opinion, and I am most happy to see that he has made such an excellent choice.'

Mr, Batcheller, in his turn, spoke of the pleasure he felt at being back with the organization he knew so well and of his satisfaction in having a further opportunity of being of service.

In his letter of resignation Mr. Boulware said in part:

"Obviously, I want to be of any immediate service you or my successor may desire in connection with any past activities or current work in progress. Also, after leaving the War Production Board, I will be on call in connection with any matters of which I have had responsibility or knowledge."

From Mr. Krug's letter accepting the resignation of Mr. Boulware we quote:

"I accept your resignation with done a splendid job and, I know, would have continued to do so. I am especially mindful not only of your record in expediting war work but also of the fact that the reconversion already accomplished and the further preparation in this direction have been done to such a substantial degree in the bureaus and divisions under your control.

"I am grateful for your having deferred an announcement of your resignation until now and for your having been of such constructive help to me meanwhile. well and I am sure you will continue to do so in the further public or private undertakings in know you have my best wishes."

It was made known on Sept 9 that Mr. Krug had designated A. H. Bunker and Mr. Batcheller as his top aides in what he called a streamlining of the agency to deal with reconversion. Mr. Bunker becomes chief of staff, and Mr. Batcheller chief of operations. Both are new titles. Mr. Bunker had been Deputy Executive Vice-Chairman. This position has been eliminated, as has the position of

Just and it may be that we shall Agricultural Dept. Report On Grops As Of Sept. I

The United States Department of Agriculture, at Washington, on Sept. 1, issued its general crop report as of Sept. 1, which we give

Unusually abundant rains during August over most of the area between the Great Plains and the Appalachian Mountains added 172,000,000 bushels to the prospective corn crop, boosted prospects for tobacco and sweet potatoes® and helped cotton, peanuts, soy- of 68,000,000 bushels, the larger beans, and sorghums. Chiefly as a result of continued dry weather in the North Atlantic and Pacific Coast States and damake elsewhere from drought in early August, prospects for dried beans declined 10%, and estimates for potatoes, dry peas, apples, sugar beets, rice, and buckwheat de-clined 1% to 4%. Wet weather at harvest time caused some loss of wheat in the Dakotas. The net effect of changes during August was to improve national crop prospects about 2%, so that pro-duction now seems likely to be above production in any past year except 1942 and within 2% of the all-time record set in that outstandingly favorable season. Forecasts based on conditions reseason. ported Sept. 1 indicated aggregate crop production about 4% above production last year, 9% above any year prior to 1942, and 22% above the 1923-32 or "predrought" average.

Prospects continued to improve during early September, and furpected if frosts hold off till the large acreage of late-planted crops can mature. Notwithstanding all the delays in planting last spring, all the local losses from drought this summer and all the vexatious handicaps and delays from war-time conditions, a few weeks of favorable weather could give the largest aggregate volume of crops this country has ever produced. It is evident that, in the main, farmers and their families have done their part well and others have helped where they could.

Gains during August were local and uneven. In the early part of the months drought was rapidly reducing possible production in a large area which covered nearly all of the eastern Corn Belt, Kentucky and Tennessee, and stretched from Boston to the Rio Grande. Later in the month rains and cooler weather brought relief to most of the dry area except the Northeast, most of which has had rain in early September. There were also excellent rains in the western Corn Belt, but too much rain for small grain harvest great reluctance because you have in the Dakotas. There has been very little rain recently in Wyoming, Colorado and States west of the Rocky Mountains, and during August there was insufficient rain for potatoes, apples and some other crops in the Northeast. Early frosts have already damaged potatoes in Colorado and locally elsewhere. On the whole, however, moisture conditions are favorable in most of the area where crops are still growing; the chief need is for freedom from early frost. Conditions are also favorable for the wheat crop now being sown in the Southwest.

With more than normal rainfall during August in nearly all of the important corn producing States the crop is forecast at 3,101,-000,000 bushels. This is 172,which you decide to engage. You 000,000 bushels above expectations a month ago and would exceed production in any past year except 1942. In the Dakotas heavy rains and losses in the shock have reduced wheat prospects nearly 16,000,000 bushels, but the total U. S. wheat crop, now estimated at 1,115,000,000 bushels, is about 10% larger than the great crop of 1915, the largest harvested up to this time. Sorphums harvested for grain are expected to total about 150,000,000 bushels, compared with 112,-000,000 bushels in 1941, the highest production to date. Adding Executive Vice - Chairman for- the fairly large crops of oats and

than usual buckwheat crop, and the small crop of rye, the total grain production now indicated totals 153,000,000 tons, compared with 143,000,000 tons last year, 155,000,000 tons in 1942, and a range of 120,000,000 to 136,000,000 tons during the previous five years.

When this large grain crop is harvested it should go far to re-lieve national feed shortages. It may affect the numbers of livestock and poultry kept, for if numbers next winter are reduced as much as indicated recently the farm supply of feed grains per unit of livestock would be as large as in any recent year. The hay crop is large and will be supplemented by a large crop of sorghum forage, but there will be only about the usual hay supply in relation to livestock, and there will be some local shortages in areas principally affected by drought.

As now estimated, both in yield per acre and in total production, the tobacco crop would be the second highest on record. The indicated yield of cotton is above past records and the expected crop is close to the average during the last half dozen years. Dried beans, peas, and flaxseed crops are all fairly large, compared with pre-war production, but substantially below last year.

Total prospective fruit production for this season changed very little during August. A slight decrease in commercial apples was more than offset by increases in other deciduous fruits. Aggregate tonnage of the eight major deciduous fruits (apples, peaches, pears, grapes, cherries, plums, prunes and apricots) is indicated to be 21% greater than the 1943 production and 10% greater than the 10-year (1933-42) average. Prospects are favorable for citrus crops in all producing States, and conditions on Sept. 1 indicated an aggregate tonnage of oranges, grapefruits, lemons, limes and tangerines from the 1944 bloom fully as large as the record production from the 1943 bloom. The prospective aggregate production of fruit (deciduous and citrus combined) in the 1944-45 season is 10% to 15% greater than production in the 1943-44 season.

Combined production of the four important tree nuts (walnuts, pecans, almonds and filberts) is indicated to be about 15% above 1943 and 47% above the 10-year average.

It now appears that the aggregate tonnage of commercial truck crops for the fresh market in 1944 (winter, spring, summer and fall seasons combined) will exceed the previous high record of approximately 7,000,000 tons in 1942 by about 11%, slightly less than was indicated a month ago. If present indications are borne out, hte tonnage this year will exceed that of last year by about 18% and the 10-year (1933-42) average by 22%. A new record is indicated for each seasonal group this year, with the heavier increases having occurred in the winter and spring seasons. Summer and fall tonnages are indicated to exceed the previous records by 3% and 2% respectively. Compared with last year, however, summer production should be up about one-fifth.

Rains during the last half of August temporarily relieved the drought in most of the areas producing summer and early fall vegetables, but on Sept. 1 more moisture was needed in most northeastern and in some north central areas to finish late matur-

(Continued on page 1448)

Agricultural Dept. Report On Grops As Of Sept. 1

(Continued from page 1447)

vegetables which are expected to the effects of dry weather, which show new high records for commercial production this year include cabbage, lettuce and onions.

On Sept. 1 an appraisal of the 1944 production prospects for eight important vegetables for processing (snap beans, green peas, sweet corn, tomatoes, beets, lima beans, kraut cabbage and pimientos) indicates an aggregate tonnage about 10% above the 1943 production of these crops and 51% more than the average quantity estimated for the preceding 10year (1933-42) period.

Despite the hot, dry August

weather than hindered the development of many unharvested processing vegetables, indications for tomatoes on Sept. 1 point to the production of 3,173,800 tons for 1944, or about 19% more tonnage than the 1943 production of 2,659,100 tons. On the other hand, sweet corn production prospects were reduced 10% from the Aug. 1 indicated crop of 1,221,200 tons, and it is now expected that 1,097,300 tons will be produced this year, compared with 1,162,000 tons harvested in 1943. The pre-liminary estimate of production of green peas for canning and freezing shows 365,660 tons for 1944. This is 10% below the 1943 production of 407,030 tons. During the month little change took place in the 1944 production prospects for snap beans, and 258,100 tons are in prospect for 1944, compared with 261,900 tons for 1943.

Improvement as a result of favorable August weather, particularly in the western Corn Belt, has reased prospective corn production to a near record level. A gain of 172,000,000 bushels was made during August in estimated production, to above 3,100,000,000 bushels. This would be second only to the record set in 1942, and would exceed the 1943 crop by about 25,000,000 bushels. A crop of this size, if realized, would exceed the 1933-42 average by 732,-000,000 bushels, or nearly onethird. It must be considered, however, that this 10-year average includes the two drought years, 1934 and 1936, in each of which production was only about mon practice. 1,500,000,000 bushels. An average yield of 31.8 bushels per harvested acre is indicated on Sept. 1, compared with 32.5 in 1943 and the average of 25.8. The acreage for harvest this year is the largest

The serious deterioration of the crop which occurred during July was checked by August rains in the droughty area extending across the country southwestward from portions of the Ohio River Valley States through Kentucky, Tennessee, Arkansas, parts of Missouri, Georgia, Alabama, Mississippi, Louisiana and into east Texas. During August, however, droughty conditions expanded into northern Indiana, lower Illinois, southern Michigan, and parts of New York and Pennsylvania, while in New Jersey the situation continued serious. In most other sections prospects remained good or improved, particularly in the western Corn Belt, where the weather was extremely favorable during most of August.

Much of the corn acreage was planted later than usual, because unfavorable weather and floods, and has continued to show much variation in progress. The late planted acreage has overcome some of its handicap under the spur of more favorable weather in August, but will need a growing season frost-free until at least normal dates in order to reach manormal dates in order to reach maturity. An early frost would be a severe blow to crop prospects. In cline since Aug. 1 in the indicated turity. An early frost would be a the South the larger than usual crop was caused primarily by adproportion of late planted corn verse weather during the harvest

ing crops satisfactorily. Market | corn appears to have withstood "fired" much of the early acreage and made recovery ranging from material to remarkable as favoring rains fell in August. This has been a significant factor in offsetting declines in production in other sections.

Harvest of corn is under way in Florida and Texas, and progressing northward as far as Virginia. In the Northeast silo filling and some cutting of fodder have started, partly as an emergency measure to salvage prematurely ripened fields in which ears were partly barren or mere nubbins. In the northern areas some fields were far from maturity, while others across the road were well dented, with most of the acreage still in the ear-filling stage. Hybrids were heavily outyielding open-pollinated varieties in much of the drought-affected area.

The Corn Belt reflected the mixed trends in various parts of the country. Improvement in the western and southern Corn Belt States far exceeded declines in the eastern portion. Further declines in yields during August in Ohio, Indiana and Illinois, and sharp drops in Michigan and Wisconsin lowered prospective production by 33,500,000 bushels for the five States. But this was more than offset in Iowa alone by an increase of five bushels in yield, adding 57,000,000 bushels to the total. Other sharp upturns in yield and production prospects in Missouri, South Dakota and Nebraska, plus moderate increases in Minnesota and Kansas, boosted the total. The net result of these shifts within States raised Corn Belt production 125,000,000 bushels above Aug. 1 prospects and was chiefly responsible for the increase in the country as a

Corn prospects were sharply reduced in the North Atlantic States because of dry weather in August. New York and New Jersey yields suffered most seriously, and in much of Pennsylvania, and particularly coastal portions of New England, corn had fared badly and there were many barren ears. Salvaging of the crop for silage and fodder was a com-

Improved prospects in South Atlantic and most South Central States came as a result of timely August rains. Much early corn had been damaged beyond improvement, but the late corn responded to the improved growing conditions. Fortunately, more than the usual proportion of the acreage was planted late this season, so that gains of 0.5 to 4.5 bushels were possible in the average yields of most of these States. West Virginia was an exception, showing a decline, while prospects remain unchanged in Maryland and Texas. Kentucky yields re-covered to the greatest degree— 4.5 bushels.

Whereas improvement had oc-States, the reverse was true during August. The reversal was led by Colorado, which has more than half the corn acreage of the region, followed by Idaho, Ari-zona, Washington and Oregon. In other Western States prospects were unchanged or slightly improved.

Wheat

The production of all wheat, indicated at 1,115,402,000 bushels on Sept. 1, is 17,000,000 bushels less than was forecast on Aug. 1, but still the largest crop on record. This, the second billion-bushel crop in U. S. history, compared with 836,298,000 bushels produced turned out to be fortunate. Late of spring wheat in the Dakotas, (23.0).

Montana and Wyoming. Other factors which contributed to the decline since Aug. 1 in this area were more damage from rust than expected earlier, and dryness and excessive heat in late July and early August which forced ma-

All spring wheat is estimated at 329,278,000 bushels. In spite of the decline which occurred since Aug. I in spring wheat, the spring wheat crop as estimated on Sept. 1 is 7% above last year and the largest since 1928. Durum wheat, indicated at 35,503,000 bushels, is slightly below last year's crop of 36,204,000 bushels. The Sept. 1 estimate of 293,775,000 bushels of other spring wheat is 9% above last year, and the largest production of record which dates from Other spring wheat bore the brunt of adverse weather since Aug. 1 in the wheat production estimate, so that approximately 15,500,000 bushels less are now expected than a month ago. Twelve million bushels of this decline is in North Dakota alone.

Weather during August was unfavorable for both combining and threshing. Continuing rains or wet fields halted combining operations, and weeds became a han-Where threshing was dedicap. layed, shocks settled and sprouted, and were partially hidden by weeds. A severe hail and wind storm caused extensive loss in Montana. Outside the Dakotas, Montana and Wyoming spring wheat yields per acre and the consequent production were the same or above Aug. 1, being above last month in the more important producing States of Colorado, Washington and Oregon.

The yield per harvested acre of both durum and other spring wheat is below last year, but substantially above average. The indicated durum wheat yield is 16.0 bushels, compared with 17.0 last year and the 10-year average of 11.2 bushels. Other spring wheat at 17.5 bushels is more than a bushel per acre less than the 18.7 last year. The 10-year average is 12.4 bushels, which, however, includes several severe drought

Oats

The oats crop is little changed from the indication as of Aug. 1. Oats production is now placed at 1,190,540,000 bushels. This is up only 3,000,000 bushels from the Aug. 1 prospect and is 4% above the 1943 crop of 1,143,867,000 bushels, and 16% more than the 10-year (1933-42) average of 1,028,280,000 bushels.

Excepting the Northwestern States, where wet weather has slowed the progress of harvest and caused some damage to yield and quality, the season has been largely favorable for harvesting the crop in good condition. In the North Central region, the leading oats producing area, yields are favorable from the Dakotas to Wisconsin, but below average across the Corn Belt from Nebraska and Kansas to Ohio, where a larger proportion than usual of late oats produced a disrop. from well above average in the South Atlantic, South Central and Pacific Northwest to near or slightly above average in other States. Yield and quality of early sown oats are above average rather generally, but vary sharply between areas for the later part of the crop.

The indicated yield per acre is 30.0 bushels, compared with 29.9 bushels last month, 29.8 bushels in 1943, and the 10-year average of 28.6 bushels. Sept. 1 yields per acre for the leading production States this year compared with their 10-year average in parenthesis, are as follows: Minnesota, 35.0 (32.4); Iowa, 30.0 (32.0); Wisconsin, 42.5 (32.1); Illinois, 31.5 (32.9); South Dakota, 33.0 (23.3); Barley

A 1944 barley crop of 290,-036,000 bushels is now forecast from preliminary estimates of the crop in States where it is harvested early, and from Sept. 1 production indications in the later harvesting States. The current crop is 10% less than the 1943 crop, but is 13% larger than the 1933-42 average production of barley. That the crop is smaller than last year is largely the result of a 14% reduction in harvested acreage from the high 1943 level, most of which took place in the North Central region. Production prospects in later harvesting States declined slightly during August.

Comparison of the 1944 barley crop with 10-year average production by regions reveals the current crop is much larger in the Western, South Central and South Atlantic regions, but smaller in the North Central and North Atlantic regions. Compared with the 1943 crop, production in the North Central region is sharply down and slightly less in the West, but substantially higher in the South Central, North and South Atlantic areas. Production is above last year in New York, New Jersey, Michigan, all South-ern States, Montana, Wyoming, New Mexico, Arizona, Nevada and California, but below in all other

A yield per acre averaging 22.9 bushels is now indicated for the 1944 crop. This is slightly lower than was expected a month ago, but compares with 21.9 bushels per acre in 1943 and 21.7 bushels the 10-year average yield. Yields are much above average in the South Central and Western regions, and in most of the Atlantic area. In the North Central region average level, but yields are highly variable between States and localities within States. North Dakota, with 20% of the bas a yield well Cost Analysis Service Offered To Country the yield is below the 10-year total acreage, has a yield well above average, though below last year.

Barley harvest has been completed in all but the latest areas. During the growing season the crop in various States suffered injury from insects, diseases and adverse weather, but these local factors were offset by generally favorable growing conditions for this crop.

Potatoes

production prospects Potato continued to decline during August, registering a loss of about 7,700,000 bushels since Aug. 1. A crop of 377,589,000 bushels is now indicated for 1944, compared with 464,656,000 bushels in 1943 and the 10-year (1933-42) average of 362,912,000 bushels. Production in the 30 late States, where most of the August losses occurred, is estimated at 300,381,000 bushels, compared with 363,543,000 bushels in 1943 and the 10-year average of 288,276,000 bushels. In the intermediate and early crop States, the estimate is slightly larger than reported a month earlier.

Growing conditions during Aueffects of hot, dry weather in Eastern and Middle Western areas were only partially offset by showers. Rains in late August showers. came too late to be of much benefit to earlier plantings in the late States but should be of considerable help to the late or main crop acreages. Aroostook County, Me., had a timely rain on Sept. 1 which maintained the prospective yield per acre at the Aug. 1 level. On Sept. 1 about 80% of the potato fields in Aroostook were green and in good condition for further growth. Yields declined in all other New England States except Massachusetts.

Continued dry weather in eastern and southeastern Pennsyl-(32.9); South Dakota, 33.0 (23.3); vania reduced yield prospects in North Dakota, 34.0 (22.0); Michigan, 32.0 (32.8), and Texas, 27.0 States of Michigan, Wisconsin, Ohio, Indiana and Illinois the Estherville, Iowa.

earlier acreages were slightly damaged by hot, dry weather, and the rains during the latter part of August were too late to prevent further deterioration in yields per acre on these plantings. Production prospects in Minnesota and North Dakota show no change from the estimate of Aug. 1, although heavy rains in late August waterlogged the soil and brought about conditions conducive to rot.

In the western potato States a slight improvement in Nebraska prospects was more than offset by reductions in Colorado, Wyoming, Utah, Nevada and Washington. Freeze damage occurred in the San Luis Valley of Colorado on Aug. 26 and 29, when the temperature dropped to 26 degrees. Before the freeze prospects in that area were unusually good, but needed about three weeks of good weather to make maximum yields. With vine growth largely frosted down, full development cannot take place. Elsewhere in Colorado potatoes are making a fine showing. Wyoming potato yields declined because of damage by hot, drying winds to the dry land acreage in Laramie County. Yields in Utah are quite variable. Local frosts, windy weather and blight caused some reduction in the crop. In northwest Washington, where the peak of the White Rose deal is over, yields were considerably below those of last year. But in the main commercial area of the State yield prospects are good. In Idaho, Oregon and California potatoes have continued to make good progress. In Idaho, however, much of the acreage was planted later than usual, and tubers are small for this stage of the season. California growers are now harvesting and are obtaining excellent yields.

Banks By The ABA

According to the American Bankers Association more than 3,000 country banks have already requested the cost analysis service recently offered by the Associa-tion Commission on Country Bank Operations. More requests are being received daily, Kenneth J. McDonald, Chairman of the Commission, reported on Sept. 14 as the first forms placing the analysis project in operation were ready for mailing to the banks. Banks wishing to take advantage of the cost analysis may make requests by either mailing the card recently sent them or by letter to the Committee on Cost Analysis of the Commission on Country Bank Operations. The actual cost work starts October 2. The Association's announcement said:

"The cost analysis service was recently offered without charge to country banks with resources of \$5,000,000 or less by the Commission, after its methods and results had been tested in more than two years' experience by 300 banks. It will provide the average bank with an accurate analysis of its own costs, check its operating efficiency in comparison with banks of the same size and obtain for it a factual base for its service charges. The service is without cost to the banks and requires only a few moments of bookkeeping time to supply the information needed by the Commission.'

Members of the committee in charge of the committee in charge of the cost analysis project include: S. N. Schafer, President, First National Bank, Fort Atkinson, Wis., Chairman; William C. Rempfer, Cashier, First National Bank, Parkston, S. D.; Clyde D. Harris, President, First National Bank, Cape Girardeau, Mo., and Mr. McDonald, Chairman of the

July Building Permit Valuations 24% Below June

Building construction started in urban areas of the United States during July was valued at \$88,000,000, or 24% less than in June, Sections of Labor Frances Perkins reported on Aug. 26. "The total retary of Labor Frances Perkins reported on Aug. 26. "The total value of Federal contracts awarded, \$20,584,000, was 40% below the total for June, 1944, while the valuation of private building work started declined 18% from June to July," she said. "The value of new residential building begun was one-fourth less and the value of new non-residential building started was 38% lower in July than in June, while the volume of additions, alterations, and repairs remained

unchanged," said Miss Perkins, who added:
"The 17% drop in valuation for all urban building construction started between July, 1943 and July, 1944, was the result of a 49% decrease in the volume of Federal construction contracts awarded. Permit valuations for non-Federal construction were slightly higher

than in July of last year.

Both Federal and non-Federal new residential building were substantially lower than in July 1943, having dropped nearly two-thirds and one-third respectively. New non-Federal non-residential building, on the other hand, was almost twice the July 1943 total, while Federal non-residential building fell off by almost one-half. Both Federal and non-Federal additions, alterations, and repairs increased sharply.'

and repairs	+ 3	+ .3	+ 1.6	+ 30.5	+ 29.6	+59.6

Miss Perkins further said:

"The cumulative dollar value of all building construction started in urban areas of the United States thus far in 1944 was \$658,068,000, 13% less than the \$752,312,000 for the corresponding period of 1943 The value of new residential building declined by more than onethird and new non-residential by one-tenth, while additions, alterations, and repairs increased by over two-fifths.
"The value of Federal building construction contracts during the

first seven months of 1944 was only one-half the value of such contracts awarded during the same period of 1943, the heaviest decline being in new residential building. The dollar value of non-Federal work on the other hand increasesd 27%."

Class of construction—	Total F 1944 (In thou	1943 sands	Percentage change	1944 (In the	al First 71 1943 ousands ollars)	Percentage change
All construction	658.068	752,312	-12.5	204,442	394,298	-48.2

and repairs	173,430	120,225	+ 44.3	7.697	10,852	-29.1

"The 8,445 family dwelling units for which permits were issued or Federal construction contracts were awarded during July was 28% less than the total for June and 43% less than for July, 1943. Less than one-tenth of the July total, 799 units, were in Federal war housing projects. This represents a decline of 54% from the number of Federally financed units started during June 1944 and a decline of 78% from the number started during July, 1943. The number of privately financed dwelling units started during July was 23% less than during the previous month and 31% less than during July, 1943."

FDIC Reports Record Deposits And Assets For Insured Banks As Of June 30, 1944

Deposits and assets of insured commercial banks, which have expanded almost continuously since the outbreak of the European war in 1939, were higher on June 30, 1944, than on any other report date in the history of the Federal Deposit Insurance Corporation, Chairman Leo T. Crowley announced on Sept. 7. The summary of the assets and liabilities of the 13,269 insured commercial banks revealed that the increases reflected chiefly continued purchases by the banks of obligations of the United States Government and support by the banks of the Government's war financing program. Mr. Crowley reports that total assets of the banks as of June 30, 1944, amounted to \$122,647,000,000 compared with \$102,405,000,000 on June 30, 1943, an increase of 20%. He stated further that total deposits increased by \$19,597,000,000, or almost 21% since the summer of 1943 and amounted to \$114,180,000,000 on June 30, 1944.

Mr. Crowley also made known that the comparative statement of assets and liabilities of all insured commercial banks issued by the Corporation also revealed the following significant items:

The growth of deposits since June 30, 1943, was chiefly in the war loan deposits of the United States Government which increased by \$10,990,000,000. On June 30, 1944, the Treasury's war loan and Series E bond accounts at the banks amounted to \$18,431,000,000 out of total U. S. Government deposits (including postal savings deposits) of \$18,871,000,000;

Demand deposits of individuals, partnerships, and corporations showed an increase for the year of \$3,941,000,000, but ation of Chicago, of which M. W. were smaller in amount on June 30, 1944, than on Dec. 31, Lowell, Vice-President of the 1943. The reduction over the six-month period apparently reflected heavy purchases of securities by customers during the Fifth War Loan Drive, the proceeds of which were transferred to the War Loan and Series E bond accounts. Time deposits and interbank deposits increased over the year period:

On June 30, 1944, holdings of United States Government

obligations amounted to \$67,104,000,000, an increase of \$15, 562,000,000, or 30%, since June 30, 1943;

Investments in obligations of States and political subdivisions on June 30, 1944, amounted to \$3,394,000,000, a decrease during the year period but an increase of \$106,000,000, or 3% since Dec. 31, 1943. Investments in other securities declined during the year by 6% and amounted to \$2,730,000,-000 on June 30, 1944;

Loans and discounts amounted to \$20,732,000,000, an increase of \$3,340,000,000 or 19%, since June 30, 1943. The expansion in loans was chiefly in loans to brokers and dealers in securities and in other loans for the purpose of purchasing or carrying securities.

The banks reported cash, reserves, and funds due from banks nection with preparations for the of \$27,191,000,000 on June 30, 1944, an increase of \$1,653,- conference, an Advisory Com- Trust Company.

000,000 or about 7%, since June 30, 1943. The increase re-000,000 or about 7%, since June 30, 1943. The increase reflected chiefly additional reserves supplied the banks III.-Wis. Savings & through Federal Reserve purchases of securities and some increase in the volume of items in process of collection;

Of the assets held by insured commercial banks on June 30, 1944, 22% were cash, reserves, and funds due from banks, August Advances were United States Government securities, 5% were other securities, 17% were loans and discounts, and 1% were fixed and miscellaneous assets;

Total capital accounts of the insured commercial banks increased by \$481,000,000 over the year period, reflecting increases in common stock, surplus, undivided profits, and reserves, which more than offset retirement of preferred capital. Total capital accounts amounted to \$7,711,000,000 on June 30, 1944, equal to 6.3% of book value of assets, compared with 7.1% on June 30, 1943.

June 30, Dec. 31, June 30.

ABA Mid-Continent Trust Meet In Chicago

The Mid-Continent Trust Conference of the Trust Division of the American Bankers Association will be held in Chicago this year on November 9 and 10, it was announced on Sept. 12 by Henry A. Theis, President of the Division, who is Vice-Pres. of the Guaranty Trust Co. of New York. This will be the 14th such conference and will be held at The Drake Hotel. Continental Illinois National Bank Trust Company,

ident, will again act as hosts for the Mid-Continent Conference. Eighteen states are included in

the mid-continent area. The program is nearing completion, Mr. Theis states, and will include talks on investments, common trust funds, new business, trust administration, problems of smaller trust departments, pension trusts, taxes, and legislation. The complete program will be mailed to Trust Division members early in October. All those planning to attend have been urged to make hotel and railroad reservations early. Two Chicago committees have been named to serve in conChicago banks, and a Committee on Arrangements.

Members of the Advisory Committee are: Philip R. Clarke, President, City National Bank & Trust Company of Chicago; Law-rence F. Stern, President, American National Bank & Trust Company of Chicago; Edward E. Brown, President, The First Na-tional Bank of Chicago; Walter J. Cummings, Chairman of the Board, Continental Illinois National Bank & Trust Company of know that there will be returned Chicago: Frank R. Elliott, Pres- to us our sons and daughters, hus-Harris Savings Bank; Holman D. Pettibone, President, Chicago Title & Trust Company, and Solomon A. Smith. President, The Northern Trust Company.

Those comprising the Committee on Arrangements are: Fred W. Hawley, Jr., Trust Officer, Con-Trust Company, Chairman; Mills Easton, Manager, Advertising and Publicity, Northern Trust President, Harris Trust & Savings National Bank & Trust Company; social responsibility in the recon-Officer. City National Bank &

Loan Ass'ns Report

August advances by the Federal Home Loan Bank of Chicago to Illinois and Wisconsin savings, building and loan associations were four times the volume for the like month of last year, but considerably less than for August in the three preceding years, A. R. Gardner, President, reported to the Federal Home Loan Bank Administration at Washington on Sept. 13. He said that the disbursement of \$883,930 to the member associations in August brought loans outstanding at the end of the month to \$15,071,373.-45, which is 55% more credit outstanding than on August 31, 1943. The number of associations using the credit facilities of the reserve system in these prosperous times has decreased 10% since this time last year, Mr. Gardner said, and the balance outstanding at the end of August was \$4,000,000 less than at the mid-year period when the regional Bank reached its 1944 peak in advances to the local thrift and home financing institutions.

Mr. Gardner predicted that larger and longer sustained demand for the funds of the Federal Home Loan Bank in this district will be most likely as soon as the German phase of the war is over. and said that internal policies are being shaped to meet that demand. The cash position of the bank has increased from 16% of assets at the end of July, to 19.3% at the end of August.

Observe V-Day In Reverence and Thanksgiv'g Board of Trade Asks

"People of New York City should express reverence and thanksgiving" on the day Victory crowns the efforts of our armed forces in Europe. This is the ex-pressed hope of the New York Board of Trade, the directors of which organization adopted a recommendation of its Mercantile Section. The Board offers to cooperate with the Mayor and with mittee, composed of the heads of church organizations in calling to the attention of business and its employees opportunities for giving thanks to Almighty God for this great blessing.

Matthew G. Ely, President of the New York Board of Trade, after offering to cooperate with Mayor La Guardia, issued a statement in which he said that "on the day that we win Victory and bands and fathers, it is unthinkable that our people should regard this as an occasion for riotous expressions and general debauch."

"We in the Board of Trade," he said, "are asking businessmen throughout the city to set an extinental Illinois National Bank & ample of dignity and reverence and we will cooperate with all faiths and all creeds in calling attention to opportunities of fit-Company: Michael A. BOND PROPOSALS AND NEGOTIATIONS

ALASKA

Ketchikan, Alaska Bill Introduced into House of Representatives—A bill has been introduced in the House of Representatives by Delegate Diamond of Alaska, calling for an issue of \$150,000 bonds for construction and acquiring additions and betterments to and extensions of the electric light and power system and for other purposes.

ARIZONA

Maricopa County, Cashion School District (P. O. Phoenix), Ariz. Bond Offering — James E. De Souza, Clerk of the Board of County Commissioners, will receive sealed bids until 10 A.M. on Nov. 6 for the purchase of \$6,000 coupon construction bonds. Dated Dec. 1, 1944. Denom. \$1,000. Due \$1,000 on Dec. 1 from 1945 to 1950 incl. Bidder to name the rate of interest. A certified check for 5% of the issue is required.

Salt River Project Agricultural Im-provement And Power District, (P. O. Phoenix), Ariz. Report on Refunding Plan—In

connection with previous reports in these columns (see v. 160, p. 772), regarding the \$7,332,000 debt refunding operation inaugurated for the district by a group consisting of Stranahan, Harris & Co., Inc., Shields & Co., Boettcher & Co. and Durand & Co., the first named investment firm, which is manager of the refunding agent,

recently noted as follows: "A group consisting of Stranahan, Harris & Co., Inc., Shields & Co., Boettcher & Co., and Durand & Co., have just offered a block of \$563,000 Salt River Project Agricultural & Power District 3% bonds due from 1956 to 1973. These bonds are the first 3% Salt River bonds to be offered in the secondary market and is the result of the recent refunding program inaugurated by the same group. The refunding involves the \$7,332,000 41/4% bonds callable in 1948 and offers the holders an opportunity to exchange their bonds for the new refunding issue likewise bearing 41/4% interest to the call date and with sufficient additional coupons to furnish them with the full 3% call premium to which they will be entitled if the bonds are called in 1948. The unique part of the plan is that the coupons representing the interest in excess of 3% plus the premium call may be detached by the holders and will be prepaid by the district at any time upon presentation prior to their due dates, thereby leaving a straight 3% bond for market purposes. It is reported that the refunding plan will be consummated through the exchange being made at the Harris Trust & Savings Bank in Chicago the week of October 2, and letters of transmittal requesting that the onsenun bondholders send in their bonds for exchange are being furnished the holders in the next few days. Approximately \$5,000,000 of the outstanding bonds have consented to the refunding plan and it is expected that when the new bonds are ready for immediate exchange substantial additional blocks will be forthcoming so that a high percentage of the refunding will be accom-plished through the operation of the plan. The plan represents a definite benefit to the district through interest savings and the levelling of the debt service requirements. The holders who have consented to exchange are assured of the full benefits to

Bond Call — Fred J. Ingram,
District Secretary, calls for payment on Dec. 1, 1944, at the Simmons National Bank of Pine Bluff, bonds Nos. 5 to 9.

Newport Street Improvement

District No. 15, Ark. Bond Call—J. G. Walker, District Secretary, called for payment on Oct. 1, 1944, \$4,000 refunding bonds, Nos. 44 to 51, dated April 1, 1941. Bonds should be sent to the W. B. Worthen Co. of Little Rock, for payment.

CALIFORNIA

Baldwin Park Sch. Dist. (P. O. Los Angeles), Calif. Bonds Voted—At an election on Aug. 18 the voters approved an

issue of \$20,000 construction bonds. East Bay Municipal Utility Dist.

(P. O. Oakland), Calif. No Bonds Involved in Sewage District Proposal on November Ballot-To eliminate confusion in the minds of some people, including officials of cities involved, Frank W. Wentworth, President of the East Bay Municipal Utility district, recently issued a clarifying statement concerning the sewage district proposal that will appear on the November ballot.

He pointed out that the sol question to be decided in the November vote will be whether or not a special sewage district will be created within the boundaries of Oakland, Alameda, Berkeley, Emeryville, Albany and Piedmont.

The proposition, as submitted by the utility district to the voters of those cities does not involve any bonds or any other expenditure of money.

If the people of the six cities vote to create the sewage district, operation of the district will be under the utility district.

Florida (State of) Municipal Market Developments

The following information is taken from the September issue of the monthly bulletin on municipal bonds, prepared by A. B. Morrison & Co., Congress Building, Miami:

Business in Florida municipal bonds during the past 30 days has been in the doldrums. Asking prices for both dollar bonds and yield bonds have changed little but it is sometimes difficult to get firm bids in line with asking prices. There is a fairly substantial amount of bonds on dealers' shelves and they don't appear to be moving out at all rapidly. There is, however, no disposition on the part of the majority of dealers to cut prices materially and nothing, as far as we can see, that is apt to cause any considerable immediate recession in prices.

The most interesting item regarding Florida municipal finance comes from Orange County. Under present conditions Orange County's allocation of the gas tax is not sufficient to meet all of its interest requirements in full. The State Board of Administration, therefore, directed the Orange care of interest on its road bonds. American. interest but it has adopted the sound policy that where the gas revenues are insufficient for interest, the county must levy enough ad valorem tax to make up this difference. Under normal conditions the gasoline revenues are sufficient to take care of interest and provide a surplus in every county, so far as we know, but where there is any question as to gasoline revenues being sufficient the State Board of Administration is insisting upon a tax. tion of Florida road bonds.

There is a bitter fight waging in Dade County over the constitutional amendment mentioned in our July bulletin, to be voted on in the November election, doing away with separate assessment for county and city and having only one assessing and one tax collection agency for county and city purposes. We are hopeand city purposes. ful that the electorate will reject the amendment in November, because, in our opinion, it is its place we would like to see a simple amendment granting to all expansion. counties the right to accept its provisions and having the Legislature set up the procedure to

Officials of the Florida League of Municipalities and a committee from the State Legislature met recently in Jacksonville to discuss added revenues for cities. Naturally some of the cities would like to get hold of a portion at least of the money now going to the State. The Legislative Committee made clear what we have long contended, that before cities can \$500,000 reserve fund, which dis-compared with the old hit or miss 1958, \$9,000 in 1959 to 1961, and

and power revenues for the five-, high bidder, named a rate of trict attorneys termed a cushion method practiced by individual to protect bondholders in case of counties is pretty clear evidence unexpected disaster. board is desirable. This is particularly true as regards smaller communities which operate too often with little attention paid to debt paying ability and collection of taxes.

Following the recent adverse decision of the U.S. Supreme Court, Coral Gables has signed a refunding contract under which all of its outstanding funded debt will be consolidated into one issue and outstanding bonds called on Jan. 1, 1945. Prior to the actual sale of the bonds, which is scheduled for December, an exchange proposition will be offered to holders of present Coral Gables bonds (details of which will be available later), through any of the members of the underwriting account, all Miami houses, consisting of the following: John Nuveen & Co., B. J. Van Ingen & Co., A. B. Morrison & Co., Cohu Torrey, Corrigan & Co., and Ranson-Davidson Co., Inc.

Edwards County Community High School District No. 201 (P. O. West Salem), Ill.

Bonds Sold-An issue of \$94,000 3% building bonds has been purchased by Ballman & Main of Chicago. Dated Sept. 1, 1944. Legality approved by Charles & Trauernicht of St. Louis.

Illinois (State of) Highest Court to Pass on Housing Statute—The Illinois Supreme Court heard oral arguments Sept. 19 and 20 on the constitutionality of the State's 1941 neighborhood redevelopment act, which seeks to extend limited powers of condemnation to privately financed development corporations.

Widespread attention has been attracted by the case, in which the city of Chicago seeks reversal of a Circuit Court ruling that the law is unconstitutional. Besides determining the character and scope of future slum clearance projects in Chicago and other Illinois cities, the final outcome of the case may have a bearing on a trend toward adoption of similar legislation in other States.

"The case now before this court," it was declared by William Wilson, attorney for the City of Chicago, "seeks to enlist the participation of private enterprise in the solution of the problem of slum clearance and rehabilitation without the use of public funds, tax exemptions, and public ownership of real estate.

"It makes no difference whether the right of eminent domain is exercised by a public or private corporation. The deciding question is whether it is put to a public rather than private use.

Cook County Circuit Court Judge Julius H. Miner had ruled the act unconstitutional in a suit brought by John F. Zorn, a taxpayer, to restrain the City of Chicago from appropriating funds to meet the expense of a municipal supervisory commission established under terms of the act.

Although conceding that the law was a genuine attempt to "promote and finance the sorely needed clearance and rehabilitation of slum and blighted areas in our cities, and is beyond any doubt a laudable purpose of para-mount importance," the lower court judge had added:

"But to justify the taking of a private property from the owner without his consent, even for adequate consideration, the law must extend its control over the property after it has condemned to insure its devotion to the declared public purposes and uses. The present statute does not meet the requirements and is unconstitutional.

"Since all public control for the perpetuation of the public uses is removed with the completion of the redevelopment area, the grant of the power of eminent domain becomes the crux of the entire act. The purpose for which the property would be taken and used would be a private purpose for pecuniary profit and not public purpose at all."

Matured Bonds Not Presented for Payment-The August report of State Treasurer Stratton presents the picture of a State in excellent financial health. There are one or two items worth noting. One is that, of the soldiers' compensation bonds where the last maturity date was Aug. 1, 1944, there is \$79,400 outstanding and not yet presented for payment. Another item concerns the 4% bonds of the first highway issue that has matured. On these bonds there is \$60,000 not yet presented for payment and the maturity date was March 1, 1944. In either case the loss is considerable because the securities draw no in- scribed municipals aggregating furnish the approving opinion of bonds to refund the portions of terest after maturity. But bank re- \$448,695.09. These bonds represent Chapman & Cutler of Chicago, the above-described issues callceivers and others in charge of the unsold portion of a previous and all bids may be so conditioned able on Dec. 1, 1944, and Jan 1, deposits of funds find the same offering made by the company on as to legality only to that extent. 1945 .

\$10,000 in 1962. Principal and in- situation. People are either indifferent, careless, or forgetful.

Counties Given August Gas Tax Allotments—Allotment of \$645,-218 to Illinois counties as their net share of motor fuel tax receipts for August was announced recently by State Director of Finance George B. McKibbin. The gross allotment was \$779,020 from which was deducted \$43,542 as reserve for the \$20,000,000 emergency relief bond issue and \$90,-260 as reserve for the \$30,000,000 issue.

Allotments to the various counties included: St. Clair, \$14,407; Bond, \$1,329; Clinton, \$2,172; Madison, \$14,336; Monroe, \$1,639; Randolph, \$2,501, and Washington,

Oglesby, Ill. City Observes Lifting of Municipal Debt-Residents of this city staged an old fashioned celebration on Sept. 17 in honor of the community's escape from municipal debt. Packing their picnic baskets, towns people assembled at one of the local "nature areas" to participate in "Oglesby Is Paid For Day" ceremonies.

The community retired its last remaining bonds last week. And now, for the first time since it went into debt approximately 40 years ago-when it issued \$3,250 in general obligation bonds Oglesby is in the clear, the Municipal Finance Officers Association reports.

Since 1931 Oglesby has paid off more than \$100,000 in indebtedness and has spent for capital improvements \$200,000 from current revenues and \$70,000 in motor fuel tax revenues received from the State. The town also has set aside \$100,000 in war bonds and cash for post-war improvements and completed engineering work on \$225,000 of post-war construction.

Oglesby's all-time high bonded indebtedness was in 1931, when the community owed \$62,-500 in general obligation bonds and \$35,000 for special paving assessments and the city's share of public benefits. In addition to this \$97,000 debt which required 13 years to liquidate, the city had to pay off \$14,000 in tax anticipation warrants.

The job of paying off the debt vas especially hard during the depression years, the association reports, because Oglesby was paying from 40 to 30% of its annual tax revenues during those years for debt retirement.

Work on municipal improvements during the 13-year period was kept up, however, and two new concrete bridges were built with gas tax refunds from the State. Streets, highways, curbs and gutters, parks and playgrounds, water and sewer main installations, a new street lighting system, new equipment for city departments, parks and other properties were purchased with corporate funds.

Now that Oglesby is debt-free, city officials believe that, barring disaster, the community will not need to borrow again unless the citizens desire.

Roxana, Ill. To Refinance Water Debt-The Board of Trustees has passed an ordinance providing for an issue of \$50,000 water bonds, of which \$19,000 will be used to refund a like amount of outstanding water bonds and the remaining \$31,000 used to pay for improvements to the village system. The old bonds were issued as 51/2s and the refundings will bear 31/2% interest.

Purchaser-The City Securities Corp. of Indianapolis purchased the \$50,000 school and civil township bonds awarded on Sept. 1, as $1\frac{1}{4}$ s, at 100.47, a basis of about 1.203%, as previously noted in v. 160, p. 1236.

IOWA

Dubuque Bridge Commission (P. O.

Bond Offering — Charles G. Kristochmer, Secretary Bridge Commission, will receive sealed and open bids until 12:30 P. M. (CWT) on Oct. 10 for the purchase of \$2,800,000 first mortgage bridge revenue refunding bonds. Dated Nov. 1, 1944.

Denomination \$1,000. Due Nov., 1964. Optional for redemption prior to maturity as a whole at any time and in part on any interest payment date upon terms of par and accrued interest, plus a premium of 21/2% of the principal amount thereof if called for redemption on or prior to Nov. 1, 1947; 2% of the principal amount thereof if called for redemption thereafter and on or prior to Nov. 1, 1951; 11/2% of the principal amount thereof if called for redemption thereafter and on or prior to Nov. 1, 1955, and 1% of the principal amount thereof if called for redemption thereafter and prior to maturity. Bidders shall specify the interest rate for said bonds which shall be a uniform rate as to all of the bonds. Bidders may specify whether selection of a portion of the bonds to be redeemed prior to maturity shall be by lot or whether redemption of any such portion of the bonds shall be in numerical order. Principal and interest will be payable at the American National Bank & Trust Co. of Chi-

Bidders who quality by filing a bid for the bonds having the specifications as contemplated by the notice of sale, may also submit an alternative bid for the purchase of the bonds having other specifications or details put such alternative bids will be independently considered by the Commission and will not be regarded as competitive with bids which conform to the specifications of the notice. Said bonds are to be issued for the purpose of refinancing the outstanding First Mortgage Bridge Revenue bonds of the Commission dated June 1, 1941, and are to be payable solely from revenues to be derived from the operation of the bridge of the Commission extending over the Mississippi River between City of Dubuque, Iowa, and the City of East Dubuque, Illinois. Each bidder must agree to furnish the printed bonds for execution and to accept delivery thereof in Chicago. The Commission will

Each bidder must agree to accept delivery and make payment for the bonds on or before Nov. 1, 1944. Enclose a certified check for \$75,000, payable to the Commission.

Muscatine, Iowa Bond Issue Details—The \$50,000 1½% levee improvement bonds to be purchased by the White-Phillips Co. of Davenport, previously referred to in v. 160, p. 875, will mature as follows: \$2,000 from 1945 to 1954, incl., and \$3,000 from 1955 to 1964, incl.

Sibley, Iowa

Certificates Sold-An issue of \$25,000 airport certificates was sold Sept. 7 to Carleton D. Beh Co. of Des Moines, as 1½s, at par. The issue was approved by the voters at an election on Aug. 14.

Sioux City, Iowa

Bond Offering-C. A. Carlson, City Treasurer, will receive sealed and oral bids until 2 P. M. on Oct. 4 for the purchase of \$125,000 general obligation bonds, as fol-

\$50,000 flood protection bonds. Due \$10,000 on June 1 from 1951 to 1955, incl. Payable from unlimited taxes on all city's taxable property.

75,000 bridge bonds. Due \$15,000 on Dec. 1 from 1950 to 1954. incl. Payable from a limited but sufficient tax upon all city's taxable property.

All of the bonds will be dated Oct. 1, 1944. Principal and interest payable at the City Treasurer's office. Sealed bids will not be opened until all oral bids are received. City will furnish the bonds and legal opinion of Chapman & Cutler of Chicago, and all bids must be so conditioned. A certified check for 2% of the bonds bid for, payable to order of the city, is required. Bidder to specify the semi-annual interest rate and all other conditions being equal preference will be given to the most favorable bid of par and accrued interest or better naming the lowest rate.

Tingley, Iowa

Bonds Sold-An issue of \$5,000 town hall bonds has been purchased by the First National Bank of Diagonal as 13/4s.

KANSAS

Kansas (State of)

To Test Municipal Bond Statute -State Attorney General A. B. Mitchell and Alton H. Skinner, City Attorney of Kansas City, agreed Sept. 18 to test in the courts whether "actual assessed valuation" includes intangible property under a 1921 municipal bond law. The statute, it was explained, requires a \$90,000,000 property valuation before the city can issue bonds, which is below the figure of Kansas City's tangible valuation. An interpretation of the wording of the statute is desired in time to put the matter before the 1945 State legislature should such action be necessary.

Report on State and Local Debt Wichita has prepared for distributies in the State as of June 30, incl., and \$900,000 11/2s, due \$50, Auditor. Bonded debt of the State itself is given as \$11,280,000.

Bond Sale-The issue of \$50,000 drainage bonds offered Sept. 19 was awarded to Scharff & Jones of New Orleans, as 21/4s and 2s.

MARYLAND

Baltimore, Md.

Tax Collections Reported Excellent Baltimore collected 90.19% of the year's taxes by Aug. 31, \$54.1 million of a \$60 million levy, Herbert Gallin, municipal budget director, reports. This is a shade under the 91.03% collected in the first eight months of last year, when the budget stood at \$56.8 million, but an increase over the 86.62% of \$57 million which had been gathered by Aug. 1, 1942. Thec ity has based its 1944 budget upon 96% collection, as it did last year, though in 1942 it counted on only a 95% return. Real estate tax collections for the three-year period have averaged better than 98% in the January-through-August periods. This year \$28.2 million of a \$28.6 million levy was taken in by Aug. 31, an increase over the \$25.9 of a \$26.2 million return last year and a collection of \$26.7 out of \$27.2 million the year before. The city's operating expenses in the eight month period amounted to \$29.1 million, 64.16% of the \$45.3 million operating appropriation for the year. This figure was 64.31% in 1943 and 64.35% in 1942.

Baltimore County (P. O. Towson), Md.

Bond Sale-The \$2,000,000 Metropolitan District 14th issue bonds offered Sept. 26-v. 160, p. 1028were awarded to a syndicate composed of Phelps, Fenn & Co., F. S. Moseley & Co., Paine, Webber, Jackson & Curtis, B. J. Van Ingen & Co., E. H. Rollins & Sons and the First of Michigan Corp., all of New York City, on a bid of par, a net interest cost of about 1.561%. for the issue to bear interest rates as follows: \$250,000 5s, due \$50,-000 on Oct. 1 from 1945 to 1949, incl.; \$250,000 21/4s, due \$50,000 The Small-Millburn Co. of Oct. 1 from 1950 to 1954, incl.; \$100,000 2s, due \$50,000 Oct. 1, tion a tabular record of the 1955 and 1956; \$500,000 1 1/4s, due bonded debt of the various coun-\$50,000 Oct. 1 from 1957 to 1966, 1944, as reported by the State 000 on Oct. 1 from 1967 to 1984, incl. Dated Oct. 1, 1944. Denom. \$1,000. Interest A-O. Due April 1, as follows: \$2,000 in 1945, and \$6,000 in 1946 to 1950. Rate of interest to be in multiples of 1/4 of 1%. Principal and interest payable at the Wyandotte Savings Bank, Wyandotte. The bonds will be awarded to the bidder whose bid produces the lowest net interest cost to the school district. after deducting the premium of-fered if any. In determining the net interest cost, interest on premium will not be considered as Brake, State Treaturer, reports deductible, and interest on bonds that the \$626,132 of various local 1944 to their respective maturity

ad valorem taxes as may be necessary to pay the principal of and interest on the bonds, within the limitations prescribed by Section 21 of Article X of the Michigan Constitution and the Michigan 'Property Tax Limitation Act.' The district has authorized an increase in the tax rate limitation to 1.8% of the assessed valuation for the year 1944, at an election held on March 9, 1944, and has authorized an increase in tax rate limitation to 2.1% of the assessed valuation for the years 1945 to 1949, at an election held on Aug. 21, 1944. No proposal for less than all of the bonds will be considered. Bids shall be conditioned upon the unqualified opinion of Claude H. Stevens, of Berry & Stevens, of Detroit, approving the legality of the bonds. The cost of said opinion and of the printing of the bonds will be paid by the school district. Bonds will be delivered at Detroit. Enclose a certified check for 2% of the par value of the bonds, payable to the district.

Hazel Park, Mich. Bond Sale-The \$100,000 coupon sewage disposal system revenue bonds offered Sept. 25v. 160, p. 1340—were awarded to Kennth K. Martin of Detroit, on a bid of 100.403, a net interest cost of about 3.473%, as follows: For \$65,000 maturing July 1, \$2,000 in 1948, \$3,000 in 1949 to 1951, \$4,000 in 1952 to 1957, \$5,000 in 1958 to 1963, as 4s, and \$35,000 maturing \$5,000 July 1, 1964 to 1970, as 3s. The next highest bidder was: Pohl & Co., for \$75,000, 33/4s, and \$25,000, 31/2s at 100.35, a net interest cost of about 3.654%.

Michigan (State of)

\$250,000 Fund for Local Airport Planning—Michigan has set up a State-wide development plan to facilitate the gradual expansion of airport facilities as recommended by the Michigan Board of Aeronautics.

Municipalities, townships and counties will have immediate access to \$250,000 for use on survey and design of new airports and extensions of existing airports, subject to approval by the Board of Aeronautics, the American Municipal Association reports.

Allocations from the special \$250,000 post-war fund will be remaining money from the allotment going into a general fund for construction incidental to the development of the program.

Each local agency will furnish its own surveyors, engineers and airport designers or will recommend an engineering firm to contract for the job, subject to approval by the Board. To be eligible for State appropriations, the applying municipality must have in advance an official appropriation constituting its share of construction costs.

distributed according to the following plan, the Association said: Twenty percent, or \$50,000, to be prorated on an equal basis to

Airport planning funds will be

Twenty percent to be prorated

to the counties based on county populations. Twenty percent, or \$50,000, to

be allocated to the Detroit metropolitan region of Wayne, Monroe, Washtenaw, Macomb and Oakland counties.

Twenty percent to be prorated in accordance with the number of airports and class of airports considered necessary for each county.

Twenty percent to be held in reserve in a contingent fund to be used at the discretion of the Board of Aeronautics.

Laurel, Miss. Bond Sale-The First National Bank of Memphis was awarded on Sept. 5 an issue of \$50,000 refunding bonds, paying a price of par, a net interest cost of about 1.386%, for the issue as follows: \$25,000 13/4s, due \$5,000 on Oct. 1 from 1945 to 1949 incl. and \$25,-000 11/4s, due \$5,000 on Oct. 1 from 1950 to 1954 incl. Dated Oct. 1. 1944. Int. A-O. Legality approved by Charles & Trauernicht of St. Louis. Second high bidder was Kingsbury & Alvis of New Orleans, whose offer was based on a net interest cost of about

Mississippi (State of)

Ad Valorem Property Rate Cut 2 Mills—Upon receipt of advices from several fiscal officials that the reduction could be made without affecting the State's financial condition, Gov. Thomas L. Bailey recently ordered that the 1944 State ad valorem tax on property be reduced from 4 to 2 mills. This will make possible a saving of \$915,087 to taxpayers on assess-ments payable Feb. 1, 1945.

Governor Bailey said the three fiscal officials had informed him that even with the reduced property tax, the State at the end of the current fiscal year, June 30, 1945, will show a treasury surplus in excess of \$15,000,000.

Basis of the executive proclamation was a statement from State Auditor Bert Barnett, State Treasurer Newton James and Chairman A. H. Stone of the State Tax Commission, showing a general fund balance of \$8,696,979 at the start of the present fiscal year, July 1, which was in addition to the \$21,427,000 set aside to meet all outstanding bonds of the State maturing between now and 1953. The tabulation shows the administration of the late Governor all current obligations paid.

A summary of the financial po-

jointly, H. V. Sattley & Co., Mc- tively estimated general fund re-Donald, Moore & Co. and Miller, ceipts for the current fiscal period Kenower & Co., jointly, Lebental & S34,000,000, or \$1,874,000 under actual receipts for the previous year. Collections in July and year. Collections in July and August, however, were 5.7% above the same months last year.

> "If this same percentage of increase were continued for the balance of the current fiscal year, the total revenue would be \$37,-918,000," Mr. Hough said.

> Using his "conservative" figures as a basis and taking into consideration the balance on hand when the present fiscal year opened, he said \$42,696,979 would be available for expenditures this year, against authorized appropriations of \$27,591,933 at the recent legislative session.

"This would leave an estimated balance at the close of the 1944-45 fiscal year of approximately \$15,-105,000 in the general fund," Mr. Hough pointed out. Explaining that the two-mill levy would reduce revenue \$915,087, the statistician said the expected "surplus" or balance in the general fund next July 1 would be cut to \$14,-189,013. "This appears to be an adequate working balance for any future foreseeable expenditures,' he said.

Mr. Hough's statement showed the State's ad valorem assessment at \$631,625,000, divided as follows: \$416,375,000 for real estate; \$103,-100,000 for personality, and \$112,-150,000 for public utilities; homestead exemptions cut \$150,000,000 from the assessment roll, leaving for State purposes a total of \$481,-625,000, of which \$266,375,000, or 55.3% is on real property; 21.4% personality, and 23.2% for public utilities. Backbone of the State's revenue system is the 2% sales tax enacted in 1932. At the recent legislative session the sliding schedule of the property tax was changed from two to six to two to four mills. The rate applicable to 1943 taxes, payable this year was two mills, having been fixed at that figure by the late Gover-nor Johnson. The 1944 session of the Legislature fixed the maximum rate at four mills, which would have been maintained had the revenues been needed.

Ocean Springs, Miss. Bonds Sold — A. B. Austin, a local investor, has purchased an issue of \$12,000 3% refunding bonds. Dated April 1, 1944 and due from 1949 to 1960 incl. Legality approved by Charles & Treauernicht of St. Louis.

Philadelphia, Miss. Bond Election - At a special election on Oct. 3 the voters will pass on the issuance of \$80,000 in bonds for the construction of a building that will be owned by the city but leased to the Wells-Lamont Glove Co. of Chicago, Ill., for a period of ten years rent free.

Randolph Consolidated School District, Miss.
Bonds Sold—An issue of \$15,000

3% school bonds has been purchased by Cady & Co. of Columbus. Dated Aug. 1, 1944.

Tishomingo County, Second Supervisors' Dist. (P. O. luka), Miss. 21/4% funding bonds purchased by ington-Schas & Co. of Memphis, at a price of 100.64, as previously noted in v. 160, p. 1237, are in denominations of \$500 and mature July 1 as follows: \$1,000 from 1945 to 1955 inclusive, and \$1,500 in 1956. MISSOURI Glasgow, Mo.

Bonds Sold-An issue of \$27,500 1%% improvement bonds has been purchased by the Baum, Bernheimer Co. of Kansas City. Dated Aug. 15, 1944. Legality ap-proved by Charles & Trauernicht of St. Louis.

Mingo Drainage District, Stoddard and Wayne Counties, Mo. Bondholders Advised of Current Litigation - Bowman & Co., St. Louis, reported under date of 000 not to exceed 6% interest Sept. 15, as follows:

\$600,000 (par amount of princi-bonds will be the first choice and

pal) in default of both principal and interest since Nov. 1, 1926, is now the subject of litigation in the U.S. District Court for the Eastern District of Missouri at Cape Girardeau, Missouri.
The Federal Government has

instituted condemnation proceedings involving approximately 22,-000 out of the total of about 33,-000 acres in this district, for a wild game refuge on the so-called "Mississippi Flyway." The district was selected by the Biological Survey of the U.S. Department of the Interior for that pur-

For years, we have urged holders to take steps to protect their holdings. But no bondholders' protective committee was ever organized. Instead, individual holders obtained judgments in the Federal and State Courts. judgments now exceed \$200,000.

What the effect of the Federal proceedings will be (from the standpoint of bondholders) is, we are informed by Counsel, a moot point. The character of the lien is now in question and until the Federal Judge makes a ruling, we cannot attempt to evaluate the position of bondholders as to participation in impounded funds paid into court for acquisition of lands.

It must be understood, moreover, that this brief memo is for information purposes solely, and is not to be construed as an offer to buy or sell any securities.

Riverview Gardens School District (P. O. St. Louis), Mo. Bond Sale—The Baden State Bank of St. Louis purchased in July an issue of \$20,000 school bonds as 1 1/8s, at par.

MONTANA

Anaconda Housing Authority

(P. O. Anaconda), Mont. Note Offering—Gladys H. Ferguson, Secretary-Treasurer, announces that the authority will receive sealed bids until 11 A.M. (Mountain War Time) on Oct. 11 for the purchase of \$403,000 notes. Dated Nov. 1, 1944 and due Nov. 27, 1945.

Clyde Park, Mont. Bond Election-At an election on Oct. 10 the voters will consider an issue of \$8,000 pipe-line construction bonds.

Richland County (P. O. Sidney), Mont.

Bond Offering-J. J. Sanderson, Chairman of Board of County Commissioners, will receive sealed bids until 10 a.m. on Oct. 6 for the purchase of \$57,000 not to exceed 21/4% interest refunding bonds. Dated Oct. 1, 1944. Interest J-D. Amortization bonds will be the first choice and serial bonds will be the second choice of the Board. If amortization bonds are sold and issued, the entire issue may be put into one single bond or divided into several bonds as the Board may determine upon at the time of sale, both principal and interest to be payable in semi-annual installments during a period of seven and one-quarter years from the Bond Sale Details-The \$12,500 date of issue. If serial bonds are issued and sold, they will be in the amount of \$1,000 each; the sum of \$8,000 of the serial bonds will be become payable on Dec. 1, 1945, and a like amount on the same day each year thereafter untit all of such bonds are paid, except that the last installment will be in the amount of \$9.000. The bonds, whether amortization or serial, will be redeemable in full on Jan. 1, 1949, and on any interest date thereafter. Enclose a certified check for \$2,850, payable to the Clerk Board of County Commissioners.

Wheatland County School District No. 15 (P. O. Twodot), Mont. Bond Offering - Minnie F. Lyons, District Clerk, will receive sealed bids until 2 P.M. on Oct. 21 for the purchase of \$12,building bonds. Dated June 1, This drainage district, with over 1944. Interest J-D. Amortization

choice of the School Board. If due 1946-54, were not publicly of the Local Bond Act would reamortization bonds are sold and reoffered, being sold by the group. Quire the maturities to be exissued, the entire issue may be put into one single bond or divided into several bonds, as the Board of Trustees may determine upon at the time of sale, both principal and interest to be payable in semi-annual installments during a period of 20 years from date of issue. If serial bonds are issued and sold they will be in the amount of \$600 each. The sum of \$600 of the serial bonds will become payable on June 1, 1945, and the sum of \$600 will become payable on the same day each year thereafter until all of such bonds are paid. The bonds, whether amortization or serial bonds, will be redeemable in full on any interest payment date from and after 10 years from date of issue. Enclose a certified check for \$500, payable to the District Clerk.

Amortization bonds will be the first choice and serial bonds will be the second choice of the School Board. If amortization bonds are sold and issued, the entire issue may be put into one single bond or divided into several bonds, as the Board of Trustees may determine upon at the time of sale, both principal and interest to be payable in semi-annual installments during a period of 10 years from the date of issue. If serial bonds are issued and sold, they will be in the amount of \$1,000 each, the sum of \$10,000 of said serial bonds will become payable on March 1 1945, and the sum of \$10,000 will become payable on the same day each year thereafter until all of such bonds are paid. The bonds, whether amortization or serial, will be redeemable in full on March 1, 1949, and on any interest payment date thereafter at the option of the School District. The bonds will be sold for not less than their par value with accrued interest, and all bidders must state the lowest rate of interest at which they will purchase the bonds at par. The Board of Trustees reserves the right to reject any and all bids and to sell the said bonds at private sale. Enclose a certified check for \$1,000, payable to the District Clerk.

KEBRASKA

Consumers Power District (P. O. Columbus), Neb.

Price Reduced on Unsold Bonds Prices on the unsold balance of \$41,533,000 bonds of the above district were reduced recently 15 to 20 basis points from the initial reoffering terms. The issue ing \$30,860,000 serial obligations, due 1946-71, and \$10,673,000 term bonds, due 1972, was offered on June 1 by a syndicate headed by Blyth & Co., Inc.; Harriman Ripley & Co.; Smith, Barney & Co.,

and the First Boston Corp.

More than \$30,000,000 of the bonds were sold within the first few days of the reoffering, this including all of the term bonds. Soon afterward the remaining bonds were released to the members of the offering account with no specifications as to prices to be maintained. This step was explained by the group managers as due to the general slowness of the

Term bonds of 1972 were reoffered at par.

Craig, Neb. Refunding Proposed-It is reported that the village plans to refinance \$45,835 of 31/2% refunding bonds, dated Nov. 15, 1936 and maturing on Nov. 15 from

North Platte, Neb.

1944 to 1956 inclusive.

Bond Election-An issue of \$61,000 swimming pool construction bonds will be considered by the voters at the November general election.

NEVADA

Washoe County (P. O. Reno), Nev. Special Bond Election Proposed We quote in part as follows from a report which appeared in Reno "State Journal", of

Sept. 9: The Washoe County Planning Commission at a recessed meeting last night adopted a recommendation that the County Commissioner call a special election to issue bonds in the sum of \$750,000 and \$500,000 for construction and reconstruction of the Washoe County general hospital and county court

house and jail, respectively. The planning commission also adopted a resolution that the parts of the master plan of the county commission submitted by A. E. Holgate, county planning engineer, concerning the construction and reconstruction of the county hospital, county court house and jail be adopted by the county commissioners.

The Commission adotped a third resolution that the county com-missioners do not pass the bond issue until the State Legislature at its next session votes upon a proposed amendment to the public securities statute extending beyond the present 20 years the period for which bonds may be issued in order to conform more nearly to the life of the improvements.

In adopting a resolution calling for a special election, it was brought out by County Clerk Elwood Beemer that the former plan to include a vote on the bond issue in the November general election "would be almost impossible now."

NEW JERSEY

Belleville, N. J.

Bond Offering - Florence R. Morey, Town Clerk, will receive sealed bids until 8 P. M. (EWT) on Oct. 24 for the purchase of \$100,000 not to exceed 11/2% interest coupon or registered public improvement funding bonds. Dated Nov. 1, 1944, Denom. \$1,000. Due Nov. 1, as follows: \$10,000 in 1948 and 1949; \$15,000 in 1950; \$30,000 in 1951 and \$35,000 in 1952. The purchase price speciless than \$100,000 nor more than Washburn of New York City will be furnished the successful bidder.

Bond Issuance Viewed Favorably—At a special meeting of the Local Government Board held on Sept. 18, the proposal for the issuance of \$100,000 funding bonds by the above town was approved. This proposal involves the refunding of bond anticipation notes of a like amount and is intended to permit the town to arrange the maturities of the proposed funding bonds in a more orderly manner than would be possible under other circumstances. In other words, the town is arranging the

serial bonds will be the second due 1971. Earlier maturities, those ance with the general provisions, water refunding bonds, and \$417,- in 1957. Among other bidders if the debt service calendars were to be held at a reasonable level. The maturities set up provide for an issue of bonds to be sold at public sale and favorable bids should result. OT

Referendum on \$1,620,000 Sewer Project—A referendum will be held Oct. 17 on a proposed \$1,-620,000 sewer project, of which \$710,000 would be obtained from the sale of bonds and the remaining \$910,000 from property-owner assessments.

Fort Lee (Borough of), N. J. Bond Issuance Plan Taken Under Advisement - We quote in part as follows from the minutes of the Sept. 18th meeting, The Local Government Board—consti-

tuting the Municipal Finance Commission:

The chairman then inquired as to what action the borough and the Board of Education had taken with respect to the development of a plan for the refunding of the indebtedness of the Borough of Fort Lee and the School District of Fort Lee and Mr. Cavinato submitted a copy of a resolution adopted by the Borough Council designating the borough auditor and the borough attorney in conjunction with Hawkins, Delafield & Longfellow as those being authorized to prepare plans and resolutions for this purpose, following which Mr. Abbott offered a certified copy of a resolution adopted by the Board of Education along the same lines. Mr Cavinato then submitted a proposal dated Sept. 18 providing for the issuance of \$740,000 3% school bonds, and \$3,421,000 3% borough bonds, all to be dated Nov. 1, 1944. He explained this plan and certain features thereof in detail and after extended discussion it was directed that this

The chairman then inquired if any other persons cared to present proposals looking toward the refunding of the indebtedness of the borough and school district and Mr. Phelps and Mr. Saffin in-

The Commission thereupon re-Saffin & Co.

After reconvening, Mr. Russell was called upon to outline the calendar which must be adhered to if a refunding plan was to be consummated by Dec. 1, 1944.

Maywood Borough, N. J.

Bond Issuance Approved — The borough's proposal looking to-wards the issuance of bonds in a total amount of \$292,000 was approved by the Local Government Board at its meeting on Sept. 15.

Newark, N. J. Sinking Fund Offers Plan On Callable Bonds-The City Commission on Sept. 20 approved a plan advanced by the municipal sinking fund commission providing for exercising call feature on more than \$10,000,000 of outstanding city bonds with a resultant estimated net saving of interest charges of \$2,700,000. This is charges of \$2,700,000. based on the assumption that future municipal administrations will adhere to the suggested program.

It was explained that the savings would be made on \$10,016,-200 in callable city bonds which have maturities from 1955 to 1962. but which are callable 10 years earlier. They would be called between 1945 and 1952, saving 10 years' interest ranging from 3½% to 4%. They would be paid off from sinking fund surpluses. The Sinking Fund Commission owns \$4,104,200 of the bonds.

Newark's present City Commission will effect a net saving of more than \$670,000 in interest by its action in voting to recall next year \$3,380,000 in bonds which would mature normally in The sinking fund holds \$1,370,000 of these bonds. The interest that the sinking fund would collect is not included in the \$670,000 estimated saving.

Mayor Murphy pointed out that some bonds callable next year will not be callable until after the next City Commission takes office in May. He said, however, that the present Commission has re-ceived a legal opinion that it may call all bonds callable next year because under the law holders of callable bonds must be given six month's notice.

It was estimated the saving in next year's budget would be \$67,-000, or more than one point in the tax rate. The benefit of the whole saving will be reflected in the tax rate over the 18-year period. If the whole saving was made in one year, it would mean a reduction of about 43 points in the \$5.30 tax

The Mayor said the sinking fund under the plan will draw upon surplus for a total of \$2,302,030.

"The proposed plan," he added, provides an orderly, straightforward method of liquidating the available surplus in the sinking fund through the retirement of debt to the benefit of the city."

Under the plan, bonds that will be called total \$715,000 in 1946, \$1,165,500 in 1947, \$1,458,000 in 1948, \$1,289,700 in 1949, \$1,420,000 in 1951, and \$588,000 in 1952.

The bonds that will be called were issued for schools, water, Passaic Valley sewer and Pennsylvania Railroad track elevation improvements.

State Local Government Commissioner Walter R. Darby approved the plan in a letter to John R. Hardin, head of the Sinking Fund Commission.

"The plan," Commissioner Darby said, "is both sound and practical and disposes of the surplus of the sinking fund in an efficient and beneficial way as it will substantially decrease future payments of interest on the issues which it is proposed to retire prior to their ultimate maturity. You have my assurance that this department will cooperate with the City Commissioners and the Sinking Fund Commission in every reasonable and lawful way."

Newark's total bonded debt now is about \$95,000,000.

on the serial bonds ranged from a permits the town to have an oryield of 1.80% for bonds due 1955 derly debt service calendar; to approximately 2.15% for bonds whereas, issuing bonds in accordto approximately 2.15% for bonds due 1955 derly debt service calendar; school refunding bonds; \$148,000 from 1945 to 1956 incl. and \$6,000 were sold as 4\%s, at par.

Butler announces that for \$2,980,000 notes (issue IX), dated Oct. 19, 1944 and due April 19, 1945, comprising the following: \$300,000 first series, \$400,000 second series, \$400,000 third series, \$500,000 fourth series, \$500,000 fifth series, \$500,000 sixth series and \$380,000 seventh series.

New York (State of)

Maine Vote on Road Fund Diversion Seen as Favorable Development-New York motorists, who have seen more than \$600,-000,000 of their gasoline taxes and registration fees diverted to nonhighway purposes, are wondering if the old slogan, "As Maine goes, so goes the nation," holds true in respect to the diversion of road funds, Thomas E. Wright, Secretary of the New York Petroleum recently.

ratified a constitutional amendment to guarantee that all automotive tax funds shall be used exclusively for highway purposes, said Mr. Wright, adding that the action of Maine is affording hope to New York motorists that some time in the future they also may have an opportunity to vote to protect their road funds. In this State action of the Legislature is needed to submit a constitutional amendment to the people.

Maine is the 15th State to adopt such an amendment dedicating gasoline and other automotive taxes to highways. States with such amendments now include: California, Colorado, Idaho, Iowa, Kansas, Michigan, Minnesota, Missouri, Nevada, New Hamp-shire, North Dakota, Oregon, South Dakota and West Virginia. In five additional States, Connecticut, Kentucky, Nebraska, Penn-sylvania and Washington, action has been initiated to submit similar constitutional amendments to the electorate. At the coming general elections on Nov. 7, the people of two of these State - Nebraska and Washington-will ballot on anti-diversion amendments. If favorable action is taken in these two States, a total of 17 States will then have constitutional amendments to protect their automotive tax funds.

"Diversion is a threat to sound highway planning in this State," continued Mr. Wright. "New York collects enormous sums from the users of the highways, and then diverts hundreds of millions of those dollars for purposes having nothing whatsoever to do with highways. That practice certainly is not sound highway planning. It retards progress towards obtaining needed road facilities. If continued during the post-war period, New York will make only snail's pace in obtaining good roads. There can be no sound highway planning in this State so long as enormous amounts of road funds are diverted. To issue bonds, or to look for increased Federal highway aid grants to replace those millions of dollars of diverted funds, is unfair to the motorist taxpayers, and an unsound public policy.

"The people of New York, like the people of Maine and the other States with constitutional amendments to protect their road funds. should be given an opportunity by the Legislature to vote upon this fundamental question," said Mr. Wright. "Without delay the New York Legislature should submit to the people a constitutional amendment to dedicate all automotive tax funds for highway purposes. In our democratic form of government the people themselves should decide such basic questions of public policies. deny the people this right, to withhold from them the privilege to vote on such an amendment is wholly undemocratic.

Tonawanda, N. Y.

Bond Offering-Albert F. Hubman, City Treasurer, will receive sealed bids until 3 P. M. (EWT) the authority will receive sealed bids until 2 P.M. (EWT) on Oct. 9 \$13,000 not to exceed 5% interest coupon road ramp bonds of 1944. Dated July 1, 1944. Interest J-J. Denomination \$1,000. Bond Call-Town Clerk Joyce Haynes announces payment on November 1, 1944, of all outstanding Water, Sewer and Street Refunding bonds, dated May 1, 1936, payable May 1, 1961 and 1962.

Holders should present their bonds for payment at the Chemical Bank & Trust Co., New York. Interest coupons maturing May 1 1945, and subsequent thereto must be attached to each bond upon presentation.

Greensboro, N. C.

Suburb May Merge With City-We quote in part as follows from a news story which appeared in the Greensboro "Record" of Sept. 20:

"A request voiced by spokes-men for the Town of Hamilton Lakes for lower rates for water and fire protection service from the City of Greensboro may lead to a merging of these two municipalities as a result of action taken yesterday by the Greensboro City Council.

"A committee was appointed by Mayor W. H. Sullivan, through authorization voted by the Council, to meet with the Hamilton Lakes governing body and to study not only the question of lower service charges but the feasibility of making the town a part of the City of Greensboro.

"Such action, of course, would necessitate enabling legislation by the General Assembly which convenes Jan. 3, as to a merger of the two municipal corporations.

"The City Council's Committee is composed of C. M. Vanstory, Jr., Chairman; E. D. Yost and Kemp C. Clendenin, with City Manager H. A. Yancey serving as a member ex-officio. They will meet with Mayor Joseph R. Morton and other members of the Hamilton Lakes Town Council, together with W. H. Holderness, Town Counsel.

"Holderness informed the City Council yesterday of his belief that becoming a part of Greensboro would meet with favor among residents in general of the town, which was incorporated in 1925. The town has an assessed property valuation of \$1,900,000 and an outstanding bonded debt of \$124,000."

Wilmington Housing Authority, N. C.

Bond Sale-A syndicate composed of Phelps, Fenn & Co., F. S. Moseley & Co., R. W. Tax Collections in Year Total \$41,821,499—Tax collections of the State of North Dakota in the fiscal year ended June 30 amounted to \$41,821,499, against disbursements of \$30,698,976, Carl Anderson, State Treasurer, announced recently. As of June 30, the State fund held a balance of \$33,377,409, compared with \$22,254,885 a year

Total collections of the general fund for the fiscal year were \$9,234,603, with disbursements amounting to \$6,305,565. Securities held by the State totaled \$61,235,624, including \$4,489,519 of municipal bonds and \$19,100,-639 of U. S. Government bonds. This compared with \$50,368,915 as of June 30, 1943, including \$6,-363,567 of municipals and \$11,-352,317 of United States bonds.

Revenues from cigarette taxes in the fiscal year were \$872,300 and income taxes yielded \$2,402,-900. Both figures represent peak figures in the State's financial

history.

OHIO

Anderson Township School District (P. O. Newton), Ohio Bond Election — An issue of

\$350,000 school building bonds will be considered by the voters at the November general election.

Barberton, Ohio Bond Election - An issue of \$68,000 viaduct construction bonds will be considered by the voters at the November general election.

Barnesville, Ohio

Town Paying Off Debt-Town Clerk John C. Wells announced on Sept. 1 that the Town had paid off \$10,266.66 in village bonds, or almost 20% of the outstanding indebtedness, not counting the water works revenue bonds and the new grade school issue.

The payment included retirement of \$1,500 of new fire truck bonds plus \$90 interest; \$4,000 of the town's share of the first sewer bonds plus \$375 interest; \$1,000 of the town's share of general sewer bonds plus \$90 interest, and \$3,600 of delinquent taxes plus \$261.25 interest.

On Oct. 1, \$525 of old refunding bonds and in December \$750 of refunding bonds will be paid off, bringing to \$11,541.66 the amount of bond payments made in 1944

This will leave the town with \$45,883.32 of outstanding bonds plus \$59,000 new water works bonds and \$80,000 of new grade school bonds.

Bexley School District, Ohio At the November general election the voters will consider an issue of \$310,000 building bonds.

PENNSYLVANIA

Baldwin Township School District (P. O. Pittsburgh), Pa.
Bond Election — A five-year

\$1,000,000 program of school expansion in the above district was adopted by the Township School Board at a meeting on Sept. 19. A \$550,000 peoples' bond issue to iinance eig int projects in the gram will be placed on the ballot for approval in November.

The eight projects to be completed in the five-year post-war period, William W. Dryer, School Board President, disclosed, will include two junior high schoolsone in the north and one in the south end of the township; two new elementary schools, replac-ing the present Bennett and Willett school buildings, and additions to Union, McGibbeny and Sickman schools. A new elementary school also will be con-structed in the Country Club Heights district, which now has no school building.

Beaver Falls. Pa.

Legality Of Proposed Bonds

State Attorney General and the that revenue bonds would be is-fund to buy the bonds and a suf-Pennsylvania Department of In-sued. ternal Affairs as to the legality of a projected issue of \$500,000 bonds for post-war improvements. Should the State sources issue a favorable opinion, the bond issue will be considered by the voters at the November general election.

Radnor Township, Pa.

Bond Call — L. W. Hummel, Township Secretary, calls for payment on Nov. 1, 1944, at par and accrued interest, \$100,000 2% sewer bonds Nos. 101 to 200. Dated Nov. 1, 1939. Denom. \$1,000. Due \$20,000 on Nov. 1 from 1945 to 1949 incl. Redeemable at the First National Bank of Philadelphia.

York, Pa.

Bond Offering — Theodore F.
Freed, Director of Accounts and Finance, will receive sealed bids until 9:30 P.M. (EWT) on Oct. 20 for the purchase of \$200,000 coupon, registerable as to principal only, improvement bonds. Bidder to name one of the following rates: 0.50, 5/8, 3/4, 7/8, 1, 11/8, 11/4, 13/8 or 11/2%. Bonds will be dated Nov. 1, 1944. Denom. \$1,-000. Interest M-N.

Due Nov. 1, as follows: \$14,000 in 1946 to 1955, and \$15,000 in 1956 to 1959. Bids will be received for the entire issue at any of the above rates of interest but no bid combining two different rates of crease the city's revenue.' interest will be accepted. Registered as to principal only. bonds and interest thereon will be payable without deduction for any tax or taxes, except succession or inheritance taxes, now or hereafter levied or assessed thereon under any present or future law which taxes the City assumes and agrees to pay. The bonds will be sold to the highest responsible bidden provided to buy the local distribution sysof the Commonwealth, all of bidder, provided such bid is not less than par and accrued interest. The highest responsible bidder shall be the one who, having complied with the conditions of sale, offers to take the whole amount of the issue at the lowest interest cost to the City, which shall be determined by deducting from the total amount of interest to be paid on account of such bonds during the life thereof, the amount of premium offered, if any, over and above the face amount of the issue. These obligations will be payable from ad valorem taxes within the taxing cities of the third class. The enactment, at any time prior to the delivery of the bonds of Federal legislation which in terms by the repeal or omission of exemptions or otherwise, subjects to a Federal income tax the interest at the election of the purchaser, relieve the purchaser from his obligations under the terms of the contract of sale and entitle the purchaser to the return of the amount deposited with the bid. These bonds are issued subject to the favorable opinion of Townsend, Elliott & Munson, of Phila-delphia, and will be delivered to the purchaser only if and after the proceedings authorizing the issuance thereof have been approved by the Department of Internal Affairs. Enclose a certi-fied check for 2% of the face amount of the bonds, payable to the City Treasurer.

SOUTH CAROLINA Columbia, S. C.

Seeks To Acquire Local Utility-Mayor Fred D. Marshall disclosed recently that the City Council has authorized a New York City company to investigate the possibility of the city acquiring the local properties of the South Carolina Electric & Gas Co. The project would involve a cost of approximately \$39,500,000, according to report. Mayor Marshall is quoted as saying that if Questioned-Due to the fact that the city was successful in its efabout 700 servicemen will not be forts to acquire the utilities here, about 700 servicemen will not be forts to acquire the utilities here, now to save the interest," Mr. and \$46,000 in 1985, as 2s.

that the taxes or property of the city is seeking an opinion from the city would not be pledged but adequate funds in the sinking turing Aug. 1, 1986 to 2000, will

This is an outgrowth of the Securities Exchange Commission order that the properties be disposed of.

Mayor Marshall said that should the company agree to sell to the City of Columbia that it would be necessary to hold an election approving the action of City Council and that a test case of the action would be taken to the state Supreme Court before the final agreement would be reached.

The mayor pointed out that if the city acquired the properties that the present personnel of the company would remain changed.

One of the reasons for seeking to acquire the properties, he said, was to afford a reduction in electric rates. The mayor pointed out that this could be effected because the city would not be required to pay out funds such as

pay now. He estimated that the reduction in power rates would be 40 to 50% of the present rates. added, however, that this would have to be worked out.

income taxes and property taxes

that the company is required to

This is a wonderful opportunity for the City of Columbia,' he said. "It will not only mean a saving to the citizens but will in-

The mayor said that he did not know when a report on the company's investigation would be re-

ceived. For approximately six years ome city officials have been interested in acquiring the utilities here and when the South Carolina Public Service Authority began

tem. After Santee-Cooper failed to buy the properties, then the City of Columbia began studying the matter and several conferences have been held within the past

year on this matter.

Orangeburg, S. C. Bond Offering—L. F. Theiling, City Clerk and Treasurer, will receive sealed bids until noon (EWT) on Oct. 9 for the purchase of \$179,000 general obligation funding bonds. Dated Oct. 1, 1944. Denom. \$1,000. Due Dec. 1, as follows: \$3,000 in 1945 and 1946; limitations imposed by law upon \$4,000, 1947 and 1948; \$5,000, 1949 and 1950; \$20,000, 1951 to 1955 incl.; \$25,000 in 1956 and \$30,000 in 1957. The bonds maturing subsequent to Dec. 1, 1951, are callable on any interest date on or after that date, at par and accrued interest to redemption date. Principal and interest payable at the Chase National Bank of New York City. Delivery of the bonds will be accompanied by the favorable opinion of Huger Sinkler of Charleston, which will state that for the payment of the bonds, the city is required to levy a tax without limitation as to rate or amount. Bids shall be conditioned on this opinion. City's right to issue these bonds has been affirmed by the South Carolina Supreme Court in its decision of Sept. 7, 1944, reference to which was made in v. 160, p. 1343. A certified check for \$2,500, payable to order of the City Clerk and Treasurer, is required. Successful bidder to pay for printing of the bonds.

> York County (P. O. York), S. C. Bond Call-Walter D. Thomasson, Chairman of the Sinking Fund Commission, announced that the county will call for reto bondholders and controllers on Oct. 1 that the bonds, now amounting to \$340,000, would be redeemed.

ficient balance to meet all necessary payments which might arise.

Provisions in the bonds allow them to be called for payment at par at any interest period on or after Jan. 1, 1945. When the bonds were sold they were to mature serially each Jan. 1 from Jan. 1, 1926, to Jan. 1, 1950.

Mabank, Texas **Bonds Approved As To Legality** An issue of \$54,000 31/2% reas to legality by W. P. Dumas, of

Rotan, Texas

Bond Call—City Treasurer Guy Patterson announces that the city has exercised its option to redeem on Nov. 1, 1944, all outstanding refunding bonds, dated Nov. 1, 1935, bearing interest as follows: 2% from Nov. 1, 1935, to Nov. 1, 1940, 3% from Nov. 1, 1940, to Nov. 1, 1944, 4% from Nov. 1, 1944, to Nov. 1, 1950, 5% from Nov. 1, 1950, to maturity, aggregating \$113,500, maturing 1942 to 1965, total now outstanding \$93,-000

Said bonds shall be redeemed at par and accrued interest at the Guaranty Trust Co., of New York, and for the convenience of holders, funds will be available at the American National Bank of Austin.

San Patricio County (P. O. Sin-

Bond Sale—An issue of \$100,000 3% courthouse and jail refunding bonds series of 1944 was purchased recently by the Van H. Howard Co., of San Antonio. Dated Aug. 10, 1944. Interest M-N. Due May 10, as follows: \$4,000 in 1945 and 1946, \$5,000 in 1947 and 1948, \$6,000 in 1949 and 1950, \$1,000 in 1951, \$8,000 in 1952 and 1953, \$7,000 in 1954 to 1957, \$12,000 in 1958, and \$13,000 in 1959. Option of redemption at any time on or after ten years from date of issuance. Principal and interest payable at the Commercial State Bank, Sinton.

Texas (State of)
Warrant Call—State Treasurer
Jesse James has called for payment at face value, State of Texas General Revenue Warrants to and including No. 732,971 (1944-45 Series), which includes all warrants issued prior to and including Aug. 18, 1944. This call is for \$2,488,516.28.

General Revenue warrants, dated prior to Sept. 1, 1942, are now void because of the State statute for two years' limitation. Possessors of these warrants should make arrangements with the State Representative of their district to have them presented to the General Claims Committee for special appropriation at the next session of the State Legislature. Out-of-State holders of such warrants are requested to notify the State Treasurer's office.

Other than General Revenue warrants, all State warrants are cashable when issued and should presented immediately for payment. Prompt presentation for payment of these warrants will be greately appreciated by the State Treasurer's office.

UNITED STATES

Tighter Controls Held Necessary To Avoid City Subdivision Pitfalls -Unless local governments take immediate steps to control development of subdivision property within and without city limits, there will be "a repetition of the defaults, the delinquencies and the large waste of public moneys spent on unneeded public improvements in prior areas of expansion.

This opinion is expressed in a brief report on real estate subdivisions by the Municipal Finance Officers Association. The report discusses municipal problems discusses municipal problems stemming from uncontrolled subdividing, presents examples of excessive subdividing, and suggests several methods of curbing unwise subdivision practices.

the subdividers between 1920 and 1929, were primary causes of financial troubles of large and small municipalities and suburban areas in the 1929-1935 period, and at several earlier periods, the association said.

says because:

(1) They are called upon to finance most of the improvements; (2) at present there are available funding bonds has been approved a sufficient number of satisfactory building lots inside the city limits with all or some public improvements already available; (3) construction outside city limits will tend to further decrease population and assessed valuation property inside the city.

Of examples of overdevelopment given, the association said Flint, Mich., was a fair example. In 1938 this city of 151,000 pop. had 28,526 vacant lots, of which 12,257 were so long tax delinquent that the state was selling them. Of the vacant lots, 19,791 had sewer and water facilities. Suffering from excessive delinquency, the city defaulted on its debts and the citizens at large were forced to guarantee payment of the special assessment debt. Between 1930 and 1940 Flint's population decreased from 156,492 to 151,543 but the population in the metropolitan area outside the city increased from 23,-447 to 37,011.

Other examples given include: Homewood, Ala., a Birmingham suburb of 7,397 pop. Of the lots in the city, 2,271 have residents on them and 3,174 are vacant.

Detroit metropolitan area; special tax delinquency study of seven townships of Wayne county and three each in Macomb and Oakland counties (the cities of Detroit, Highland Park and Hamtramck were excluded) was made in 1938. In the total area surveyed, there vere 560.788 lots subdivided. of which 364,894 were sold for delinquent taxes at the 1938 tax sale. Tax delinquency in recorded subdivisions in the 13 townships amounted to \$64,171,813 at the time of the sale.

Westchester county, N. Y .: 1934 there were delinquent 60,290 parcels of property in Westchester county, of which 48,121 were va-cant. Of the total, 23.095 were in unincorporated areas, 6.566 in the 24 villages and 18.460 in the three cities of the county, including White Plains. Thus, 80% of the delinquent parcels were vacant properties representing 52% of the total delinquent taxes and special assessments.

Michigan: a report prepared by state officials showed that late in 1942 582,430 parcels of property had reverted to the state under provisions of the state land act The properties had a total assessed valuation of \$157.775.000. The number of parcels sold or liqui-dated up to this date was 406.327 which brought a total sales price of \$27,799,101 and left 176.103 parcels in the hands of the state.

To preserve the credit of municipalities, to prevent unwise the City Council Finance Com-investment of public money in mittee. The ordinance creates a unnecessary improvements, and to special revolving fund for the purchase, at not more than 10% homes, the association made the of their face value, of any defollowing suggestions:

1. Municipalities and rural areas properties with accumulated tax delinquencies, such properties to be held by the state or community to guide the direction of growth and prevent unnecessary public investment in improvements.

2. Broadest control would be exercised if all subdividers were required to record plats and install all necessary public improvements required before the plats are accepted and the lots offered for sale.

3. All plats should be approved by legally constituted planning and its revolving fund. These authorities which, with the necessary power to protect the public ago, before the State local im-Excessive subdividing of land, interest, should exist not only in provement district guarantee law and the improvements built by incorporated communities but in was passed in 1927.

municipalities for the benefit of unincorporated areas as well, perhaps on a county basis.

4. The authority of municipalities to control subdivision and fund would be: building within a reasonable distance outside the city limits should be subject to state zoning or subdivision laws.

5. Construction of undesirable homes in suburban and rural areas might be prevented by a state building code requiring minimum standards of housing construction and minimum facilities in those areas where municipal building codes are not effec-

6. When any area requests special improvements, the city should examine the tax records to determine whether the property to be assessed has a history of tax payments which indicates it is willing and able to pay new special assessments. Some cities, by statute, ordinance or council resodecided not to construct lution. special assessment improvements in any area where 20% of the parcels had delinquent general taxes. Other cities studied the area to see whether special assesments, previously levied, had been paid. In some places, too, the special assessments already levied but due in future years were so heavy that additional assessments did not seem wise. Several municipalities require a detailed report of the tax situation, current and delinquent, general and special, for each proposed assessment district.. All these investigations give the municipality some idea as to whether it can expect payment for new improvements. Certainly, the association said, where the risk is too great the private developer, and not the municipality, should take the gambler's risk.

Seattle, Wash. Redemption of Defaulted Dis trict Bonds Contemplated quote in part as follows from the article which appeared in the Seattle "Star" of Sept. 14:

"The city fathers have finally become bond-redemption conscious in a big way. At 10 cents on the dollar, that is . . .

"An ordinance to redeem almost immediately \$296,000 in defaulted local improvement district bonds and another \$700,000 worth during 1945 has been approved by for \$10,000, payable to the City. linguent local improvement and condemnation district bonds and as well should foreclose now all unpaid old revolving fund warrants issued for the purchase of certain of such bonds

"When it is passed, it will repeal Ordinance No. 31884 creating the old revolving fund, which never had any lawful status, any-

"Bonds and warrants that may eventully all 'go begging' under the pending new ordinance amount to \$7,339,107, of which more than \$4,000,000 are held by the public and about \$3,000,000 by the city's different departments were issued two decades and more

ration Counsel, said that sources of revenue for the new revolving

"A balance of \$30,000 due the general fund from a loan to the old revolving fund, which upon payment shall be cancelled as a loan (this will be used for the immediate \$296,000 redemption): such sums as may be appropriated from time to time into the new fund; monies accruing to the old revolving fund which, however, are to be used for the purchase of old revolving fund warrants only; and proceeds from the sale of property.

Tacoma, Wash.

Bond Offering — L. W. Craig, ity Controller, will receive sealed bids until 2 P.M. (Pacific War Time) on Oct. 3 for the purchase of \$400,000 not to exceed 4% interest coupon or registered water revenue bonds of 1944. Dated July 1, 1944. Interest J-J. Denom. \$1,000.

These bonds will be an obligation only against the special fund known as City of Tacoma Water Fund of 1944, created by Ordin-ance No. 12537, for the purpose of paying the principal and interest of this issue. Payable at the office of the City Treasurer or at the fiscal agency of the State in New York. The bonds shall become due and payable in accordance with whichever of the following two plans of payment shall be decided upon by the Sinking Fund Board at the time of considering the bids, and approved by the City Council by resolution: Pay-ment Plan No. 1: Due \$5,000 Jan. and July 1, 1946 to 1948, \$10,000 Jan. and July 1, 1949 to 1954, and \$13,000 Jan. and \$12,000 July 1, 1955 to 1964. Plan No. 2: Said bonds to become due and pay-able as specified in Plan No. 1, provided, however, that the City may, at its option, call all or any of the outstanding bonds for re-demption on July 1, 1954, or any interest paying date thereafter, upon 60 days' advance notice. Bids will be received for said bonds to be issued under each of the above designated payment plans; bidders may submit bids under either or both of said plans; bids under each plan must be separate.

Rate or rates of interest to be in multiples of ¼ or one-tenth of 1%. Bids for the entire issue of bonds bearing one rate of interest may be submitted; bids for the bonds bearing different rates of interest may also be submitted. The purchaser must pay accrued interest to the date of delivery of the bonds. No bid will be considered for less than par and accrued interest. Bids must be for the entire issue. The bonds will be sold to the highest and best bidder. The approving opinion of Wood, Hoffman, King & Dawson, of New York, will be furnished. The bonds will be furnished and paid for by the City. furnished and paid for by the City and will be delivered to the pur-chaser on or before Oct. 25, 1944, and delivery will be made in Tacoma. > West Virginia (State of) Motor Vehicle Taxes Found Ample to Service Road Bonds-Revenues in West Virginia from motor vehicle and gasoline taxes totaled \$12.6 million in 1943, well ahead of the \$8 million required for debt service on State road bonds. Income from these sources has fallen since the war, though totals for the first six months of 1944 show an increase over collections for the same period in 1943. Motor vehicle taxes collected to July 1, 1944, amounted to \$4,974,259 against \$4,436,116 in 1943 and \$4,812,955 in 1942. Revenues from gasoline taxes increased even more, rising from \$4,073,760 for the first six months of 1943 to \$4,555,502 on July 1, 1944. The six month total in 1942, however, stood at more than \$5.8 million. Revenues from these taxes reached a record in 1941, when \$6.2 million in motor vehicle taxes and \$11.5 million in gasoline taxes, a \$17.8 million total was collected during the calendar year. Road bonds outstanding on July 1, 1944, amounted to \$65.7 million of the state's \$67.9 million bonded indebtedness.

WISCONSIN

Stoughton, Wis.

May Issue Bonds-The city is expected to make an offering of \$35,000 airport site purchase and maintenance bonds.

CANADIAN SECTION **ALBERTA**

Alberta (Province of)

Interest Payment Announced-The Province of Alberta will pay interest to holders of debentures which matured April 1, 1936, and Oct. 1, 1941, at the rate of 3% in respect of the half-year ending Oct. 1, 1944. Interest at the rate of 21/2% will be paid to holders of debentures which matured April 1, 1943, in respect of the half-year ending Oct. 1, 1944. Payment will be made at any branch of the Imperial Bank of Canada in the Dominion of Canada and in the case of the debentures matured April 1, 1943, also at the Bank of the Manhattan Trust Co. in New York City.

MANITOBA

Brandon, Man.

Bonds Sold-Harrison & Co., of Toronto, have purchased \$265,000 refunding bonds, as follows: \$195,000 3½s, due \$13,000 on Dec. 31 from 1950 to 1964, incl.

70,000 3s, due \$14,000 on Dec. 31 from 1945 to 1949, incl. Interest payable J-D.

Brandon School District (P. O. Brandon), Man.

New Issue Completes Debt Re-funding—This district is refunding its outstanding debenture debt through the proceeds of the sale by Harrison and Co. of \$265,000 of new bonds. These consist of \$70,000 3% debentures due Dec. 31, 1945-49 (\$14,000 each year), and \$195,000 3½% debentures due Dec. 31, 1950-64 (\$13,000 each year.)

Harrison & Co. reports that all the 3% bonds have been sold at election in November it is said 100 and that the 1950-59 maturities are being offered at a price to yield 3.60% and that the 1960-64 maturities are being offered at a price to yield 3.75%

This issue completes the refund-ing of Brandon's old debenture debt as the City's debt was refunded earlier this year through the sale of \$500,000 of new bonds of which \$200,000 were 3% debentures due Dec. 31, 1945-49 (\$40,000 each year) which were sold at 100 and \$300,000 were 3½% debentures due Dec. 31, 1050,500 (\$20,000 dec. 31, 1950-59 (\$30,000 per which were sold to yield 3.60%.
Upon completion of this present

financing the total funded debt of the City and School District of
